SUBJECT		
ENGLISH Reading Writing Spoken	A B B	A fluent reader. William has a quick understanding and is able to express himself clearly. He is still rather negative and unwilling to reveal his best.
MATHEMATICS Arithmetic Practical problems Other	B C	William's work could be good. He has no difficulty in understanding. Again he is held up by his own obstinacy.
SCIENCE Physics Chemistry Biology	B-	William has good understanding and he is making steady progress although he did badly in the termly test.
ART AND CRAFTS	B-	If William complained less and put all that energy he has into work we would see great improvements. However he has done some good work.
SOCIAL STUDIES Geography History	C C+	William has a lot of ability though at present he is not working to full capacity. However there is a gradual improvement showing.
