3/5/96	2-10	Returned call to Nachar. Andrew had been missing overnight, has just returned and is objecting to going to Creff.
	3-45	Collected Andrew from Nachar still complaining about having to go to court, as nothing to do there and not allowed out. Told him that was not necessarily the case. Made to walk off - 10
=		was taken by the arm and put in the car. Quite quiet on the way out here. As we got nearer asked about visiting Garry or Kate and I said I would check. Kate's gran did not want Andrew to visit and I told him to speak some time in his room before tea. Did
AW (Cran)		not initially want tea then made bacon sandwiches. Asked if he could go to the youth club and I agreed. Left 6-15 to return at 10pm. Failed to return reported to police + D.S.W at 11-40pm
4/5/96		Police arrived the back of 7am to fill out a Miller form as no details at Creff. While they were here Nachar phoned to say Andrew had arrived there around 4-30am. At around 6-30 Nachar caught him trying to steal his car and Andrew made off with his car keys.
Andrew (Sey)		
7/5/96		NETWORK MTG. - Andrew still missing, suspect he is in Glasgow. Placement at Nachar likely to end at panel on 29th May unless radical change in behaviour and commitment. Stick with programme to this point if Andrew returns. John Gilvuth (S.M) has been informed of his absconding and the timescale involved.
		Has missed first exam today others may still be viable but unlikely. Work Experience place available 20-31/5/96 at Strathmore Golf Club, Altyth.

16/5/96
17/5/96

Phoned Nacha - asking about going home. To bed 10-30 pm and settled.
Wakened 7-30 am up just before 8 and had a bath and cereal before going to Colonsay for a 9 am meeting. Andrew played pool with [] for early part of meeting. John Gilwell, Rorie & Nacha told Andrew what had been decided at its conclusion; -
① Placement with Nacha was ending - notice in
② Programme with residential being set up to try and prevent secure placement. Secure bed being sought however.
③ Trying to keep work experience on the programme
Went out for a run and lunch with [] then returned to Colonsay to see what arrangements were in place.

① Met Andrew at PRI where he had gone due to an asthma attack. Received X-Ray etc and was given a course of antibiotics as it may have been induced by a chest infection. Wanted to go to Nacha for a jacket - phoned and no one in. Went shopping then returned to Algha around 4-30 pm. Tried to light the fire while I was cooking - only succeeded in burning the firelighters and tried to retain the matches which were taken from him. Watched TV most of the evening. Asked to go for a run in the car - said no. Wanted to watch (18) film on TV and was told no and why - not too chuffed. Had a bath and off to bed 11-30 pm. Only took 1x Amoxycillin.

② Wakened around 11 am, had breakfast. Watched a video until lunchtime. Did the dishes he failed to do after tea last night. Had 1x Amoxycillin needs another at teatime then bedtime.

CH Gray

Quite quiet this morning. Asked to phone Nacha - explained he was still out as Carol had just phoned to see about his jacket.

wander in town before returning to Colonsay. Had tea
and played pool until the group started at 7pm. Was
recounting his tale of derring-do to other members of
the group before it started. Told me that Nacha was
collecting him from the group and that I didn't need to
take him home. I explained that if Nacha arrived
that was fine but otherwise I would take him home

Played pool with in the afternoon. Went to Nacha's
to collect some clothes etc then returned to Colonsay. Had
a long chat with Steve McKay and myself during which
he was trying to minimise his recent offences - was not
allowed to do so and got a bit agitated. Had tea in
Colonsay then attended the car group. En route to the
garage the group leader was explaining that they may
get driving next week. Andrew chipped in with how he
was probably a better driver than the instructor! One of
the group put him down and told him it was not smart
stealing and driving cars. Out to Corlundy after the group

23.5.96 L SK	Had his network meeting and then took him to M. Donalds for tea. Went to Craggie Hotel for a while to kill time with his car club in Colonsay pending. Dropped him off at 7 and collected him at 9. Went to Naochos for box of clothes. John dropped us off at 10.10. Quick super and off to bed at 10.30.
24.5.96 E — —	Up at 10. Made the cool fire after cleaning it. Worked on puzzle book. Leckered it was too hard but attempted it. Re-arranged Careers apt. Now Thursday 30th May 11.15.
3.00 3.10. 3.15.	Isla Phoned. Will see Andrew Monday 27th 10.30 - 1.00. Blaine G. phoned for Alan Andrew took 1x Amoxicillin.
	Advised Andrew to finish Course. Andrew completed set task, word game. Started on model ship. Discussed with Andrew that good idea to do a bit of work on it each day rather than attempt it all at once and lose interest.
	Had a walk about farm, Andrew quite interested to see the 1-2 day old calves in the barn. Andrew played with computer game from 5.00 onwards. Chatted away whilst playing, good company. Did washing up after tea.
7pm EB 25.5.96. E GVB.	Andrew spent evening playing computer, watching TV. Went to bed after film. Andrew wakened at 9am - helped tidy up the house before leaving to go to Dunkeld.
25/5/96 D. Gair.	Met at caravan park and were shown to B+B. Went for a run to Pitlochry + Brar Falls where we had a walk. Got a chippy tea then returned to the B+B around 7pm. Watched a few videos. Not settled until nearly 1am. Given a talking to about his pills, and took 1x Amoxicillin at bed time.

19.5.96 L. SR.	MET ANDREW FOR FIRST TIME. WE WATCHED A VIDEO AND CHATTED TENTATIVELY WHILE WE GOT TO KNOW EACH OTHER. WE DECIDED TO FIND OUT WHERE THE STRATHMORE GOLF CLUB WAS AND THERE WAS UNCERTAINTY AS TO THE VENUE. FINALLY FOUND IT OVER 5 MILES AWAY. WATCHED A FILM ON TV AND ANDREW WANTED THE TV VIDEO IN HIS ROOM. I TOLD HIM I FELT IT WAS INAPPROPRIATE GIVEN HIS REPUTATION (10.30) AND ALSO NOT SURE IF THIS IS A SUITABLE ARRANGEMENT. WENT TO
20.5.96 E SR.	BED AT 10.25. LEFT MY LIGHT ON WHICH I FORGOT TO TURN OFF LATER. I PHONED GOLF CLUB AT 8 AM - ANSWER MACHINE. PHONED S/W 2016 AT 9. IT SEEMED THEY HAD BEEN ON PHONE SAYING THEY WERE NOT PREPARED TO TAKE ANDREW IN VIEW OF HIS OFFENCES. NCH ISLA HAD PHONED - CONTINUE TO JOE ANDREW
20.5.96 L	SAT WATCHING TV ALL AFTERNOON. ISLA VISITED HIM IN EVENING & HE WAS QUITE NEGATIVE TOWARDS THE WORK PROGRAMME SHE WAS SUGGESTING. MENTIONED NO WORK WITH HER & SHE WILL NOW RETURN TOMORROW AM. PLAYED WITH SGA & WATCHED TV IN EVENING & SETTLED IN ROOM READING AT 10.30.
21.5.96 E 21.5.96 L	ANDREW UP AT 9 AM & WAS VISITED BY ISLA AT 9.30. WORKING WITH ISLA NO PROBLEMS. WENT OUT WITH OMAR & HELPED HIM BY GETTING FARMER TO GET CAR OUT OF MUD. GOOD MOOD THROUGHOUT SHIFT. DID SOME WORK WITH OMAR. PLAYED COMPUTER & SAT AROUND WATCHING TV TILL TEA TIME. PLAYING AROUND BRIEFLY WITH PERSONAL VHS & MATCHES & WAS ASKED TO STOP. DID THIS WITHOUT ANY FUSS. SAT AROUND WATCHING FILM & TV, WENT TO BED 10.30. ASKING ABOUT A JACKET AT NACHA'S.
22.5.96 E	Had a visit from Isla - NCH on my arrival. Did some work set up with her.
WED 22.5.96 L	Made his own meal - spaghetti bolognese and we chatted for a while. Not over keen on football so watched video film. Phoned Nache re his jacket. Settled no problem at night
THU 23.5.96 E	Made a model aeroplane (part of next task) and I set him a task with the word processor which he completed okay. Watched TV over lunch while we waited for Rosie to collect for Network meeting

27.5.96.	Andrew didn't settle all night - up and down to toilet and for drinks. At 4.35 am was in kitchen again (said he was getting an orange) had moved my jeans from couch - (found a bread bin) - Andrew not wishing to go back to bed
- - - -	Insisted that he return to his room and allow me to get up and dressed - eventually did so after about 20 mins of discussion as it not being appropriate or considerate to be in sitting room whilst I was in bed. Admitted later that he
-	had been hoping to find car keys and go. Spent most of morning talking about ways he could overpower me and get keys. Isla arrived at 11 am - I left Andrew with her
27/5/96	(L) Andrew very much on edge when I got here and looking quite down. Appeared at the door with a bag and said he was going to run off. I explained that I would not allow him to do so, explaining the legal position and my responsibility to try and prevent this happening. After some threats and fantasising about how he could get the better of us he put the bag back. I spent ages reminding Andy that he was so close to a secure placement where he would have no say in how his life ran and was that really what he wanted. Andrew said it was as he would steal another car at the first opportunity he got. Went through all the arguments and Andrew kept saying they didn't matter and that he had to "learn a lesson". This went on for most of the afternoon with short breaks when he went to his room to nap. Talked to Andrew Perrywak (S.S.W) re the situation - he talked to Andrew too. To try and contain the situation until the panel on Wednesday. Andrew had a half hour nap then I woke him for tea and he ate little. Wanted to go back to sleep but I wouldn't let him telling him he could sleep at night.

26/5/96	(E)	Wakened the back of Sam as breakfast was at 8.30am. Left around 9.30 to come to the garden hut (sorry chalet!) Andrew is not too impressed with it. Went for a walk up Birnam hill which Andrew managed and seemed to enjoy albeit with several stops. Had rolls for lunch - has had his daily allowance of fizzy drinks (2cans). Back to the chalet the back of 1pm. Wanted to go for a run but I told him to wait for late shift. Wanted to wander round the site I explained that I thought this was not a good idea due to the number of cars about and possibly unlocked. Not too happy about this but I explained we had to do our bit by trying to prevent temptations and he had to do his bit by not taking any opportunities that arose to reoffend.
		David (Gai)
		Took 1 Amoxycillin @ 8.30am. Dose 1 @ 3.30pm then bedtime.
26.5.96	L.	Andrew feeling quite depressed this afternoon very reluctant to his piece of work - talking about running away and it not being worth trying to make things OK as he was going to secure anyway - didn't give him much sympathy
		Told him he had choices and that he could help himself - eventually joked him out of his mood and he did his work - went into Post and collected my video card and went for a video - had a chippy tea as it was getting late On return watched video and then played computer. Andrew stated to go to bed at 10.30pm - still wandering about at 11 o'clock - worried about someone getting in chalet. Finally asleep at - Didn't sleep, see our page.

28/5/96	(E)	Wakened at 9am, up around 9-20 and had cereal. I suggested that he needed a shower and that he would feel better for it so he went and had one. Feeling the place cold this morning. Reluctantly agreed to start work just after 10am, set him the work he should have done yesterday. WHERE IS THE CONTRACT / PROGRAMME ???
-	-	Did precious little work. Was meant to be making a collage about how he saw his family only managed to cut out a handful of pictures in 2 hours. Asked for a video at 12pm and was told no as he had done so little and also that I didn't think it appropriate at lunchtime. Told him to read or do a puzzle which he did for about 1/2 an hour. Allowed him a spell on the Sega after this. Doesn't see why he should work everyday - reiterated that he had to convince the Panel that he was serious about working out where he was at and mechanisms not to offend again.
28.5.96 L	David Gray	Fairly settled on my arrival working on some paper exercise. Worked until 4.30 and then watched TV until 5. Went to Dunkell for some provisions. Had his tea on arrival back. Starting chattering freely about Elaine Beck situation. Said he almost hit her across the head with a frying pan and if David Gray hadn't come when he did, he would have. I informed the serious implication of this action. Tried to size me up by saying, if he wanted the car keys of no, he could get them. I played down this act of bravado by again intruding him what he would achieve with this act of sheer folly. Getting agitated so we went out for a walk around the site. Played computer for a while. Into his room at 10.30. Came through 3 times. - at 1.07, 3.15 + 5.10 saying he was going to the toilet.
29.5.96 E.		Up just before 10, had breakfast. He found his contract which had mysteriously been missing. Did some work until dinner-time (with reluctance) chatted for a while again going over old ground from last night. Phoned Louise re situation with Andy re panel today.

27/5/76 cont.	Took Andrew for a walk to the Hermitage and round it then back to Birnam for a cold drink then back to the site - walked for about 2 hours. Changed his tone slightly about secure whilst out as I asked if he would rather be locked in a room than enjoying the natural world. Also talked about how he wanted to be home in the good weather and with his mates. When asked where he thought home was he was quite confused saying Nacha's first, then Cooper Angus, then his mums! The local police passed and stopped and Andrew assumed it was for him as we would have told the police he was here so that the locals could be warned to lock their cars! I pointed out that this was a bit O.T.T. Also said the - riot car offences were at Davie's bidding who was involved along with
	and him in taking Nacha's car. I reminded him that no matter whose idea it was he chose to be involved and has to take responsibility for his own actions and any subsequent consequences. Andrew also felt that Nacha wasn't really an injured party as it was a garage courtesy car they state not his own!
	On return to the hut watched some TV until bedtime. Told him that he owed us an extra 1 1/2 hours work which he did not do this afternoon. He had earlier refused to stick by his contract and said he had ripped it up. I explained that he couldn't just opt out but may be able to ~~neg~~ renegotiate with the original parties. Also pointed out that as it was a two-way thing if he did not uphold his end we could not be held to ours!
Chewie Gail	To bed just after 10-30 pm, banged around for quite some time. Said his room was freezing so allowed him to take the heater on the understanding that it was not on all night. Not settled until after midnight

22/9/96 E. J Winton	Got up at 11am when called. Had breakfast. Mum phoned at 11.30. Andrew spoke briefly with her. I asked how she was he said she seems a lot better.
	Shed found 1 pill last night & had taken it & had a good sleep. Went to car boot sale with staff seemed to enjoy self. - Had fruit for lunch on return at 1.15.
Remark.	Andrew hasn't eaten 1 solid meal in 3 weeks. Feel strongly this led's Diet needs to be addressed. Went out at 1.45pm been asked to come home for tea.
22-9-96 SR L	Came in at 3pm with female companion asking staff for a loan of money. When this request was refused he became angry and abusive and went upstairs to ask BRIAN. Left the unit soon after. Returned at 10.50
	Reminded him that he should have been in at 10.30. Wrote a postcard. Refused given the time. Had a roll, apologised for his abusive behaviour and upstairs at 11. Has TV. from Bobbie's room.
23-9-96 E.	Downstairs by 9.15am. Give a lift to town by staff at 10am. Knows the unit is closed until around 3pm so should return sometime around tea-time

23.9.96

(L)

Returned about 4.30pm & made his tea. Continuously asking for a loan of money which was refused. Andrew asked to be taken to visit his mom. His mother phoned & I checked out her permission on this & he was subsequently driven over with bus fare to get back. Returned about 10.20pm & was pleasant company up to bed-time. Andrew is requesting to again visit his mother tomorrow to, as he says, "stay out of trouble in Perth". This is to be discussed in the morning.

