Dear Sir

Ms Helen Mullen, 9 Tanfield Court, Aberdeen, AB24 4AP, 31/01/1964

Thank you for your request dated 29/10/2025 requesting information from or a copy of Ms Helen Mullen (31/01/1964) medical notes.

We have arranged for a copy of the notes to be made available to our patient/your client directly, rather than sending this information straight to you. It is then their decision to send you this information.

As you are aware, a SAR is not the provision of medical records for legal purposes. Once collected, the patient/client him/herself will hold the requested information and so is in control of it. We suggest you contact your client directly regarding this.

Should, in due course, the court required the information that we hold about the patient then the court can request this through the usual channels.

The requested information will be available for collection by the patient/your client from 10 working days of this letter.

Many thanks,

Calsayseat Medical Group
Administrator
