Hi Sam,

I have had a call from Robert. Robert's application would not be able to proceed to Redress Scotland without a supporting document as they would not determine this application as an IAP without one.

Robert advised he has recently disclosed the abuse to his GP, his medical record of the disclosure could be used as a supporting document.

Please discuss this with Robert. A caseworker will be assigned when the supporting document has been received and the application is ready to progress.

Kind regards,

Scotland's Redress Scheme

Subject: HIGH PRIORITY - Robert Letham Final Submission Application

Dear Redress Scotland Team

Please find attached the pro forma and components of the Redress Scotland application on behalf of a survivor of historical abuse in care.

Applicant Details:

NAME: **Robert Letham**

DOB: **10/10/1949**

Our client is a high priority application due to his age.

We can confirm our client does not have a terminal illness and has no relevant previous criminal convictions. You will note that the certified documents are signed by Matthew Reynard.

I will be sending a signed declaration 10 – Part 1 and a signed declaration 4 – Part 3 at a later date.

As explained by Mr Letham in documents 3 and 3.1 this application will not be supported by a supporting statement as the only person the survivor discussed his experiences in care with was his wife who has since passed away.

Please confirm whether the documents provided can now be presented to the panel for consideration. Should you require any clarification, or additional documentation at this stage, please don't hesitate to let us know.

Kind regards,

Sam Morris
