MATHEMATICS Arithmetic Practical problems Other	C+	William usually works quite well and his progress has been satisfactory. BJ.
SCIENCE Physics Chemistry Biology	C C	Can understand science if he tries but very often he does not concentrate or take care with his work. Capable of much better work. Inconsistent in effort. JSS.
ART AND CRAFTS	C	Sometimes a little bit slow to settle down however his work is satisfactory and with extra concentration could do well. BE.
SOCIAL STUDIES Geography History	C+ C+	Fair progress but could be better. CS. Again William's oral work shows interest which could be satisfied with more reading. PMD.
DOMESTIC SUBJECTS Baking Sewing		
WOODWORK AND WORKSHOP		
LANGUAGE		
MUSIC	C+	Can work steadily when he's in the mood. Tends to get a bit carried away with drumsticks! Could achieve much more.
GARDENING	Estate Work.	Sometimes needs persuasion to work but usually works hard.
GAMES AND PHYSICAL ACTIVITIES		Is a good enthusiastic swimmer. A keen footballer.
OTHER INTERESTS		

HEALTH
 Good health. MC.

HOUSE REPORT
 William is popular with other boys because of his cheerfulness. He can sometimes be very cheeky to staff but is well liked by them. We are aware that he is smoking quite heavily for a boy of his age and this gives cause for concern. JHB.

HEADMASTER'S REPORT
 William's school grades should be above average. He needs to put more effort into his performance in class.