Waiting for me on arrival back from Alameda meeting. Not happy at having to wait. Reminded that there would not be anyone available until after 3. Cooled down after this. Given £2.99 for weekly bus pass in order that he has transport to actively seek employment. (Disputed with Anne Davis) Came in at 10.25 after leaving the unit at 5.20. Okay at first but started to get on the Bobby bandwagon by being abusive and showing off. He was instrumental in causing mayhem by going into Bobby's room & taking all the covers off. He then came downstairs again at 11.20 and sat on the settee. Finally left 10 minutes later after 'gentle' persuading. Had to put his TV off at 1.20 - fast asleep. Is he allowed the TV as late as this!

Wakened him at 8.05 to get a taxi to his mum and return for the next work meeting. Had meeting and left with the NCH for education. Due back at tea-time. Andrew has bus-tickets for week.

	Left at 12.40. Told to return by 5 PM or will be reported as Absconder.
26/10/96 (L)	Returned mid afternoon, but staff were out. Back at 5.35 pm for his tea. Phoned Nacha/Kale, then went to his room. Came down again when he discovered the T.U. had been removed due to his absconding last night. Not very happy about this, but settled down again before going out at 6.30 pm approx. Returned for his deoderant shortly afterwards, then left again. Back at 10.55 pm. Quite surly, annoying BC'm, and swearing a lot.
	Also arguing with staff re bedtime. Went to bed at 11.30 pm when asked. Up again

EARLY 25.11.96	Andrew not up till about 11am (according to him). No problems for Elaine who was covering unit.
25/11/96 <u>Late</u>	File at start of shift. Out for a while in afternoon. Next out for tea with Evelyn (to allow family visit for other resident.) Returned 6.30pm. Played Computer. Chatted away to other residents visitors.
	Phone call from Katrina but decided to stay in with other resident. File till bedtime. Encouraging other resident not to go to bed, ~~making him the living room~~ suggested at Carole to turn T.V. on. Carol turned on stereo, loud.
	Carole removed speaker. Smoking in living room - put out to kitchen door by Carole's. Started threatening violence - loud enough for other resident to hear. Prevented him from going back into living room - Andrew got rough so Carole moved away from door. Andy to angry to reason with him.
	Next upstairs for a while - given T.V. channel when he came back down & given space to cool down. Other resident came back down. Appear Andy pushing all limits. Carole & Evelyn got their backs
	ready & left both boys in wait. Much banging & kicking sounds followed, then stopped (8.30pm). Both boys upstairs again, few minutes only in to kitchen started to smoke refusing to go to bed.
	Finally they moved up stairs again. - Andrew down again asking to speak to Carole in office. Carole let him in. Then he became
	very unreasonable - refusing to leave the office for at least half an hour although staff trying to reason with him. He was cursing & threatening to smash Carole's
	nose etc. etc. We got him out of office when Gordon came downstairs & smacking again. Eventually they moved to hall & we kept them out of sitting room.

Mon. 25/11/96.

Dear
Carol

Andy here I am very sorry ~~about~~ about
tonight so please forgive me because I was just being
a total arse on what you call me a tube but that
doesn't matter what does matter is the behaviour
of me last night and this morning part of it
is to do ~~with~~ with my court case this morning
but that's no excuse about what in the kitchen
am very sorry for pushing you around so
please forgive me and I will speak to you
in the morning so chill out because I have
~~so if you read this letter it would mean~~
~~what to me so here~~
and tell eduan that im very sorry
too —

Carol please read
this letter
it would mean
a lot to me

Night

See you in the
morning your
Pat Andy

27/11/96 (L)	File in afternoon. Ate tea - Coa steaks & chips. Went for several games of Pool at filling station with Garrie. Great behaviour. Got bus to visit Katrina @ 8pm. Returned 10pm. Was holding his side & seemed out of breath. Also seemed
	in bad mood. Eventually said he'd fallen out with Katrina - she's always threatening that her brother will beat him up. This led us to talk about how Andy feels about his body image & his ~~paranoid~~ often aggressive language & talk of sorting folk out.
	Upstairs @ 11pm - Garrie sat with him for 1/2 an hour in his room. Talking about Andy needing people to like/love/want him, & him then pushing people away. (Andy talking - Garrie listening). Andrew did come back downstairs 12-12.30 - talking about sugar at
Garrie Downie	Corach - trivial issues really - but Andy feeling it difficult to be older/wiser role model when he's got so many needs himself. Up & down to bed several times till 3am.
28/11/96 (E)	Up at 9am - agreed to clear path to payoff £1 Id lent him yesterday. Did this well. Taken to Careers appt. by Maggie - Andy insisted we go in alone so Maggie wanted. Appeared to go well - Andy spoke honestly about his
Garrie Downie *	offences & being looked after by local Authority. Was expected to go with staff to find temp. job - said he'd do this himself. Given £2 fund money. Due back before tea. Evelyn says Asda looking for temp. staff - Job Centre.
28.11.96 (L)	Came in at 3pm and sat and ate 2 boxes of micro chips. (obviously not spending lunch money on food). Fine over tea but had to be told to wash dishes out with Gordon 6pm to his aunts. Being collected 9.30pm.
	Returned at 9.40 in fine mood watched N. B. Bed at 11pm.

DOB 19/9/80 URB

13/12/96	(L)	Went to collect Andy and his belongings around 5pm. Andy making quite a fuss about not wanting to move and trying to wind up the new Woodside residents by telling them how bad it was there.
		Also making demands about being given money to buy his tea whilst out refusing the offer of a meal out with staff. Left Woodside as quickly as was practicable in order to minimise the overall disruption.
		Andy being very negative in the car about moving to James St how crappy it would be etc. Was told that it would be as good or bad as he chose to make it, explained that I thought he was getting a very good
		deal and that it could work really well for him. Was unhappy that there would still be rules and I explained that there would still be some rules and expectations as they are required to make anything work.
		Also pointed out that as we were all moving together we had an ideal opportunity to start well and sort things out that would work for us all. Had calmed a little by the time we got to James St. Had
		another moan about the room he was getting and that he would be asking for a change. I explained why he was getting that room and pointed out it was the best anyway. Did not want to
		unpack as he had made plans to meet Cameron. I said that was okay but it would have to be done tomorrow so that he wasn't living out of bags and would feel more at home.
		Gave him new bedding as a welcome to your new house and helped him make the bed up during which time he became more positive. We discussed painting the room between him

	and staff which he thought a good idea. Kept stressing how we wanted this to work really well for him and how we had to have a good long talk about everything; his concerns, expectations and hopes and ours so that we could get things right from the start.
	GIVEN his pocket money - less now here - and bus fares to Fallow and back. I agreed to walk up to the bus stop and buy him something for tea at the chippy which we did. Bumped into Liz at the pictures and Andy apologised for his earlier bad mood about moving. Told to return for 11pm and was actually 10 mins early. Asked if we were going to go through how things would run here and I explained that it was too important to do at night whilst we were both tired and that we would not tackle big issues at bedtime here. The time leading up to bedtime was to be an unwinding time so that everyone could have a good night's sleep, which Andy accepted.
	Had a big supper and chatted until around 11-43pm when he went to bed to watch TV. Told him what we expected with regard to the TV i.e. that he be responsible and turn it off before going to sleep and not disturb others with it. Also told him that one rule we would definitely be sticking to was no smoking in the building. Was told that if he smoked in his room we would require him to hand in his smoking materials, but stressed that we wanted him to take control of such matters rather than us make rules and have to enforce them - Andy agreed to this.
	Spent ages with him finding the optimum position for TV and aerial before he settled to watch the film around 12-30am. Asked to be wakened at 9am to have our talk about the James St regime as he had to go out around 11am for a few hours tomorrow.

	Said he was going to Nacbas & up town and wouldn't be back till 10.30pm. Told him I wasn't happy at that and at some point in evening I had to go out and I
	didn't want him returning & no one in. Said again he wouldn't be back till 10.30pm. When I returned to He then left. When I returned at 8.40pm Woodside
	phoned to say Andrew there & they would drop him off - As he found no one in at James St. He'd gone there, Reprimanded Andrew about this as he
	was told earlier staff would be out. Informed Andrew he's not to go to Woodside unless emergency this is now his home -
J. Winton	Ate other plate of Spag Bolognese on return, watched T.V. had bath then played computer for 1/2 hr. Pleasant shift.
	Got Andy to do his own dishes, which he did without a grumble. Also cleaned bath after using but had to be prodded to do so - Went to bed 11.30pm -
19/12/96 Early	Up at 12.30 AM for toilet up again 1.30 AM for Sandwich & Juice. Wakened at 9.30am eventually up at 10am - Had 1 slice toast for breakfast & glass fresh orange - Came with staff to drop other staff off for car then on to Colonsay - Spoke with Tom re going to Nacbas for xmas dinner - Think rather

		else where to work, A Time Table for (A) seems to be needed - (A) out 11:20am to ret 1-1:30pm. Andrew ret 1:10pm fine mood, had lunch then chatted again re Responsibilities / plan to make 3-OT week, watched TV then spent sort time in room.
20/12/96	(L)	Andrew asking to be taken to the snooker claiming his right to a group night tonight. I reminded him of our discussion last week where we agreed he could have a few activities and not be bored by a group night set up. I also pointed out that I was concerned that he was not taking part in other activities with staff. Maintained he only wanted to do snooker and nothing else. We talked about how other interests and activities were important to strike a balance. Andy agreed to do what staff wanted if he got to play snooker. I explained that we didn't want him to do "what staff want" but to experience and take part in a range of things which he may come to enjoy and which would be useful to him in the future. Also had a talk about us working together and not getting into the blackmailing or "only if" way of reaching agreements. Had a brief chat about how his week had gone. Andy a bit non-committal. I explained that I was pleased with most of what I had heard about his week and the fairly relaxed mood that prevailed but had some concerns about him opting out

	of some important areas such as shopping for appropriate food and spending some time with staff to get to know us better. And said he felt "mollycoddled" but could not elaborate on how when I asked him. I
	explained that staff cared about doing their best for him which could only succeed if we spent some time together and that the best way to get to know people was by doing things together. I reminded him
	that I wanted to know when we were getting things wrong - in his eyes - so that we might sort things out before they became a problem. And changed the subject to me going to buy his
	Christmas present, I explained that Anne-Marie, as his keyworker had this in hand. And wanted me to phone her to change the arrangement. I agreed to go window shopping with him to make her task easier
	but he would not agree to this. His way or no way. And changed tack again to getting his whole pocket money. I reminded him that his Network had tasked Anne Marie to check this with NCH but she had not
	got an answer yet. He insisted on phoning them himself as he shouldn't have to be paying this money back. I refused to let him phone as someone else had been given the task and reminded
	him the money was in reparation for damage he did and as such was in no way unfair. And felt that as NCH could afford to effect the repairs that should be the end of it and he should
	have no obligations in that respect. When I again denied his "right" to phone them and sort it out he elected to go and see them in person and left saying he would return for tea. His parting shot
	was to remember and think about the snooker!
	Had earlier tried to contact Jan Walker re being given money to buy Christmas presents for his family and Nacha - with no success.

	Returned just after 5pm, looking for a carry out tea. I suggested that this was inappropriate and that we would either make something from what was in or we would shop for a few things he would like to eat
	Andy agreed the latter was best and we went shopping. Allowed him to choose most of the food. Had quite a huff when I refused to get frozen ("real") chips as we had potatoes already chopped - that apart
	it was quite a successful trip. On return we had tea. Andy negotiated me doing the dishes as he had arranged to meet someone (Kale). I agreed he then asked to stay out late. I reminded him of his agreed
	times and that he had chosen them. Went through a myriad of reasons why he should not stick to his times and how a little extra didn't matter. I told Andy that had he been doing something special I would
	probably have agreed and that under different circumstances this might also have been the case but given his attempts to pick and choose what parts of our agreement he would stick to and the
	fact it was only a week old I felt he should stick to his 11pm coming in time. He told me he would get it changed on Monday or tear it up. I told him that no one would be changing the contract so
	soon. Went out saying he would not return on time and was told that was up to him but that I expected him to honour his agreement and would be disappointed if he did not.
	Returned a couple of minutes after 11pm

	Andy insisted on phoning the police and got the same answer. Had his tea then did the dishes before going out to Nachos at 6pm. Returned 11pm and had supper. Tried to convince me Sunday night counted as a weekend
	night so he should be allowed up later, cited everyone he had ever lived with as examples. I explained that what others did was of no concern and that as Monday is normally a working day Sunday night would not be considered a weekend night here.
	Asking for money for a new Megader, I pointed out that I would have to check what the last Network had decided. Andy said he was fed up with rules and regulations and would not be waiting all day for money for a bus pass. Asked
	Andy why he had to turn everything into a confrontation and a complaint. I also told him that everyone had to live with some rules and regulations but that I did not feel we were overly imposing on him but that we would not

	Was asking for bus fares to go and see Tain re his bus pass, I told him I would drop him off as I had to go to Colong. Andy refused and demanded bus fares. I explained
	that this would be a waste of money as I was going there. He change back and demanded money to visit Nacha. We had another discussion over the way he demanded things and was confrontational

We had a talk about his routine: - Andy asked if I was taking the TV away and was told that I would much prefer him to take responsibility for altering his pattern rather than us dictate to him by removing the TV which would be likely to lead to confrontations. Suggested he set the alarm he has in his room and that he settle earlier at night even if not sleeping to develop a better routine. Andy complaining of backache - likely due to lying in bed so long and no exercise to improve the muscle tone - so was given a Beecham's powder. Also suggested that a hot bath would ease any muscular pain but Andy elected not to bathe. Left unit at 1.15pm and said he would return around 3-30pm.

