See incident report re. Trevor's deteriorating behaviour.

2.12.94

Due to Trevor's behaviour I spoke with R. Pagan (Assistant Director) who attended the Centre. He signed a secure order on Trevor and he was admitted to secure at 4.30pm.

Trevor was very violent and punched a hole right through the small bedroom window. Shredded a curtain and was punching big window.

Eventually the police were called and Trevor was made subject of ~~an~~ an unruly order ~~detention~~ after being taken to Dumbries police station where he remained overnight.

3/12/94

R. Pagan advised that if Trevor had been OK at police station we should bring him back to our secure unit.

Spoke with Inspector McCormack who was most helpful.

We agreed that Trevor ~~was~~ be returned to Highbury by a duty SW and a police escort (duty SW was arranged through Anne Diet)

1/ I wish to return to main unit, to restart my art classes and work experience - to make a fresh start.

2/ I am very sorry for all the disruption I have caused within the unit.

3/ I smashed the windows to release my temper because if I hadn't done this, I would have hurt someone, which I don't ever want to happen.

4/ I feel that it would be a help to me if I can have some space to myself, perhaps a few hours in secure when I feel my temper rising. This would give me a chance to calm down away from main unit.

However Trevor's behaviour was ok last night & well impressive this morning. So keeping to this vein & after a discussion with Senior Staff it was felt that some form of compromise be reached.

The results are as follows:-

- ① HE WASHES the mini BUS in order to go out tomorrow.

Then and only then does he start the week with a clean slate. Trevor agreed to this & has at present initiated the first part of the program.

As stated earlier in the file 10/2/95 Trevor had been presented with off trips with the opportunity to work towards earning the trip to Manchester. I feel that Trevor has not entered into the spirit of the deal that we had made. In addition his behaviour has started to get again ~~deteriorate~~ deteriorate to the point where he is again severely testing boundaries a challenging oney thing he doesn't like, that's said to him.

This resulted in my talking to Trevor at length & I explained that in light of what happened today he has been taken off the Manchester trip. He was also informed for his benefit that this silly & childish behaviour has got to end. Trevor never really engaged in conversation when given the opportunity, he just gave me the odd grin accompanied with a giggle.

I followed Trevor, to find him practicing his right hand overhead swing at the minibus. He was told to cease & desist. This he did but headed off towards the car park at the front of the building I took a hold of Trevor by the shoulder & tried calming him. Still obviously angry Trevor took hold of me and pushed me to a wall while still having a hold. I turned & placed Trevor on the ground. He was not restrained more than being held. While I talked to Trevor he started flailing a sports watch around which he ended up smashing off the ground. Trevor did calm fairly quickly & went to his room ^{etc}
