

DR. BARNARDO'S—THORNTOUN SCHOOL—REPORT

Name WILLIAM REID

Age 15.7

Date OCTOBER 1978

Average age of class 13.10

Height 150 cms.

Number in class 10

Weight 49 kgs.

SUBJECT		
ENGLISH Reading Writing Spoken	C	Willie reads well and when he allows himself to, works well. He has not made any progress however since his work is irregular
MATHEMATICS Arithmetic Practical problems Other	D	After a very good start with maths, Willie has lost interest and done very little. It is a pity in two ways because Willie is fun and popular and is missed if he is not in class. FH
SCIENCE Physics Chemistry Biology	C C	Willie does satisfactory work often after a preliminary slow <sup>resistance</sup> of Good work but not always done. Willie knows however that for his own sake, his standards are going to have to rise and show the world the decent lad he really is. He wants this too. FH
ART AND CRAFTS	D	Has shown little interest. J.M.
SOCIAL STUDIES Geography History	B C	Willie takes a pride in his work, when he gets round to doing it. FH. Some satisfactory work, some huge gaps. FH
DOMESTIC SUBJECTS Baking Sewing	B	Willie works steadily and well towards the target of completing the job in hand. Attendance erratic towards end of term.
WOODWORK AND WORKSHOP		
LANGUAGE		
MUSIC		
GARDENING		
GAMES AND PHYSICAL ACTIVITIES	B	Willie is a useful footballer. Attends most of the P.E. lessons.
OTHER INTERESTS		

HEALTH  
Tends to easily catch colds which lead to a chesty cough - not helped by his smoking. Small and thin but seems admix to keep well. mb

HOUSE REPORT  
There has been a great deal of manipulation about weekends at home, and his buying of tickets, etc, has caused unnecessary expense and trouble. When here, he uses his place well. B

HEADMASTER'S REPORT  
Willie has spent much of the term preoccupied by thoughts of Lane. When making his mind to school work can do well