		Late shift tomorrow and that being late didn't matter. I told him that while we didn't want to get into the sanctions for actions pattern. His actions were pushing us along the road of tightening the reins. And then said he just might not return, I told him that
		this was a decision he had to make but advised him that he would also have to bear the consequences of such actions. I also reminded him that if he did not want to work with us he should make that clear to his pending review and panel but think carefully about it first. Had a sandwich for supper and off to bed 11:30pm.
15/1/97	(D) Craig (E)	Up around 9:15am - partly due to clerk of works etc being here - did not wash let alone shower as I had put towel in wash. Went shopping with me as no bread for his breakfast. Could not come up with any meal suggestions whilst shopping so a limited shop. Put shopping away on return and
		had breakfast. Letter received from Agricultural college re possible placements I suggested that we draft a letter to send to, initially those in our area. And not willing to do this. Further suggested that we look at his report for the review - "that's ages away I'll do it later" Went out around 11am said he'd be back at 4pm. I suggested he should come back earlier to tie in with late shift said he would return at 4pm as yesterday.
		Had a talk re his manipulation over watching (18) videos or films and told him that we would be sticking to the departmental policy on this. I told Andy that had he been honest with us and discussed it openly, we <u>could</u> have made a case for relaxing this in some instances but his attempts at manipulation had resulted in it being raised at a team meeting and the decision was to stick to policy.
15/1/97	(D) Craig (L)	Andy met 2-4:5pm Very depressed. Andy had met Joey who was pressuring him for money - this resulted in Andy asking his lawyer - Andy spoke briefly

Event: Incident Report re Vanda and Andrew Murray

Andrew was expected to stay at his mother's overnight on the Saturday. He was given bus fare to go out and was asked to get mum to phone us at Woodside to let us know he got there okay and that all was alright with them, however we did not receive a phone call and decided to take a run out and check all was okay.

On arriving at Vanda's, Anne Marie went upstairs to check on things and to arrange Andrew's overnight for during the week as it had to be changed. On going into the living room there was Vanda, Andrew, Kale and Katriona (Andrew's girlfriend) and the two younger sisters. It appeared obvious on entering that something had happened and all appeared to be drinking as there were glasses about still with alcohol in them, and the younger girls were putting cans through in kitchen. I asked mum if all was okay and she then said to Andrew to tell me what was going on. Andrew refused and was starting to tell mum to shut up, keep quiet etc. Mum told me then that Andrew had been saying he was going to steal a car and go to Glasgow. She then started to get very upset and Andrew was starting to shout at her during which point I was trying to get them calmed down but to no avail. Vanda got more and more upset and was crying and trying to tell me all that had been happening and that all the others had been drinking. Andrew continued to shout at mum to keep quiet and mum then snapped back at him to get out of her house and she never wanted to see him again. Andrew walked out of the house at this point, followed by Katriona who was in tears and shouting after him, who was then followed out by Kale after he spoke to mum saying he would stop Andrew from stealing a car etc. At this point John Fraser (staff) also came up to see what was going on as he could hear the row from outside where he had been waiting. Event: Andrew Broke into NCH's Astra Estate car and was subsequently charged with attempted taking and driving away.

Andy had been fairly high in the unit all day, but manageable.

He was allowed to use the phone in private to call his girlfriend. He phoned his Aunt Karen and Uncle Chris without staff knowledge or permission. During the call he discovered his mum and sisters were staying there, and spoke to mum. He was upset when he came off the phone, saying he had tried to apologise for previous night but mum not interested. He started saying he felt like taking a knife to himself and ending it all, and that he felt like stealing a car to go to Glasgow. Staff spoke with him at length about his feelings and the best way forward with mum, and he seemed to cheer up.

He received a phone call from Katriona, his girlfriend in Tulloch, and left the unit at 8.30 pm to meet her.

Andy phoned the unit at 11.00 pm to say he was just leaving Tulloch and would be back as soon as possible. He was reported absconder at 12.50 am.

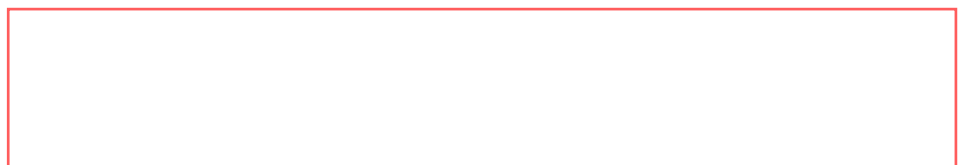

Andy turned up at Almondbank Cottage A at 2.30 am where [] was on duty. He told her he had broken into and tried to hot-wire NCH's Astra Estate car. [] phoned Woodside and Carole Downie went to meet Andy at Almondbank. Andrew agreed to go to Police Station and make a statement.

He was charged with attempted Taking and Driving Away (in Carole's presence) and returned to Woodside at 5.00 pm.

ANDREW MURRAY 26/11/96.

Andrew was in reasonable mood earlier in the evening. However once other resident had gone to bed Andrew then started to discuss what had happened earlier in the day with Ian walker and Andrew Pennicuik with regards George speaking to mum over allegations Andrew had made earlier. Started to become quite agitated as evening went on said he was not informed mum was to be told, and that he should have been as he was told it would be discussed with him first. As bedtime approached Andrew then started to say he was not going to bed, started larking about with staff in a fun way to begin with but then started to become rather aggressive. When staff said enough and asked him to go to bed he refused and started to kick doors, punched out at t.v. which ended up being removed from room, put music on and of, upstairs making more noise and banging then eventually had to be removed from office. Andrew then ended up going outside and banging on office window, came back in and started knocking on office door again (staff had went into office in the hope that Andrew would calm down and become reasonable enough to speak to as he was being verbally abusive to staff and it was felt he needed a cooling down period.).While staff in office logging events Andrew decided to take off. Was reported to O.O.H. and police at 12-05 a.m. Andrew then phoned at 12-35 to say he was at Tulloch and was informed to make his way back, which he did returning at 1am. Andrew was up and down the stairs a couple of times before eventually going upstairs to settle for evening.

Clients Name: Andrew Murray

Date: 27.10.96 Event: T/Call from Nacha

6.25pm - Phone call from Nacha O'Mairthini asking to speak with Andrew. Andrew was out - Nacha left a message asking Andy to call back as he wanted to clarify something with him.

10.20pm - Andrew returned to the unit appearing to be under the influence - staggering, giggling, etc. Strong smell of aftershave/deodorant. Silly behaviour followed, with Andy threatening to "egg" younger resident and generally challenging house rules. I asked Andy to join me in the office, where I spoke to him about his behaviour tonight. He calmed down and soon seemed sober. I told him Nacha wished him to phone tonight - Andrew became anxious, asking me why - was it anything to do with Friday? Was Nacha in trouble for him being there? I suggested he should phone Nacha from the office and then he could have a chat about it.

10.30pm - Andy phoned Nacha, who wasn't in, and spoke to Kale, but Kale said he didn't know what Nacha wanted. Kale gave Andrew another number, but Nacha wasn't there either.

Andrew told me that Nacha would like him to return to live with him on a supported lodgings basis once he's been to Court. I explained it was very unlikely the Department would

fund that if they weren't prepared to fund Andy there on a mainstay basis. Andy said that Nacha wants him and if the SW Department wouldn't fund it he could get a job and pay Nacha rent.

I explained to Andy there were certain procedures which must be followed and that if Nacha is proposing any such arrangement he must go via his support worker. Andy stated that Nacha was the only person who cared about him, and that we were trying to interfere. I explained that in fact a number of staff members cared and were concerned about him, and for that reason we don't want him to build his hopes up and be let down.

Notes

A children's hearing is formed by 3 members of the children's panel for Perth & Kinross. They have been selected from many walks of life especially for their interest and concern in understanding and helping children who may have problems. The panel members will discuss with you and your parents any difficulties which may have arisen and will try to reach a decision which will be in your best interests.

During the discussion the members will want to hear your views. You may, if you wish, bring with you to the hearing someone to help you in discussing any difficulties and what might be done. The personal expenses of this representative (but not any fees) may be refunded.

You must attend the hearing unless you have been told by me that the hearing have decided that your attendance is not necessary. If you do not attend, steps may be taken, including possibly your detention, to make sure you do appear before a hearing. If there is a very good reason, such as illness, why you will be unable to attend the hearing, you should contact the Reporter immediately at the address above.

Further information on the hearing is set out in the leaflet entitled "To Tell You about the Children's Hearing", a copy of which accompanies this notification.

EXPLANATORY NOTE TO ALL REPORT PROVIDERS

- > The Children's Hearings (Scotland) Amendment Rules 1996 fundamentally change the law in relation to access by parents and guardians to reports.
- > Where you have in the past provided a report to the Reporter which he has provided to the panel members, the chairman of the hearing had to inform the child and his/her parents of the SUBSTANCE of these reports insofar as material to the disposal of the case and not detrimental to the child's interests. FROM 1 OCTOBER 1996 THE REPORTER IS REQUIRED TO GIVE TO PARENTS AND GUARDIANS A COPY OF ANY REPORTS AND PAPERS GIVEN TO PANEL MEMBERS
- > Where you have previously provided information please ensure that the report which the Reporter is now asking you to submit includes an historical summary of your agency's involvement with the child and his/her family and the progress of the child's case to date. If you consider that the disclosure of any previous report to the parents or guardians will not harm the interests of the child or place any individual at risk of serious harm, you may re-submit the old report(s) and attach it to your supplementary report covering developments since the date of submission of your previous report(s). There will be a transitional period between 1 October 1996 and 31 March 1997 when such a practice will be acceptable. IF YOU WISH TO MAKE USE OF THESE TRANSITIONAL ARRANGEMENTS YOU MUST INDICATE THIS IN WRITING TO THE REPORTER WITH A CLEAR STATEMENT THAT YOU DO NOT CONSIDER THAT SUCH A PRACTICE WILL HARM THE CHILD'S INTERESTS OR PLACE ANY INDIVIDUAL AT RISK OF SERIOUS HARM. NEW ARRANGEMENTS FOR DISCLOSURE OF INFORMATION TO CHILDREN WILL PROBABLY COME INTO FORCE ON 1 APRIL 1997 AT WHICH TIME THESE TRANSITIONAL ARRANGEMENTS WILL BE WITHDRAWN.
- > If you believe that the disclosure of a child's, parent's or guardian's address would place that person at risk of serious physical, mental or emotional harm, please contact the Reporter immediately to discuss whether the address should be omitted from your report.
- > The Reporter will have indicated to you on the request whether the information is likely to be treated as information relating to evidential matters capable of supporting grounds for referral or information relating to the child's welfare. Only information which falls into the latter category will be handed over to panel members and parents but is acknowledged that some reports may necessarily contain both categories of information in which case it is likely that there will be parental access to the whole report.

WORKERS MEETING - ANDREW MURRAY 21.10.96

Present: Liz, George, Anne Marie, Janet, Rosie, Andrew, Isla,
Mike, Helen, Jim.

Issues

Focus of work to be done with Andrew, Access visits, Woodside
N.C.H. Under 12s.

Concerns expressed at the activities of both Andrew and [redacted]
[redacted] whilst in the home of Andrew's mother. Possibilities of
sexual relationships [redacted] seen
as an area of concern for all in attendance. Again child
protection arises [redacted]
Both Andrew and [redacted] currently deny any involvement in sexual
activity while at Vanda's home. Discussed possible referral to
community involvement.

Access Visits

Difficulties have arisen in the previous 2 weekends involving
Andrew. He is currently using Vanda's as a meeting place with
his friends for alcohol consumption, involvement with O.O.H, the
Police and Woodside staff and possible underage sex.

Is felt that Andrew is receiving mixed messages from his mother
regarding what is and is not acceptable, although mum currently
stating that no visits at home from Andrew will be accepted.

Agreed that Access needs to revert back and involve staff (poss.
resource team) and take place at planned times/venues in order
to work through current difficulties with Andrew and Vanda.
Possibly use this access to look at work on I.L. If successful
in these access visits there are possibilities of future planned
overnights.

Made clear that Andrew must not visit home and that Police will
be involved if he does.

Woodside

Staff evidencing a change in behaviour with Andrew, currently evidencing more aggressive and threatening behaviour both in unit and at home (Alleged assault on Kirsty), and several violent outbursts directed toward staff in unit. This was viewed as a more recent change in behaviour by residential staff.

Agreed that Andrew is jeopardising his current placement at Woodside if this behaviour continues.

Woodside staff have been instructed that any of Andrew's visits to Mum should be reported to Police. Under no circumstances is Andrew allowed to stay overnight unless worker future agreement allows.

N.C.H.

Isla informed group that there is likely to be no service offered to Andrew after the following four week period. Andrew will no longer meet the criteria for N.C.Hs involvement. Isla also informed that Andrew's continued damage and vandalism of their vehicles has had an impact on the service they have been able to offer other young people.

Andrew spoke specifically to Andrew, in presence of Vanda, about his responsibility towards remaining at Woodside.

Tasks: (including approximate duration involvement)

To facilitate access between Andrew + Mum primarily.
This would also include two younger sisters on some ~~occasions~~
occasions. Help Andrew + Mum have positive contact during
access and address areas of conflict.

Brief Summary: Andrew's access with his mum has broken down recently. Although there have always been problems with them arguing over certain issues there have recent been occasions when Andrew has become aggressive and is outwith his mothers control.

CARE CONTRACT - ANDREW MURRAY

Following a discussion between Andy + David on 14th December the following were agreed:-

(1) Times -

Andy to return to James Street by 11pm. Will have the option at that time of having half an hour to chat to staff about how his day has gone and unwind for bed. Andy will go to his room by 11.30.

Later times can be negotiated with staff for special events etc, in particular the unwinding time at weekend may be extended.

Andy will be wakened at 9.00 am on weekdays and at 10.00 am at weekends. This will change to suit the circumstances when Andy either finds employment or goes to College.

2. Unit Routine -

Staff and Andy will co-operate with the routine housework and tasks, rather than be allocated a chore. We feel that this will assist in the development of Life Skills and Andy's ability to recognise tasks requiring to be done.

3. Room -

Have agreed that Andy can have the pine bedroom furniture for his room and that Andy can pick a colour scheme for his room - with assistance. Staff and Andy will then re-decorate the room in accordance with his scheme.

Andy will keep the room reasonably clean and tidy throughout the week and will have a weekly clean and change bedding on a Sunday morning.

4. TV + Video -

Andy to have a portable TV in his own room and will self-regulate how much TV he watches there. Andy agrees to keep the volume at a level that will not disturb others and will not leave the TV on all night - due to the fire risk. Andy can also listen to music with the same conditions.

The video will remain in the sitting room and Andy will negotiate it's use and what will be viewed in the sitting room.

5. Eating + Shopping -

Andy and staff will shop together in order to provide an appropriate, balanced diet which Andy will enjoy eating. Staff and Andy will obtain information on healthy eating and incorporate it's guidance into the above.

6. Fridge in Room -

Andy to retain the fridge in his room. When shopping can choose a couple of items a week for snacks and a bottle of diluting juice for drinking at night as he requires. Andy agrees to keep the fridge clean.

7. Health + Hygiene -

Andy has agreed to shower daily in order to maintain good personal hygiene and to improve his self-image and esteem.

Andy will continue to self-administer his medications for asthma and eczema.

8. Smoking -

In accordance with policy James Street is a no-smoking unit. Andy agrees not to smoke in the unit and to take responsibility for this.

9. Activities + Staff Time -

Staff agree to offer Andy periods of quality time on each shift. The form this will take will be negotiated with Andy and will include paid activities such as snooker, swimming and unpaid activities such as shopping, walking and preparing food. These activities will reflect Andy's needs and interests in order to further promote his self-worth.

