

DR. BARNARDO'S—THORNTOUN SCHOOL—REPORT

Name WILLIAM REID
 Average age of class 14.4
 Number in class 8

Age 16.

Date MARCH 1979
 Height 152 cms.
 Weight 41 kgs.

SUBJECT		
ENGLISH Reading Writing Spoken	B	Usually Willie worked quickly and with interest. A good and lively reader whom we miss now he has changed class. FH.
MATHEMATICS Arithmetic Practical problems Other	C	Willie has a quick brain when he uses it. FH.
SCIENCE Physics Chemistry Biology	C+	Willie enjoys practical work etc.
AF AND CRAFTS		
SOCIAL STUDIES Geography History	B	Willie was fun to teach in both subjects because he was always listening and could show good general knowledge - even though he did think he knew better than me! FH.
DOMESTIC SUBJECTS Baking Sewing	C	Willie can work well when he chooses to but is easily distracted. SW.
WOODWORK AND WORKSHOP		
LANGUAGE		
MUSIC		
GARDENING ESTATE WORK	C	Works well when he finally gets down to it, but is very reluctant to get started.
GAMES AND PHYSICAL ACTIVITIES		
OTHER INTERESTS		

HEALTH
 Has been well, but tends to be chesty M.B.

HOUSE REPORT
 William has many anxieties about leaving and about job prospects, which he covers up in conversation. J.P.B.

HEADMASTER'S REPORT
 Moved to Shield class just before the end of term. When present and co-operating William can do reasonably good work. A better term on the whole, though concern for home has continued to dominate his life.

J.P.B.