10. Family Access -

We recognise the importance of maintaining a positive link between Andy and his family. Staff will encourage and facilitate access at James Street - being Andy's home. David to write to Vanda to offer this facility and outline the role of residential staff in promoting a positive atmosphere for this access.

Notes

A children's hearing is formed by 3 members of the children's panel for Perth & Kinross. They have been selected from many walks of life especially for their interest and concern in understanding and helping children who may have problems. The panel members will discuss with you and your parents any difficulties which may have arisen and will try to reach a decision which will be in your best interests.

During the discussion the members will want to hear your views. You may, if you wish, bring with you to the hearing someone to help you in discussing any difficulties and what might be done. The personal expenses of this representative (but not any fees) may be refunded.

You must attend the hearing unless you have been told by me that the hearing have decided that your attendance is not necessary. If you do not attend, steps may be taken, including possibly your detention, to make sure you do appear before a hearing. If there is a very good reason, such as illness, why you will be unable to attend the hearing, you should contact the Reporter immediately at the address above.

Further information on the hearing is set out in the leaflet entitled "To Tell You about the Children's Hearing", a copy of which accompanies this notification.

Tasks: (including approximate duration involvement)

To help Andrew find accommodation and provide support.
Andrew is in care under S. 44(1)(2) at James Street until 6/2/97.

Brief Summary: Andrew moved up from Glasgow last week and is staying temporarily with his mother and 2 sisters in Stanley. He needs to move out as Mrs. Murray is not allowed to have him stay.

Community Resource Team

This team is split into providing two main areas of work:

1) Independent Living Team

To help, support and train young people 16+ who were in care on their 16th birthday to move eventually to their own accommodation as appropriate to their needs.

2) Resource Team

To provide intensive support to Fieldwork Teams to prevent young people being received into care. This is achieved through Intensive Community Assessment, Alternative to Care and diversory programmes and group work initiatives. Resource Workers develop links with organisations in the community both statutory and voluntary in order to ascertain the services available for young people to identify gaps in service provision and encourage and support the provision of additional community resources. This team is essential in the Department's aim to maintain young people experiencing problems at home within their own community when at all possible.

Referral Criteria:

Resource Team

The team provides a district wide resource. Priority will be given to those children or young persons who are at immediate risk of being received into care.

It is expected that individual team seniors will have been consulted prior to referral.

IL Team

Refer when identified that young people will most likely move into Independent Living.

NB This could be done most effectively at the Review nearest the YP's 15th birthday.

I am writing to inform you that Andrew Murray (DOB 19.09.80) has been missing from James Street for a period exceeding 24 hours. Andrew was last seen at James Street at 1450 hours on Saturday 1 February 1997. We have reason to believe that Andrew is in Glasgow and in contact with his Uncle Chris as Andrew was collected by the police from that address on 1 February 1997 and returned to James Street by Social Work staff before absconding again. His mother also confirms that Andrew is there and the police have been duly notified.

Andrew's supervision requirement included a condition that he have no access with Uncle Chris.

Summary of Discussion + Goals/Tasks for the Future (Goals to be listed separately)

Reports were submitted by Marion Dingwall, Aileen Courtney and David Craig, all of which were distributed at the meeting.

TASKS FROM LAST REVIEW:

It was not possible to convene a Level 3 meeting prior to the end of term. This will be discussed during this Review.

PRESENT SITUATION:

Placement:

Andrew and his mother are both happy with his placement with [REDACTED]. [REDACTED] confirmed that Andrew's absence from the home has relieved the stress there.

[REDACTED] advised that Andrew is easy to live with and does everything he is told. He is fairly tidy and does his chores well although he is sometimes reluctant to bring his washing down.

Length of Placement:

A Mainstay Review is due to be held next week but the initial length of placement was agreed to be one year. The length of the placement could be extended beyond a year if the necessity for Andrew to be in care remains.

Access:

Access takes places Monday and Friday of each week with minor upsets during the holiday period. During the school holidays, access was from 2 - 5pm and was supervised either by Ms Courtney or Ms Watt. One access per week is for Andrew and his mother only, his two sisters join in the other access.

It was agreed that in future access could be unsupervised so long as there was no contact between Andrew and his mother's partner, Joey, but the details as to when and where access takes places will be discussed outwith this Review between Ms Courtney, Mrs Murray, Andrew and

Social Work Involvement:

Due to her involvement in access, Ms Courtney has seen a great deal of Andrew since he came into care but she feels he is settled now and in future she will see him once a fortnight at the 's house at a minimum.

Ms Courtney is also involved with Andrew's mother and his two sisters.

Ms Watt, although not now required to help supervise access, will continue to transport Andrew for access.

As Andrew is now settled in his placement, David Craig has ceased his involvement.

NCH Rural Youth Project:

Mrs Rioch advised that as agreed at the last Core Group meeting, Mrs Dingwall and Mrs Courtney will carry out joint work concerning Andrew's future needs with Mrs Dingwall concentrating on helping Andrew. She has already identified that Andrew needs help in getting on with people his own age. Mrs Rioch and Andrew went on a Survival Course for a week. Andrew did really well but Mrs Rioch noted that he does get incredibly anxious and needs help with people of his own age. Mr le Blanc advised that Andrew has now made friends in Glenalmond.

Mrs Rioch reminded Andrew that NCH were involved on a voluntary basis and he could terminate the arrangement if he was unhappy about it.

Health:

Dr Shepherd spoke to Andrew about the necessity of using his inhaler twice a day and since then Andrew has done so. He is due to return for a check up. Andrew's eczema is clearing up. Arrangements will also be made for Andrew to have a dental check up.

School:

Andrew returned to Blairgowrie High School this morning. The plan at the moment is that he should continue there but it is recognised that this entails quite a lot of travelling for him. Mrs Courtney was advised to look into the possibility of Andrew attending Crieff High School but it was agreed that if there are positive reasons for Andrew remaining at Blairgowrie these should be acknowledged.

Mrs Courtney is to arrange for a Level 3 Conference to be convened within the next month and is to maintain contact with Mr Allison, Andrew's Guidance Teacher, at Blairgowrie High School.

TASKS & DECISIONS:

- 1 Andrew is to remain in his present placement.
- 2 Regular Network meetings are to continue.
- 3 Access will continue on a twice weekly level but the details of when and where are to be discussed outwith this Review between Ms Courtney, [redacted], Mrs Murray and Andrew. It is not thought that supervision is required provided there is no contact between Andrew and Joey.
- 4 Ms Courtney is to maintain involvement with Andrew at least once a fortnight.
- 5 NCH Rural Youth project will maintain their present level of involvement with Andrew.
- 6 Ms Courtney is to maintain contact with Andrew's Guidance Teacher, Mr Allison, and is to make preliminary enquiries regarding Crieff High School.
- 7 It is suggested that a Level 3 Conference be convened within the next month.
- 8 The next Review will take place on Wednesday 15 November 1995 at 4pm at Colonsay Resource Centre Perth.

Children's Hearing in connection with:

Andrew has been in care at Woodside Residential Unit since 25 June 1996 when he was placed there by the Children's Hearing under Section 44(1)(b) of the Social Work (Scotland) Act 1968.

Since then he has been looking for jobs, a college placement and meeting with careers. In the unit the staff have tried to help him move towards doing more things for himself and move forward for independence. This has not always been possible or effective as there have been younger children in Woodside and the unit is not really geared up for working with a young person over 16.

It has been decided to move Andrew under Section 44(6) of the Social Work (Scotland) Act 1968 into the unit at James Street from 13 December 1996. It will mean he will be there on his own with staff. He will be able to start doing more and more things for himself which will prepare him for adult life and independence. I therefore request a Hearing be called to consider this change in circumstances.

Signed ..

UPDATE

Since Andrew's last Review on 19 September 1996 there have been some changes in which he has been involved. One major change for Andrew has been a transfer from Woodside to James Street. The main reason for Andrew's move was that he appeared to be finding it difficult to cope with Woodside. This was shown through a deterioration in Andrew's behaviour and moods; Andrew sometimes becomes quite challenging and aggressive towards both residents and staff. He exhibits mood swings which appeared quite quickly and without warning. Andrew spent a lot of time outwith the unit and was very easily drawn into, and indeed initiated on occasion, disruptions with other residents. During discussions with Andrew it was clear that he felt he was not having all of his needs met and a move to James Street was felt to be appropriate to help him develop and progress more successfully.

CURRENT SITUATION

Andrew moved to James Street on 13 December 1996. At first he was quite negative about the move and could not see the reason for it, however with staff input and discussion he is at present a lot more settled and appears quite happy. Staff have noticed he is a lot more relaxed and is now more willing to discuss issues which may develop, whereas before he would just walk away from them in a mood.

Andrew is no longer doing "Independent Living" as it was felt the setting at Woodside was not appropriate to continue this and he was struggling with it. It is felt that Andrew will be able to continue Life Skills training in the near future through this current placement and be given the support and advice required. At the present time Andrew helps with meal preparation and shares the responsibility of keeping James Street tidy. He is also responsible for his own washing and ironing and participates in the shopping.

Andrew participated fully and well in the negotiation of his care contract. It was felt that by allowing him to have a real input into ^{showing} how we could best support him, and on ^{settling} what were acceptable boundaries, we could avoid the confrontations over comparatively minor issues and give Andrew as much responsibility as possible. This has been successful to some degree and we have experienced no management problems with Andrew to date. There are however some bits of the James Street package which Andrew has still not managed to buy into yet; for example getting himself up in the morning and spending certain specific periods of time with staff. These areas have been pointed out to him and we are hopeful that he will co-operate more fully to help make James Street a success for himself.

SOCIAL WORKER

Andrew, as well as having a change of unit, has also had a change of social worker. His social worker is now Iain Walker and Andrew appears happy with this and sees him regularly in a planned manner. Regular Network Meetings are held to give all parties a chance to communicate and sort out any difficulties fairly quickly before they become major issues.

HEALTH AND HYGIENE

Andrew still self-manages his eczema and his asthma and both seem to be under control. Andrew tends to have an overactive imagination with regard to health problems he thinks he could have, and often questions staff in this regard. We share Andrew's own concern regarding his weight and have started ^{recording} this weekly. Andrew's eating habits have improved greatly since his move to James Street, although there is still room to improve his diet further. Andrew requires constant reminders about personal hygiene but can be quite fastidious about his appearance. There is also some concern over Andrew's sleeping pattern as he is often unable to sleep at nights resulting in an inability to rise the following morning. Staff are encouraging Andrew to adopt a better routine with limited success to date.

FAMILY CONTACT

Andrew's visits to his mother's have ceased due to a number of difficulties surrounding their access visits. Contact with his mother has been on and off and their relationship has been volatile at times. Andrew has agreed to visit the parental home at present, but has done so occasionally. Mrs Murray and Andrew have met in Perth on a few occasions. Mrs Murray has an open invitation to visit Andrew in James Street and a meeting was arranged for 23 December 1996 which she cancelled. Mrs Murray has no contact with Andrew over the festive period until Andrew took the initiative and visited her at Stanley on 7 January 1997. At the time of writing a further visit has just been arranged for 13 January 1997 at James Street.

RELATIONSHIPS WITH OTHERS

Andrew still maintains a close relationship with Nacha, his ex-Mainstay carer, and has visited frequently, although this has now been limited to twice weekly due to Nacha's other commitments. Andrew spent Christmas with Nacha and enjoyed his time there. Andrew also maintains a group of friends in the Tulloch area, including a young man still in Nacha's care whom he cites as his best friend.

WORK/TRAINING

Andrew's Skillseeker placement broke down in September and since that time an alternative placement has not been found. Meetings have been arranged with Adult Guidance [redacted], Perth College Student Advisory Service [redacted] and contact made with Elmwood College via Bob Thomson in Careers to try and secure a suitable placement for Andrew to date with no success. Andrew has been supported by staff in going to the Job Centre and round some local businesses to try and secure employment also with no success at the time of writing.

OFFENCES

Andrew is currently awaiting trial for a large number of, (mostly) motor related) offences. His first court appearance in connection with these if for an Intermediate Hearing on 19 February 1997 followed by his trial on 3 March 1997. Andrew is obviously very concerned about the outcome of his court appearances and is receiving Legal Aid. Mr Somerville who will represent him in court.

CONCLUSIONS

The move to James Street has been a positive one for Andrew. His involvement in the decision making within the unit and his increased level of responsibility have all but eradicated the confrontational behaviour exhibited at Woodside. Andrew is much more relaxed and confident in himself. Given that one to one attention is available to Andrew as and when he needs it and the commitment of staff to provide a nurturing environment, we are confident that Andrew's self-esteem will be raised further. The two major hurdles Andrew has to overcome are his pending court appearances, which he is convinced will result in a custodial sentence, and finding suitable employment, a further work or college placement. Andrew's commitment to the latter is limited given his belief that he will be going to prison. We are encouraged by the improvement in Andrew's behaviour at James Street and the fact that he has not been involved in offending behaviour for some time. We also see signs that Andrew's commitment to what James Street can offer him is growing and would hope that his placement here continues and develops to help Andrew move on either to supported accommodated or Independent Living when he feels ready and able to move on.

Andrew has a Children's Hearing on 6 February 1997 continued from 19 December 1996 due to his movement in care and at which Andrew's continued supervision requirement will be discussed.

Work Done

I took over the case from Rosie Adams at the beginning of November last year while Andy was still at Woodside. There have been Network Meetings on an almost weekly basis since which Andy has mostly attended.

Andy was moved to James Street on 13 December 1996 to be on his own away from younger children. This was to enable Andrew to do more things for himself as he moves towards independence as this was not possible in the setting of Woodside.

Placement Suitability

The change of placement is proving to be a good move for Andy as he is much more settled, he is co-operating better with staff in the running of the unit, is more able to discuss problems without distractions and has been able to follow up careers and colleges etc. It has also been possible for Andrew to have his mum and sisters visit for access as there are no other young people in the unit.

At the moment Andrew is waiting for word from Elmwood College as to a possible placement and he has also written to other colleges regarding courses in farming.

Health

Andrew appears to keep in good health

Parental Contact

Andrew is in regular contact with his mum and 2 sisters. He has been meeting his mum in town, going to visit her at home and she is now having access once a week in James Street. Mrs Murray has been willing for Andrew to visit her in Stanley when she arranges as on a few occasions he has turned up unannounced.

Future Action

Andrew has his Court case in February and March and I feel that this is hindering him wanting to make any real move or commitment to anything until the Court appearance is over.

I envisage Andrew continuing to live in James Street and to progress on to the Life Skills Team when he is ready and off supervision.

Access with his mum will be actively encouraged by using James Street as a base. Staff still continue to assist Andrew in looking for a college placement or work as well as support him through the pending Court case.

Summary of Discussion + Goals/Tasks for the Future (Goals to be listed separately)

Reports were submitted by the social worker and residential staff.

Present situation:

Mr Walker took over case responsibility on 4 November and Andrew has been a resident in James Street since December. He says living in James Street is OK and likes being the only resident. Andrew's key worker believes things are going OK and regular Network meetings are held.

Health:

Andrew wears glasses and uses an inhaler. He was a little concerned because he was losing weight but he admitted he had been eating a load of rubbish. He is doing something about his diet and thinks he is gaining weight again.

Andrew admits he smokes about 20 a day. The Chair urged him to consider stopping smoking, particularly as he uses an inhaler.

Employment/College:

Andrew has an appointment at Elmwood College in Cupar regarding an agricultural course tomorrow. Work placements would be built into the course. Residential staff will accompany him to the appointment. Andrew was on a Skill Seekers course previously and Mr Craig is unsure whether this course comes under that heading. The financial implications will require to be addressed.

Contact with family:

Andrew normally sees his mother at least once a week. Family contact seems to be going well and is arranged informally.

Andrew also visits his previous Mainstay carer, Nacha O'Mairthini, and he has a group of friends in the Tulloch area.

Future Planning:

Andrew is due to appear in Court in March in connection with an offence. This will be his first appearance in Court. Andrew is a little concerned about the outcome of this but he is trying not to think about it.

Andrew has a Children's Hearing Review next month. Mr Walker will be recommending that Andrew's Supervision Order is removed.

Life Skills:

Andrew is given Life Skills training on an ongoing basis at James Street by staff but the Life Skills team cannot become involved until he is removed from Supervision.

Social Work Involvement:

Mr Walker sees Andrew every two weeks and a Network Meeting is held every week. The level of contact will remain the same and Mr Walker feels this contact goes quite well.

At the moment the Life Skills Team are not involved although this will be considered in the future when it is felt Andrew is ready for it. In the meantime, a care plan has been devised whereby Andrew is given certain tasks every day to tighten up the areas he is not addressing.

Tasks & Decisions:

- 1 Andrew will remain at James Street until he is ready to live independently.
- 2 In the meantime Life Skills training will be undertaken as part of Andrew's care plan programme at James Street.
- 3 Mr Walker will continue to hold case responsibility.
- 4 Andrew has an interview at college tomorrow regarding an agricultural course.

- 5 A Children's Hearing Review is to take place on 6 February and considering is to be given to terminating his Supervision Order.
- 6 Network meetings will continue to be held weekly and Andrew will see Iain Walker fortnightly.
- 7 Andrew's contact with his mother and sisters will be worked out between themselves.
- 8 Andrew is to appear in Court in March.
- 9 The next Review will take place at 10am on Tuesday 15 July 1997 at James Street Perth.

Children's Hearing in connection with: S44(5) Review

Present Situation

Andrew has been in care since 25 June 1996 under Section 44(1)(b) of the Social Work (Scotland) Act 1968. He had been in Woodside Residential Unit until 13 December 1996 when he was moved under Section 44(b) of the above Act to the Unit at James Street. At the Panel of 19 December the Hearing was continued.

Placement

An in care review was held on 28 January 1997 where Andrew was able to say the move has been good as it has given him a place on his own with staff support. He is better able to cope with learning to look after himself in the unit away from younger children. He is now taking a bigger share in the practical tasks of cleaning, shopping, cooking etc as well as using the staff to discuss things with.

Andrew meets with myself and staff every week to co-ordinate what is happening and I go out with him every 2 weeks to go over the progress made.

College

Andrew went for an interview on 28 January to Elmwood College at Cupar and was accepted to do a course in Agriculture starting on Monday 3 February. This will be initially for 16 weeks and he will travel through each day by public transport. Part of the course he will be working on placement at the College Farm.

Health

Andrew keeps in good health although he does suffer from Asthma and Eczema.

Family Contact

Andrew is in regular contact with mum and 2 sisters in Stanley. He is meeting his mum each week in town, having access in James Street each week and she is willing for Andrew to visit her at home if it is pre-arranged.

Offences

Andrew has not been involved in an offence since September last year.

He is awaiting to appear at the Sheriff Court in March with regard to alleged offences involving motor cars.

Andrew is anxious about this and the possible outcome.

Conclusion

Andrew has made the move from Woodside to the unit at James Street with little problem. It is proving to be a positive placement for him which will provide support and practical assistance to enable him to move on eventually in to the adult world.

Recommendation

It is my opinion that Andrew no longer requires to be on a Supervision Order as he is co-operating with staff. Andrew can continue in care at James Street under Section 15 of the Social Work (Scotland) Act 1968. I would therefore recommend that the Supervision Order of Section 44(1)(b) of the Social Work (Scotland) Act 1968 be terminated.

Children's Hearing in connection with: S44(5) Review Social Work
(Scotland) Act 1968

PRESENT SITUATION

Andrew absconded from James Street on Friday 31 January 1997 just a few days after he had accepted a college placement and had a successful Care Review.

The police picked him up in Glasgow and returned him to Perth. He has gone down to Glasgow with his Uncle Tony and Uncle Chris as they had been in Perth for Court. He was picked up at the address of his Uncle Chris and Auntie Karen.

Andrew absconded again just a few hours later and his mother was able to say he had gone back to Glasgow as she had spoken to him by telephone at his Uncle Chris' home.

David Craig from James Street was able to talk by phone with Andrew yesterday morning and then he made his way back to the unit by bus. He says that he will stay there until the Hearing.

Andy intends to go back to Glasgow after the Hearing to stay with his Uncle Chris and Auntie Karen who have said they will look after him as he wants to make his life down there.

It was a condition of his supervision order that Andy did not have contact with his Uncle Chris and Auntie Karen as he had been committing offences with his uncle. Andy will be at Court in March with his uncle on the same alleged offences regarding road traffic offences.

RECOMMENDATION

It is my recommendation that as Andy is no longer complying with his supervision order and intends moving to Glasgow that the order is terminated. Andy however will still be able to come back to the Department to seek assistance if he so decides.

Formerly [redacted], Perth
Now c/o 17 Aultmore Road, Wellhouse, Glasgow

Further to my discussion with you today, 11 February 1997 I am passing on the referral in respect of the above named.

He has been ordered to appear at Perth Sheriff Court on 26 February 1997. However, the Reporter will call a hearing in Perth prior to this and Andrew will have to appear there also.

Easterhouse Criminal Justice Services would be willing to carry out a home visit to check out current situation and this might avoid your social worker having to go to Glasgow. Given that Andrew was discharged from supervision on 6 February 1997 your section will have an up-to-date report.

The contact persons in Easterhouse are Louise Rodden Social Worker [redacted] or Eileen Baxendale Area Manager (same number).

With regard to Community Service there will have to be liaison with Easterhouse Criminal Justice Services about suitability and availability of placement. The social worker can also seek advice from Perth Criminal Justice Services about any matters and we will help as much as possible.

If the social worker writing the report has difficulty with the peach coloured form (SER1(S)(96) our Admin Assistant [redacted] will be a helpful person to contact (telephone number [redacted]). Part A is already completed and the report writer need only complete Part B because Part C is completed by Criminal Justice Services Admin after disposal.

I also enclose Anne Pinkman's hand written notes so as to keep referral details complete.

BASIS OF REPORT

This report was compiled as a result of information gained while I was Andrew's worker from October 1996.

Social Work records were also researched.

Criminal records through SCRO were also obtained.

A worker from the Social Work Department in Easterhouse made a home visit to ascertain the present circumstances.

COMPOSITION OF HOUSEHOLD

Mr Christopher Murray
Ms Karen Murray
Christopher Murray
Pamela Murray
Tony Murray

Subject Andrew Murray (16)

ACCOMMODATION

Andrew is staying with his Uncle Christopher and Auntie Karen, their 3 children in a 3 bedroomed Council house in Easterhouse. This family offered to look after Andrew when he left care and he has a bedroom to himself.

FINANCE

Andrew is currently receiving Hardship allowance of £30 per week.

PERSONAL HISTORY

Andrew was born in Glasgow and grew up in the Easterhouse area of the city. His mother Vanda Murray was not married and Andrew does not know the identity of his father. He has 2 younger half-sisters, Michelle (10) and Kirsty (7) who are the children of a long standing relationship between his mother and Joseph Waddell. The family moved many times in Glasgow and as a result of difficulties in the community, the family were rehoused in Perth in 1990. They moved to Coupar Angus then to Stanley where his mother and sisters now stay.

Andrew's parents are now separated. Mr Waddell has a history of drug and alcohol abuse and he was charged in June 1995 with physically assaulting Andrew and his mother.

Andrew came into care in June 1995 due to the assault and continuing family difficulties. Andrew went to stay with foster carers for 8 months but due to difficulties Andrew presented for the carers, he moved into a residential unit run by the Social Work Department.

Andrew left care on 6 February 1997 having been discharged from care by the Children's Hearing in Perth. After this Hearing Andrew immediately left to go down to Glasgow to stay with his Uncle Chris and Auntie Karen. Andrew has fallen out with his mother over this and has not kept in contact with her.

HEALTH

Andrew keeps in good health although he does suffer from Asthma and Eczema.

EDUCATION

Andrew went to the Rogerfield Primary School in Glasgow where it was noted that he had poor attendance. Andrew attended Perth Grammar School when the family moved. It was seen that again he had poor attendance, had difficulties in making friends and defied teachers. As a result of school based difficulties, he went to Blairgowrie High School for a period in 1995. Since then Andrew had a work experience placement at a farm near Crieff as he had been given a place at Oakridge College but this did not work out for him. Andrew had been looking for possible work in Perth, but was unsuccessful. Andrew had a successful interview at Elmwood College, and was due to start there on 9 February, but unfortunately Andrew decided that his future lay in Glasgow.

ALCOHOL/DRUGS

Andrew, although occasionally having a drink, does not have a problem with drink. Andrew does not take drugs as far as I know.

OUTSTANDING OFFENCES

Andrew has a number of outstanding Road Traffic offences from April and May 1996 which are detailed in the SCRO record.

THE OFFENCE

Andrew admits to the offence. He relates that he was under pressure due to family circumstances and was feeling fed up by being in care and this is why he took and drove the car.

ATTITUDE TO THE OFFENCE

Andrew says he regrets stealing and driving the car and feels sick about it. He said he has apologised to the owner of the car whom he considers to be a friend. Andrew says he has kept out of trouble since then and has not been charged. Andrew attended the Car Project in Perth for young people who have had Road Traffic offences. He appeared to appreciate this but does say he still has the desire to drive cars.

DISPOSAL

1 Custodial Sentence

In view of Andrew's age and immaturity this would have a negative effect on him and the Court may consider this an inappropriate option.

2 Monetary Penalty

Since Andrew is dependent on Hardship allowance for his practical needs, this would also appear not to be appropriate.

3 Community Service

I have spoken to Mr Gilligan of the North and East District Community Service Team in Glasgow and he informs me that there would be a placement for Andrew. However, in view of this being Andrew's first offence, it may be that this disposal at this stage would not be an option. I do not believe Andrew would be able to complete his Community Service as in the past he found it difficult to hold down work experience. Andrew has indicated that he would be willing to comply with this if the Court felt that he would benefit from this.

4 Probation

In the past Andrew was subject to a Supervision Order to the Children's Hearing System and at times Andrew was compliant but at other times he was not. Andrew says he understands the possible consequences of breaching probation if the Court decided this was a relevant option.

Advice from Children's Hearing

At the Children's Hearing of 17 February 1997 the Panel concluded that probation would be the most appropriate disposal for Andrew.

5 Motoring Project

There is a Motoring Project which takes young people from the Easterhouse area who have been charged with Road Traffic offences. This Project currently has a place for Andrew which he would be able to attend whether he was on a Probation Order or not.

6 **Deferred Sentence**

Deferred Sentence, although perhaps helping Andrew break his offending behaviour, could however give Andrew the message that he has been let off this offence considering that there are other similar offences pending.

SUMMARY AND CONCLUSION

Andrew appears at times as a rather immature young man who has left care not really ready to be part of the adult world. Andrew however says it is time he faced up to his offences.

Andrew appeared to be co-operating with the Social Work Department until 6 February 1997 and everything appeared to be going well for his future. However, Andrew has decided that he would rather make his home in Glasgow with family down there.

I consider that the most suitable option for Andrew would be a Probation Order which would help him address his offending behaviour in relation to Road Traffic offences as well as providing continuing support. The Motoring Project in Glasgow would be part of the ongoing work with him.

Signed

Iain Walker, Social Worker

IW/LJS

NB If placed on a Probation Order the Criminal Justice Department at Easterhouse would expect Andrew to appear at their office on the following day after the Court Order.

In collision with police vehicle

A TEENAGER who stole a car which was then in collision with a police Range Rover has been sentenced to detention in a young offenders' institute.

At Perth Sheriff Court yesterday Andrew Murray (16), whose address was given as 4 County Place, Stanley, admitted breaking into a children's home in Colonsay Street, Perth, on April 6, stealing car keys and then driving off in the car.

Depute procurator fiscal Sandy Mitchell said Murray drove through the centre of Perth, along the Perth to Stirling Road, on the Aberuthven to Auchterarder road and through Auchterarder town centre.

With police following in a mobile patrol car Murray drove at excessive speed, overtook a car waiting at a red light and drove towards oncoming traffic, causing them to take evasive action.

The court also heard that Murray weaved from one side of the road to another and finally collided with a police Range Rover, driven by PC John Irons, causing damage to both vehicles.

Murray was disqualified from driving for three years and sentenced to serve three months' detention in a young offenders' institute.

UPDATE REPORT ANDREW MURRAY

On 22 February 1995 Andrew Murray disclosed to Marion Dingwall, NCH worker allegations that his mother had physically abused him while under the influence of alcohol.

Alastair Park, Social Worker, informed of allegations the same day, but Andrew did not make himself available in order that this allegation could be investigated that day. Instead he did not return home but followed on to Perth with a pal from Blairgowrie High School.

A Children's Hearing was preset for 23 February 1995 at 6.45 pm while Andrew was subject to Section (40)(7).

Out of hours and police were involved in Andrew's eventual return to his home at 5 Kings Road, Coupar Angus in the early hours of the morning of 23 February 1995. At this venture, Andrew made additional allegations referring to him being a victim of physical abuse by Joseph Waddell, Andrew's mother's partner on 31 January 1995.

On 23 February 1995, Alastair Park made attempts to interview Andrew regarding his alleged disclosures, but Andrew refused to describe his previous statement of allegations. Andrew stated that he was going to wait to tell the Panel that same evening.

HEARING 23 FEBRUARY 1995

At the above Hearing, Andrew disclosed to the panel allegations referring to both his mother and Joseph Waddell. Andrew was made subject to an extended 21 day Place of Safety. A place was found for Andrew overnight with his aunt, (not blood related), in Rattray, by Blairgowrie,

From the evening 24 February 1995, Andrew was to be placed at James Street Adolescent Unit over the weekend. His position was to be reviewed on the Monday 27 February 1995, with a view to the earliest suitable return to his home setting.

Andrew absconded from the Unit on 26 February 1995 at 7.15 pm. By 8.45 pm Andrew had been found by the police and taken to Perth Royal Infirmary as a result of the influence of some type of substance(s). This substance was later to be identified as the 'intake of the powder' found in Ventoline capsules.

On 28 February 1995, Alastair Park took Vanda Murray to see her son at Perth Royal Infirmary. Following consultation with the ward GP and Clinical Psychiatrist Dr D Laing, I was informed that Andrew would be discharged on 1 March 1995. There was no longer term physical concern being expressed as a result of his actions, however, Dr Laing informed Alastair Park that she would be referring Andrew's case to Mike Fields, Consultant Psychiatrist, Pitcullen House.

cont'd..

Alastair Park has since consulted with his own Department and Dr Fields, with a direct referral being made requesting Mike Fields to meet with Andrew.

While in hospital, Andrew was giving a clear statement that he wanted to return home. In addition to Andrew's wishes, his mother and Joseph were showing a willingness and desire to have Andrew back. Following consultation with Rhod Napier, Manager, although Andrew was subject of a 'Place of Safety Order', given the minimal nature of injuries and the network of support already recognised, Mr Napier authorised Andrew's return home, (pending Child Protection Case Conference) if he himself wanted this to happen and subject to parental undertaking.

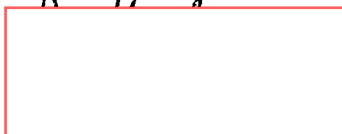

A case conference was held on Friday 3 March 1995 with respect to Andrew's allegations of physical abuse referring to both his mother Vanda Murray and Joseph Waddell - see report submitted by PC Cathy Gunn, Community Involvement. The outcome of this Conference decided not to place Andrew's name on the At Risk Register.

SUMMARY AND CONCLUSION

Since Andrew's return home to 5 Kings Road, Coupar Angus, there have, to my knowledge, been no further incidents of Andrew absconding from his home. The wish to continue with Andrew's Intensive Community Assessment was underlined with additional procedures made to assist in Andrew's presence within the Base Unit at Blairgowrie High School.

Andrew, however, continues to renege on his own responsibilities to his schooling and not giving his commitment in making himself available to both class teachers and work with Marion Dingwall from N.C.H.. The need for a Level 3 Conference has been voiced by both school and social work with a date for this conference imminent. It is through Andrew's nature of acceptance of being back at home in Coupar Angus and his mother's willingness to continue to support her son while looking to his future needs, that I would request the Panel to consider making Andrew subject of a Compulsory Home Supervision. The writer is aware that Andrew continues to show an unwillingness to co-operate, but feels that this would best dealt with while Andrew is within his home setting.

Update Report written in conjunction with the report written by Alastair Park, social worker on 3 February 1995.

In reference to the 'family composition' see report mentioned above.

Report re: **ANDREW MURRAY D.O.B. 19.09.80 5 KINGS ROAD,
CUPAR ANGUS, PERTHSHIRE**

UPDATE

It was at the hearing held on Tuesday 7th February 1995 requested via Review S48(2) and Annual Review Sec. 48(3), while subject to a compulsory home supervision order 44(1)(a) that a Warrant was placed on Andrew under Sec. 40(7) of the Social Work (Scotland) Act 1968 requiring a place of safety to be identified.

As the previous hearing, Andrew was stating that he did not wish to return home to Coupar Angus and that he wished to be found alternative accommodation. He informed both his mother and the writer and the panel that he was not going to return to Blairgowrie High School.

These statement conveyed by Andrew combined with previous evidence of Andrew placing himself in potentially 'at risk' situations when absconding from both school and home, left the panel with a view that a Warrant for detention, Sect. 40(2) should be exercised. The panel felt this action would best ensure Andrew's interests and well-being.

In addition to the 'place of safety' order, the panel instructed the writer that a described Intensive Community Assessment on the subject would be required and discussed at a future hearing - further reference to this assessment found later in this report.

The writer informed the panel that it was the Social Work Department's intention to continue to see Andrew's natural home as the most appropriate place for him to be living and identified Andrew's 'place of safety' to be in his home at Coupar Angus in the care of his mother. I informed the panel that in addition to Andrew returning home to Coupar Angus, that the local police would be informed of Andrew's position and that I would inform our own Out of Hours Service of the situation.

It was with some resistance that Andrew returned to his home following the panel on 7 February 1995. True to his word Andrew refused to return to school the following morning, but since introducing social work support, we have ensured that Andrew is at the school premises at the appropriate time. Initially there have been a couple occasions when Andrew took it upon himself to walk out of school. I am hopeful from recent discussion with Andrew and Blairgowrie High School that any difficulties that Andrew may be encountering in school, and what his suitable course of action should be, has now been made clear to him.

With respect to clarification for Andrew of our department's practice, policy and procedure regarding his welfare, a meeting took place involving Andrew, his mother along with the writer, Alastair Park, social worker, Stephen Mackay, senior social worker and Rhod Napier, Manager, Children, Families and Young Persons, Rural Perthshire. At this meeting held on 14 February 1995, Andrew's concerns continued to be listened to, while the manager was able to point out to Andrew that at present his interests were best being served by being with his family in Coupar Angus.

I know from notices received from the Reporter to the Children's Panel that requests for Mr Joseph Waddell to be in attendance at the hearings was desirable. Unfortunately Mr Waddell has been unable to attend previous panels and meetings arranged by our Department through his commitment to his daughters' needs, both of whom attend a local primary school. I was of the belief following discussion with Andrew, his mother and Joseph through December 1994 into 1995, that relationships between Andrew and Joseph had improved. This was assumed following verbal description of active involvement between Joseph and Andrew.

After recent discussion with Andrew and his mother at a ICA planning meeting held on 16 February 1995, it transpires that any active involvement between Andrew and Joseph has been limited. The description of any commitment by Mr Waddell to his active encouragement of interaction between himself and Andrew, apparently may have been exaggerated following the consumption of alcoholic beverage.

SUMMARY CONCLUSION

As previously identified and at the request of the Panel, a ICA meeting took place at the above date, held in Blairgowrie Social Work Office. Present were: Andrew, his mother, school, NCH Rural Youth Project and the social work department. At this meeting the major issues of concern regarding Andrew were discussed and roles and tasks identified for individual professional agencies when working with Andrew and his family.

Marion Dingwall, resource worker, NCH is to be intensively involved with Andrew over a six week period, working on problem areas of home, community and school.. Alastair Park, social worker, will be working closely with Mrs Murray and Mr Waddell, identifying ways of improving relationships within the home, while Mr R Allison, guidance teacher at Blairgowrie High School will keep a close monitor on Andrew's interaction(s) with the school setting.

Andrew has verbally given those involved his agreement to be actively involved in the six week assessment period. A proposed date to review Andrew's assessment has been set for 30 March 1995.

It is in association with the above that I would request the Panel allow the Hearing to continue, with an opportunity to respond to the assessment after the six week period. I feel there is no reason to continue with a 'place of safety order' but to allow the

assessment to be undertaken while Andrew continues on Compulsory Home Supervision. The Department will assist by offering support to Mr Waddell in looking after his two daughters, Kirsty and Michelle, in order that he may make himself available to attend the forthcoming Hearing.

GENERAL INTRODUCTION

The family moved to their present address in August 1993. Their home is a semi-detached four apartment dwelling in a relatively quiet setting, yet easily accessible to the local shops. The house appears adequately furnished with Andrew having a bedroom of his own. I know from speaking to Andrew's parents they very much welcome their present placement in comparison to their previous dwelling in urban Glasgow. I am uncertain whether Andrew agrees with this sentiment, as on occasions he has stated his wish to return to Glasgow.

During 1994, there was some disquiet and unrest following disagreement between the family and one or two neighbouring families. Following consultation with the Housing Department, there has been no further concern of this nature brought to my attention.

UPDATE

For some time now concern has been drawn to occasions when Andrew has been prepared to put himself in potentially 'at risk' situations. This may be due to domestic unrest within the home when disagreement has led to him taking off, more often in the direction of Perth, involving both local and Perth police and even as far as Glasgow on one occasion. Our own out of hours section have been involved on these occasions with heightening concern for all agencies involved.

These episodes of defiance by September were being identified within the school setting at Perth Grammar. Andrew, in isolation and on occasions in the company of other school pupils, would take off, within school hours, following a disagreement with the class teacher.

In fact, it was following one of Andrew's exits from Perth Grammar in November 1994 that he has admitted to entering one of his friend's houses in close proximity to the school and stealing a large quantity of money from his friend's mother's purse, uninterrupted and undetected. It was only following Andrew's own confession to a local Sgt. from Coupar Angus Police Station that the incident was finally traced back to Andrew. The general feeling at this time was that in some way this was possibly a reactionary measure taken by Andrew, compiled by his displeasure with his school placement and poor relationships within the home. Andrew had felt his actions would inevitably result in some change for him, stating he wished to be put in a residential home.

As a result of these outlined concerns, a Level 3 conference took place at Perth Grammar School on 1 December 1994. Andrew finally moved to his present school, on a trial basis, gaining the advantage of being introduced to his new school setting before the school closed for the Christmas break. However, prior to Andrew's move, there was concern regarding his indecision about his schooling and consequent unacceptable behaviour that prompted both school and the Social Work Department to identify their concerns with the Reporter.

SUMMARY CONCLUSION

Following the Christmas/New Year period, a planned Review Conference was held at Perth Grammar School to review Andrew's situation. The description presented at this meeting on 12.01.95 gave a positive account of Andrew's settling in period at Blairgowrie High School. Both Andrew's mother and the Social Work Department confirmed that Andrew was enjoying his new school and did not wish to return to the Perth Grammar.

The writer has since liaised with Mr R Allison, Andrew's guidance teacher and is aware that there are certain issues of similar concern regarding Andrew's schooling that need to be attended to. Both Andrew's mother and Joseph Waddell have expressed their worries regarding Andrew's non co-operation.

While hoping that Andrew's apparent lack of concern for his own interests is partially due to his inexperience in a new school setting, I am still concerned regarding his attitude towards general co-operation with both his family and teachers. It is as a consequence of these uncertainties surrounding his present circumstances and Andrew's usual co-operation with myself that I would request he remain on a 44(1)(a) Home Supervision Order.

Dear Dr Greig

RE: Andrew Murray (19.09.80)
5 Kings Road, Coupar Angus

I was asked to see this young boy following his admission to Ward 11, Perth Royal Infirmary, as a result of him taken an overdose. I interviewed Andrew and his mother on 28 February. Andrew had been admitted to Ward 11 on 26 February following an overdose of what is thought to be Salbutamol tablets. Andrew has been at a Place of Safety in James Street since Friday 23, following a panel hearing on 22 February. However he states that he was becoming increasingly frustrated as he was unable to go out and needed a cigarette so he managed to run away from the house and out to the back of Woolworths in Perth where he found the tablets in a plastic bag. He took some of these tablets which he later identified to Casualty Officers as Salbutamol and then went to a friends house in Muirton to tell them that he was feeling ill and requesting that they phone the Police. By that time he was feeling dizzy, sick and numb. At the time he took the overdose he claims that he wished to die because life was not worth living. However, he now regrets this and made it clear that he did not like the physical effect the drugs had on him, which he feels might prevent him from taking a further overdose.

Andrew comes from a disturbed background, he lives with his mother, Mrs Vanda Murray and his step-father Joseph Waddell, who has been in the family for 12 years. He has 2 half-sisters, Kirsty aged 5 and Michelle aged 8. The

Dr Greig

7 March 1995

family were originally from Glasgow and moved up to Perth and then Coupar Angus in the last 2 years, [REDACTED]

Andrew claims to be treated like "a scivvy" at home, always being asked to do things around the house and look after his younger sisters. He is rebelling more and more against this and recently has run away from home on many occasions and has been playing truant from Blairgowrie High, where he is in his 3rd year, believing that staff there are "treating me like dirt" and not offering him as much support with his work as he feels he needs. When he plays truant he goes down town, either with his friends or on his own. He has been getting into trouble with the Police through stealing. He occasionally drinks alcohol and has abused cannabis in the past although says he is now drug free. As a boy he was seen by Child Psychiatry in Glasgow because of encopresis. Generally he feels his mood is unhappy and his appetite is poor. He will often lie awake until 2 or 3 am, just thinking. He is clearly an unhappy boy but I did not get the impression that he had clinical depression, although obviously a fuller assessment would clarify this issue. Andrew has recently made allegations of physical abuse by both mother and step-father. I understand that step-father has agreed that this did occur and has been formally cautioned by the Police, although mother denies hitting him. He is currently under the care of the Social Work Department and I discussed his case with Mr Alistair Park from the Blairgowrie Office who informed me that an intensive community assessment is currently being carried out on him with a worker from the National Children's Home, seeing him on a one to one basis to offer him further support.

At interview Andrew came across as a small, unhappy, naive and slightly immature boy who had quickly adopted the sick role and seemed to be enjoying the attention given to him. As I have said I did not think he was clinically depressed and he denied further suicidal intent, but I am concerned that he might overdose again in the future as a means of showing his distress with his current situation. In view of this I wondered whether further psychiatric assessment was appropriate and

3

Dr Greig

therefore discussed his case with Dr Mike Field,
Consultant Child Psychiatrist from Pitcullen House, [redacted]

[redacted]
[redacted] he had some
doubts as to whether work with Andrew would be beneficial
to him but he has decided to liase with Mr Park from the
Social Work Department to discuss various options to
determine the most appropriate involvement from the
Psychiatry Service in his case. It may be that
involvement is not appropriate at this time but I am sure
he will write to you and inform you of his decision at a
later date. In the meantime I have not arranged to see
the family again and he has been discharged back to the
care of his mother, although I have doubts as to how long
this placement will last.

INTRODUCTION

This final assessment meeting was held in conjunction with a Level 3 meeting (see separate form YS1).

This minute should be read in conjunction with the detailed ICA report which clearly sets out the issues which were addressed as well as the process of the assessment.

The assessment commenced on 10 February 1995. Mrs Dingwall and Mr Park have jointly undertaken the ICA; Mrs Dingwall working individually with Andrew and Mr Park with Andrew's family.

DISCUSSION

Mrs Dingwall stated that the main issue arising throughout the assessment was Andrew's low self esteem. However during the residential Andrew showed his potential and how happy he can be. Taking into account Andrew's low self esteem, Mrs Dingwall looked at the 3 main areas with Andrew.

There are serious concerns for Andrew's situation in the house when Joey has been drinking and how Andrew copes with this. Andrew's relationship with Joey is quite poor and he has stated in the past that he doesn't want to call Joey 'dad', and it was acknowledged that Joey doesn't see himself as Andrew's father. Andrew wants to be at home and be happy there with his mother. He has protective feelings towards his mother and doesn't like when he sees his mother being verbally abused.

Within the community, Andrew finds it difficult to keep close friends. Mrs Dingwall felt that in helping Andrew feel better about himself this may enable him to establish and keep friends.

Andrew has expressed his wish to return to normal schooling, in class with his friends but he knows he is a long way from this and has to do a lot of work. Mrs Dignwall felt that Andrew's low self esteem makes him feel he cannot cope at school, therefore he becomes disruptive. Andrew has stated that when the home situation is difficult he finds it hard to behave and concentrate.

Mrs Dingwall added that she has concerns for Andrew's physical safety and emotional needs. When Joey is drinking the situation at home can become very aggressive and potentially violent for Andrew and his sisters.

Mr Park stated that alternative resources have been looked at and there is a possibility of shared care, with Andrew spending time in a Mainstay placement. This has been discussed with the Mainstay team and there has been a suggestion of a potential carer being identified for Andrew. It was noted that Joey drinks on Mondays, Tuesdays and occasionally Wednesdays, the rest of the time Andrew feels safe because Joey is not drinking. Andrew stated that he did not know how he felt about Mainstay. Mr Dingwall explained the process of the scheme.

Clearly there are issues in terms of how Andrew operates within the community. Mrs Dingwall stated that Andrew has acquaintances rather than friends and has few close relationships with his peers but he is quite friendly with someone at school. Mrs Dingwall was surprised to see how different Andrew acted when he was talking to them and he was trying to act 'the big man'. Mrs Dingwall felt that by acting in this way, this gets him into trouble and he becomes out of his depth.

There was an incident at the Health Centre where Andrew had smoked a joint however he was not charged with any offence. Mrs Dingwall was surprised at this because Andrew has very strong views about taking drugs and alcohol. Mrs Dingwall reported that Andrew has not run away since February, however Andrew informed the meeting that he ran away on Sunday for about half an hour.

Mrs Dingwall has a trusting relationship with Andrew and individual work with him will continue in relation to his low self esteem and home circumstances. There may also be a possibility of Andrew attending an NCH group in future.

Mr Craig advised the meeting that he has been taking Andrew out for walks, swimming etc. Andrew always appears happy when on these outings and takes part in any activities. Mrs Dingwall noted that Andrew really enjoys positive attention and she has had no behaviour difficulties with him. Mr Craig also stated that he has had no behaviour problems with Andrew. Andrew takes part in discussion and has a sense of humour.

School

Mr Dingwall noted that at the Level 3 on 23 March, professionals were concerned that Andrew may not be able to fit back into school. A short term programme was set up in school which was supported by Mrs Dingwall and Mr Craig. Mr Allison stated that this situation was not ideal however positive things happened although there were times when Andrew could not be accounted for. Mr Allison felt that Andrew has to make the decision to buy into school and go into the support base at the onset. Mr Dunlop stated that Andrew will probably have to drop French now as he has missed so much which reduces him to 7 Standard Grades. Andrew has also missed out on his practical subjects.

In the past Andrew has said he didn't want to be at Blairgowrie High. However Mrs Dingwall felt that because Andrew was feeling so down, he did not want to be anywhere. Through ongoing work, Andrew has now expressed his wish to attend Blairgowrie High School. Andrew stated that he doesn't like school in general.

Mr Dingwall noted that the plan is for Andrew to return to the school, initially returning to the support base, which will build in support from NCH. Then after a few days, Andrew will gradually move into mainstream classes, with the support of the base. Hopefully this process will take around 4 weeks to have Andrew back full time in mainstream classes. Mr Dingwall advised that a further meeting in terms of practical support will be held in a few days. Mr Kaye offered his support to Andrew if he wishes to discuss anything with him.

It was agreed that Andrew would return to school tomorrow (19.4.95). Mrs Dingwall agreed to take him there and meet with Mr Dunlop prior to Andrew going into the support base.

FUTURE SOCIAL WORK INVOLVEMENT

It was noted that Ms Courtney is to be taking over the case from Mr Park in the next couple of weeks. Over the past few weeks, Ms Courtney has been co-working with Mr Park and will become involved gradually.

CONCLUSION

it was felt that at times, Andrew is at risk

(Mondays, Tuesdays and occasionally Wednesdays) when Joey is drinking. The possibility of shared care with Mainstay Carers is to be pursued. As regards school, Andrew will return tomorrow initially attending the support base with a view to gradual re-integration to mainstream classes. Mrs Dingwall will continue to work individually with Andrew on his self esteem and home circumstances. Mr Craig's input is also still available.

RECOMMENDATIONS AND AGREED TASKS

Mainstay placement to be pursued with a view to Andrew having shared care, Mondays, Tuesdays and occasionally Wednesdays.

(SWD/Andrew/Mother/Mainstay Carers)

Andrew to return to school tomorrow, initially to the support base, with a view to returning to full time mainstream classes.

(Blairgowrie High/Andrew)

Mrs Dingwall is to take Andrew to school tomorrow and meet with Mr Dunlop prior to Andrew joining the support base

(NCH/Blairgowrie High)

NCH are to support Andrew whilst he attends the support base within the school

(NCH/Mrs Dingwall/Andrew)

Mrs Dingwall to continue working with Andrew on an individual basis, with the possibility of Andrew attending a group in the future

Mr Dingwall made introductions. He noted that today's meeting was a final ICA meeting and a Level 3 meeting. Due to difficulties raised during the ICA and at the Level 3 meeting on 23 March 1995 it was decided to combine both meetings.

The initial ICA meeting on 16.2.95 identified three main areas and attendant issues:

1 Home

Andrew feels there are "sometimes" problems at home and he doesn't like doing as he is told

Andrew's relationship with Joey

Andrew's running away

2 Community

Andrew is bored - he needs activities

Offending behaviour

Running away

Andrew gets the blame for things

3 School

School are unsure where Andrew is during the day as his attendance card is not signed

Andrew's attendance

Andrew alleged he was assaulted by a member of staff

Andrew rejecting additional support offered to help him catch up

Events leading to Reception into Care

05.06.95 - Early oin the evening Andrew contacted O.O.H.S. to say his parents were drunk and that his step-father had put him out of the house. P.C. Brailsford from Coupar Angus was contacted by O.O.H.S. and he visited the house. Mr Waddell was drunk and asleep. Mrs Murray was sober. Andrew agreed to stay at home.

23.40 pm O.O.H.S. had a further phone call from Mr Duffy, 16 Kings Road, to say Andrew was in their house and he was saying that Mr Waddell had assaulted him. The Police were in attendance at this time. Andrew remained at 16 Kings Road overnight.

Mr Waddell had woken up and became aware that Andrew had been in contact with both O.O.H.S. and the Police. He became violent and assaulted both Mrs Murray and Andrew.

Andrew was punched in the face and his glasses were broken by Mr Waddell. [redacted]

Andrew remained for part of the day with Mrs Duffy and spent the latter half of the day with David Craig, Resource Worker.

Given the extent of the assault on Andrew, a management decision was taken to seek a Place of Safety Warrant. This was obtained from Sheriff Wheatly at Perth Sheriff Court on 6th June 1995 at approximately 2.15 pm by A. Courtney, Social Worker, and Stephen Mackay, Senior Social Worker.

Andrew is due to be medically examined on 7th June 1995. Report will be furnished at the Hearing.

Children's Hearing Report - Andrew Murray, dob 19.09.80, c/o [redacted] Glenalmond

Andrew and his family have been involved with the Social Work Department for some time. Allegations of physical abuse by Mr Waddell towards Andrew in February of this year resulted in a Child Protection Investigation and Andrew being subject to Section 40 (7) of the Social Work (Scotland) Act. Andrew was also in P.R.I. in February, having been found by the Police in Perth, under the influence of some type of substance which was later identified as Ventolin.

Recent Concerns

Aileen Courtney assumed case responsibility from A. Park in May 1995. Due to concerns for Andrew's safety expressed by Social Work Department and N.C.H. worker, Marion Dingwall, it was agreed with A. Park, Social Worker, that a Mainstay Placement would be pursued for Andrew. This was agreed with management and a "shared care" arrangement was to be planned. This would mean that Andrew would be with an identified Mainstay Carer during what was considered vulnerable times for him, i.e. when Joey Waddell was drinking and he would be at home at other times. This was to be a voluntary agreement under Section 15 Social Work (Scotland) Act 1968.

However, on Monday, 15th May, Andrew was received into care under Section 15 for a respite placement for four days. At this juncture Mrs Murray was saying that she didn't want Andrew in the house any more and said that she had hit him. Andrew did not support or deny this.

Andrew returned home on Friday 19th May. The situation at home had calmed down. Mr Waddell was, according to Mrs Murray, going to ignore Andrew and have little or nothing to do with him. Plans for Andrew's reception into Mainstay proceeded and a possible family identified.

Over the past two weeks since Andrew returned home, the situation has deteriorated. Mrs Murray has expressed to A. Courtney that she didn't want Andrew in the house anymore.

CONCERNS

1. Andrew placing himself At Risk by running away and spending periods of time wandering.

2. [redacted]

3. [redacted]

4. [redacted]

5. Andrew's disregard for his own life and his opinion that nobody within his family cares for him.

6. [redacted]

7. [redacted]

8. Andrew's attendance at school is sporadic and he generally appears at the Social Work Department on a daily basis. This has generally to do with issues at home.

Given the concerns and events outlined, I would consider that Andrew is in need of compulsory measures of care.

I would respectfully recommend that the Panel consider continuing the Warrant for 21 days under Section 40 (7) Social Work (Scotland) Act 1968 at his present address, c/o [redacted]
[redacted] Glenalmond, Perth.

This would allow for an assessment period of the home situation and the risks to Andrew in this situation.

Events since last Hearing - 09.06.95

Since the Hearing on 09.06.95 when the Place of Safety Warrant was renewed for 21 days Andrew has remained with approved carers at Glenalmond. To date Andrew has settled well and he has responded well to the way life is run in the household. He is in the process of developing a relationship with in particular with with whom he enjoys activities such as swimming and golf.

Andrew has been transported to school everyday at Blairgowrie. However although he is in the school premises most of the time it is clear that he is not attending all his classes. He maintains he doesn't like being in school.

It would be my opinion that Andrew has, due to other events in his life, developed a different sense of priorities for himself. However, I feel that as life settles for Andrew work can be done with him on the importance of his education therefore possibly breaking this cycle of avoidance and non-attendance.

Child Protection Case Conference

A Child Protection Conference was held at Colonsay Resource Centre on Monday 19th June. Andrew's name was not placed on the At Risk Register. It was felt at that time that as Andrew had been removed from the house and has at present no contact with Mr Waddell, placing his name on the register would not ensure his safety to a greater degree than other measures already in force.

Future Plans

Future plans are that Andrew remains with He has indicated that he is happy to do so and feel Andrew is doing well with them.

Andrew's education for next term is under discussion at present. If he is to remain at Glenalmond for some time an alternative school will need to be looked at for various reasons, one of which is distance.

Update Report - Andrew Muray, DOB 19.09.80

c/o [redacted] Glenalmond

Over the summer holidays it will be important that both Andrew and [redacted] have support. With this in mind David Craig SCO and Marion Dingwall NCH will also be involved. Andrew will also spend a week at Teen Ranch.

Access

To date access visits have been twice weekly Monday and Friday after school. However, during the summer holidays this can be more flexible. Andrew has met with his mum on Monday and with his mum and sisters on Fridays. These visits have gone well. Access is outwith 5 Kings Road and is supervised at present.

Conclusion and Recommendations

Since his reception into Care Andrew has settled well. There are a number of issues which need to be addressed over the coming months.

1. Assessment of Andrew's position within the household at Kings Road.
2. Assessment of the viability or not of Andrew's rehabilitation there considering Mr Waddell's presence in the home and potential risks.
3. Andrew's own views on the above.
4. Assessment of Andrew's relationship with his mother and the promotion of their relationship in a positive way.
5. Andrew's relationship with his sisters.
6. Considering the above points and their outcome, long term plans for Andrew will need to be made.
7. Education - provision of education for Andrew which takes account of his needs and what has been lacking due to his absences from class.

It is with the above points in mind that I would respectfully recommend that Andrew be made subject to a 44(1)(a) Named Place Supervision Order with the following Conditions.

1. No contact at present with Mr Waddell.
2. [redacted] to be Andrew's carers at present - however with some discretion by the Social Work Department in relation to a possible move in care for holidays.

Children's Hearing in connection with:

UPDATE.

Andrew has been in the care of Nacha Omarthini since 2nd August 1996. Andrew had been placed with Nacha on a planned basis following several Network and planning meetings and was re introduced to Nacha on this basis.

There are currently no problems with Andrews placement that have involved the use of residential staff .

Woodside.

Andrews stay at Woodside was seen in general terms to have been positive. Andrew managed to work in with the structure and expectations of the unit, and build positive relationships with the staff team. However, Andrew did have difficulty in maintaining positive relationships with other residents in the unit. This area of difficulty was never overcome by Andrew while in unit.

Andrew had worked consistently at reducing the nature and level of his previous offending. Andrew was encouraged and supported by staff group in his attempts to gain employment in which he was successful.

Work Experience.

Andrew has successfully gained a place on the skillseekers course which placed him in work on an Ostrich farm. Andrew enjoyed this work and was said by his supervisor to be a willing hardworking young man. Andrew himself stated that he enjoyed the work at the farm and had built a good relationship with his supervisor. Andrew has also gained a place at Oatridge agricultural college and was due to undertake a course beginning the 19th of August.

Family contact.

Andrew had been initially keen to continue planned supervised access to his mother although latterly this did not take place as planned. Andrew did have positive meetings with his mother while placed in Woodside.

Health.

Andrew continues to suffer from Eczema which was further irritated by his work experience placement. Andrew did seek out advice of the doctor and undertook a course of medication to control this complaint.

Andrew had occasion to spend overnight at P.R.I, on 15/6/96, owing to his complaints of headaches and stomach pains. There was concern expressed by the hospital that this may have been suspected meningitis and several tests were undertaken. The initial concern was not followed through as there were no signs of possible meningitis. Andrew was discharged from hospital the following morning and given the all clear health wise.

Other agencies.

Andrew had continued to work alongside Isla McDonald of N.C.H rural project, until a decision was made to discontinue the work within Woodside due to moving Andrew on to Mr Omarthini. Isla had suggested that she wished to finish off a particular piece of work with Andrew although this was not clarified.

missing when it was felt that his behaviour within the group was having a negative effect on others at the project.

Conclusion

Andrew came to be placed in Woodside Crescent after difficulties surrounding his offending behaviour within the community. It has been recognised that while in Woodside Andrew has made positive steps to rectify this offending pattern and has done so significantly. Andrew has had difficulties building positive relationships with other residents but managed to make and sustain positive relationships with the staff team.

Andrew was driven by his wish to return to the care of Mr Omarthini and made a positive effort to look at his current situation and what needed to change in order for this to happen. This concluded positively for both Andrew and Mr Omarthini resulting in a return to Mr Omarthini's care on an extended leave basis. This has continued on a positive basis and no reference has been received regarding any difficulty with his placement.

It appears that Andrew has begun to acknowledge his role in the community and his responsibility for himself and to others. Andrew has

many positive assets to his personality and has proven more often than not, that he can follow care plans, guidelines and expectations that are laid before him.

Purpose of Meeting

Mr Napier welcomed members to the meeting, made introductions and took apologies. He explained that the reason for to-day's meeting was that there had been a serious assault on Andrew by his stepfather, Mr Waddell, in the family home on 5 June. There have also been concerns over the past few months for all three children's safety because of Mr Waddell's drinking and drug-taking.

Mr Napier said that the purpose of to-day's meeting was to share information and to take two decisions - 1) whether to refer the children to the Reporter to the Children's Panel, and 2) to decide whether there is a serious professional concern for any or all three children which would be sufficient to warrant placing their names on the Child Protection Register.

Incident

Ms Courtney explained that an incident had taken place on 5.6.95, sometime before midnight, which resulted in Andrew phoning Out of Hours Service complaining that his parents were drinking and his stepfather had put him out of the house. The police visited the house and found Mr Waddell asleep. PC Brailsford was of the opinion that Mr Waddell was unlikely to wake up that night. Mrs Murray was sober and Andrew said he was happy enough to stay at home that night.

Later that evening there was a phone call from [] - a neighbour - saying that Andrew had turned up at his house claiming to have been assaulted by Mr Waddell. The police were contacted and they advised that the situation had been dealt with. Andrew stayed the rest of the night at the []

The following morning a phone call was received from [] who said that she was concerned about sending Andrew back home as he had said that he had been assaulted by Mr Waddell. [] agreed to keep Andrew meantime.

Having assessed the situation, it was felt that Andrew could be at considerable risk in the family home and it was agreed to request a Place of Safety Order. This was issued by Sheriff Wheatley.

Ms Courtney phoned the Duffy's and explained to Andrew that Mr Craig would come to see him and suggested that it would be a good idea if he saw a doctor. At that stage Andrew was reluctant, was quite withdrawn and appeared to be in shock. It was quite difficult to get anything out of him.

Police

PC McIrvine reported that around 10 pm on the night of the incident, Andrew had returned home and Mr Waddell was asleep. When he awoke he was told that the police had been involved and had been round at the house earlier. Mr Waddell became violent and assaulted Andrew and Mrs Murray. Another two police officers attended and whilst they were at the house Mr Waddell became very abusive and he was arrested for Breach of the Peace. He was taken to the Police Station and charged with two assaults on Andrew and his mother. Andrew had bruising but did not wish to be medically examined.

It was noted that Mr Waddell would be reported to the Procurator Fiscal and a copy sent to the Reporter to the Children's Hearing. The police found clear evidence that Andrew had been assaulted, but the injuries were not serious

2.1

enough to warrant medical attention and Andrew did not wish this. The police officer's report stated that Mr Waddell had punched Andrew and hit his head against a window sill.

Andrew said that he was kicked as well as punched.

Ms Courtney said that on 7 June Andrew was taken to PRI by Mr Anderson, carer, following complaints of pains in his chest and difficulty breathing. Andrew was found to have some bruising to his ribs, but trauma and shock were also considered to be contributory factors.

On 9 June the Place of Safety Order was continued for 21 days and the next Hearing will take place on 28 June 1995.

Background

Previously, on 15 May 1995, Andrew had been taken into care under Section 15 as his mother wished him out of the house because of problems over the weekend.

Andrew has concerns for his two half-sisters, who he said have witnessed assaults which have been going on for some time. [REDACTED]

[REDACTED]

Health

Dr Gray explained that she was attending the conference in place of Dr Downie, and noted that Andrew's GP had reported that Andrew's physical health is "fair". He has mild asthma and eczema, both of which Andrew is receiving treatment for.

Dr Downie had seen Andrew on 7 June and found no evidence of bruising. She had commented about his eczema and asthma, although it was not bothering Andrew at the time. Dr Downie had not found anything abnormal at that stage.

School

Mr Allison reported that everything has been "up in the air" for Andrew recently. He is attending school regularly, but is not necessarily going to classes. The school do not really know where he is during the day but he does appear to attend some classes. Mr Allison said that he thought that it was all a game for Andrew and that he was very good at playing it.

Andrew is in the support base as this was thought to be helpful, but Andrew himself felt he did not need it and has not attended.

Mr Allison said that since going into care Andrew has definitely been in school at 9 am each day and is looking healthier and tidier. There is genuine concern in the school as they do not know where Andrew is when he is not in class.

2.2

When asked what he thought of school, Andrew replied that sometimes it was all right, but generally he views it as "rubbish".

NCH

Mrs Dingwall reported that NCH has been involved with Andrew since February and that they have carried out an assessment on him, which showed that Andrew was able to identify signs when he was afraid of Mr Waddell.

Mrs Dingwall saw Andrew at the Hearing on Friday and said he was very upset by the whole thing. Following the Hearing an access visit was made and things were more relaxed. Andrew said he wants to be with his mum and his sisters, but that he is terrified of Mr Waddell and what he does to him and his mum.

NCH have been meeting with Andrew at school and he does turn up for his sessions, but disappeared after they were over.

Mrs Dingwall said she hoped that being in care would give Andrew some stability and that he is very relieved at being out of the house, but is concerned about his mum and sisters.

Resource Work

Mr Craig reported that his time with Andrew has been on a respite basis for the family to help relieve the pressure at the weekends. Mr Craig said that Andrew is quite open and aware of what is going on in the house. Andrew has concerns about his own safety and that of his mum. He is also concerned about his mum and HIV/AIDS given Mr Waddell's drug problems.

Ms Watt said that her involvement has been restricted to collecting Andrew and taking him to school in the mornings. He occasionally talks to Ms Watt about things at home, but there is not much time on the journey to discuss things in depth.

Summary

Mr Napier summarised by saying that a serious assault on Andrew had taken place on 5 June when Social Work staff took a Place of Safety Order. Andrew has not lived at home since then and has said that he has no intention of returning home while Mr Waddell is there.

Presently access is taking place outside the family home.

Mr Napier said that there is concern about Andrew's safety when he is supposed to be at school. The meeting required to consider what contact, if any, Andrew is going to have with Mr Waddell, especially if Mr Waddell is under the influence of drink or substances.

Child Protection Register

Ms Courtney said that given Andrew is out of the house and any access visits are supervised, and the fact that he is not going anywhere near the house as his placement is not in the Blairgowrie area, placing Andrew's name on the Child Protection Register is not necessary. The longterm plan is to keep Andrew out of the house and placing his name on the Register would not fulfill anything.

2.3

Mr Craig said that he has concerns for Andrew when he is at school but not actually in class as Mr Waddell in the past has made threats that he would "get" Andrew.

Mr Allison agreed that he has concerns when Andrew is not in class.

Ms Courtney said that Andrew's future education is under discussion at present.

The decision of the meeting was that Andrew's name will not be placed on the Child Protection Register, but there was a range of protection measures which required to be put in place:-

- 1) A recommendation made to the Children's Hearing that Andrew will not be returning home to live unless Mr Waddell has left.
- 2) Andrew should be helping people who are trying to protect him by not disappearing from school, when his safety could not be guaranteed.
- 3) Mrs Murray should give some thought to Andrew's position with regard to appropriate action she could take to make Andrew safe at home, ie remaining to live with Mr Waddell. As Andrew gets older, there is potential for him being more seriously assaulted.
- 4) Reception Into Care medical examination identified that Andrew is uncomfortable about using his inhaler, so an appointment will be made with the GP in Methven.
- 5) If there is any significant change in Andrew's circumstances, ie if he asks to return home or if Mr Waddell leaves the house, then this should be brought back to conference and a decision taken.

Ms Rioch, Mr Allison, Mr Craig and Andrew left the meeting at this point.

REVIEW OF A CHILD IN CARE.

Outreach Team Report.

Andrew Murray,

Date of Review ; - 15th August 1995.

I first had contact with Andrew on 20th March 1995 following a breakdown at home and prior to an emergency overnight placement at James Street residential unit on a respite basis. My role was identified, in discussion with the social worker and his senior, as providing respite for Andrew at times where it was felt that it was likely to prove difficult at home. My first contacts with Andrew were activity based and I found him to be both amenable and well behaved in my company. Andrew talked quite freely about his perceptions of his home-life and his problems, and seemed to enjoy the one to one attention that he received.

Things moved on more quickly than expected for Andrew and he was received into care following an alleged assault by Mr. Waddell. I spent some time with Andrew on the day following this incident to offer him support while his social worker obtained a Place of Safety warrant from the Sheriff. Andrew was clearly traumatised by the events of the previous night and fearful that he might have to return home to face the possibility of further aggression. Andrew was clearly relieved that the Place of Safety warrant was granted and with his subsequent placement with the [redacted].

My involvement with Andrew continued after his reception into care and took the form of activities or transport to and from school. Andrew was discernibly more relaxed after his removal from the home situation but continued to have concerns for his mother and sisters.

Andrew relates well to adults and both enjoys adult company and makes an amiable companion. Andrew does not like to be challenged, however, and has a propensity for sticking with a tall story even when an obvious flaw has been pointed out to him. Andrew also has a tendency to try and manipulate the adults around him by playing one off against the other. All the adults involved with Andrew are aware of this and encourage him to discuss matters with the appropriate person wherever possible.

At a recent planning meeting it was agreed that my involvement with Andrew should wind down, given that my original remit was to provide respite from home which is no longer required given his placement with the Anderson's. It was further agreed that I would spend a few sessions "finishing off" my involvement rather than just disappearing. I have talked to Andrew about this but due to residential commitments and Andrew's own holidays this work has still to be completed.

D.O.B. 19.9.80

Reason for Referral

Andrew was referred to this project in February following a children's hearing decision to request an intensive community assessment. At this time he was placed on a warrant as he refused to go home at the panel. The assessment reached the conclusion that due to Mr Waddell's aggression towards Andrew both physical and verbal - shared care on the nights Mr Waddell was known/or expected to have been drinking, was the most appropriate course of action. From the date of referral Andrew has received intensive support from the project. However since his present placement began this support has lessened. This is partly due to a decision taken by the core group of workers to pull back a bit and give him space to settle and form relationships.

Placement

Andrew appears very settled with [redacted] He is slowly becoming more relaxed and shows less anxiousness. although did appear to display some panic attack type behaviour when being collected for the recent NCH Action for Children survival week and also whilst on the course.

Andrew is very fond of the [redacted]
[redacted] His physical appearance has improved dramatically, he is very proud of his appearance but I understand occasionally has to be reminded about taking a bath.

Emotionally I find him to be more calmer. I believe he is beginning to trust the workers' statements that he is staying in care.

Future Work

The core group have agreed to carry out an assessment of Mrs Murray and Andrew's relationship. Ms Courtney is to work with Mrs Murray and NCH Action for Children with Andrew. This assessment will be carried out over the next few months.

Conclusion

Andrew is very settled. The next step I believe is for Andrew to get himself back to full time education. Whilst we can support him in this he has to be committed to it for it to work.

Andrew Murray - D.O.B. 19.9.80

Conclusion cont

Secondly I feel Andrew needs to be encouraged to develop his peer group relationships, perhaps initially through an organised activity, perhaps scouts, Duke of Edinburgh award scheme or something else along these lines. Andrew enjoys adult company but I do not feel it is in his best interest for him to rely solely on this.

Finally the placement has been a positive move for Andrew and I believe can offer him the security and encouragement he needs to mature and develop more confidence in himself and the adults who are in his life.

Pen Picture of Child

Andrew is a tall, slim, young man with dark brown hair.

Since his reception into care Andrew's asthma and eczema have improved considerably. He is also less anxious but still expresses some anxiety as to the stability of his situation.

Andrew enjoys conversation and is keen to participate in discussing his situation and any difficulties that present themselves. He is becoming more aware of others needs and is considering the effect of his actions on other people.

He enjoys some outdoor activities and has recently been to Teen Ranch and away with NCH on a survival course (he is less enthusiastic about the latter).

Placement

Andrew has settled well with [redacted] and has expressed that he feels comfortable discussing most aspects of his life with them. He feels that he can discuss any difficulties also. He enjoys accompanying [redacted] playing golf. He enjoys company and has adapted well to being in a house with a young baby. [redacted] takes responsibility for Andrew's general physical welfare, most of the time. Andrew found this difficult at first particularly with regard to his personal hygiene.

However Andrew now accepts that this is necessary and appreciates []'s interest in his well-being. Andrew has expressed a wish to remain at Glenalmond. Andrew's eating and sleeping pattern appear to be settled.

Visits have been frequent as to start with Andrew was collected every day to go to and from school. Joint visits have also been made by A Courtney, Social Worker and George le Blanc, Resource Worker, to monitor the placement.

School

Considering Andrew's past difficulties in settling at school it was felt that his needs could best be met by his remaining at Blairgowrie High School. He had settled better prior to the summer holidays and was visiting the Social Work Department less. Andrew expressed a wish to remain at Blairgowrie. Transport at present is partly through volunteer driver and Social Work Department staff.

Health

Andrew's eczema and asthma are stable at present and he suffers considerably less from both. He is using his inhaler now and has accepted that he needs to use this.

Access

Access over the summer holidays has been twice weekly - however this was disrupted by annual leave and Andrew also being away.

Visits between Andrew and his mum have become less confrontational. Recent visits have focused more on conversation with both Andrew and his mother discussing past events in their lives and shared memories.

Andrew also has regular contact with his sisters Michelle and Kirsty. These visits have also gone quite well.

At present either A Courtney or Louise Watt have been present during access visits.

Mrs Murray has expressed that she feels Andrew is doing well in his placement. She is positive about the access visits and feels they have been going well. She is keen for access to continue.

Mr Waddell has no contact with Andrew.

Future Action

1. Andrew to remain with []
2. Andrew to continue to attend Blairgowrie High School at present - situation to be monitored.

3. At a planning meeting shortly after Andrew's reception into care it had been agreed that a joint assessment would be undertaken by NCH and Social Work to assess Andrew's future needs with regard to his placement, contact with his family and education. This has not been started yet due to annual leave, holidays etc. It is anticipated this will be undertaken early in September.
4. Andrew to have continuing access with his mother and sisters.
5. Andrew's health and use of medication to be monitored.
6. David Craig's involvement with Andrew is to come to an end, however this will be done in a planned way.

13 RECORD OF INVESTIGATION

(i) Summary of actions taken (times/dates):

Information from PC Brailsford.

After Andrew had returned home with PC Brailsford, Mr Waddell had remained in a drunken sleep for some time. When he awoke he was made aware that Andrew had contacted OOHS and that the Police had been involved. There had ensued an episode of violence in which Mr Waddell had assaulted both Andrew and his mother. [redacted] Andrew had marks on his face but did not require medical attention. [redacted]

Given the late hour and the fact that Mr Waddell was in custody, formal child protection procedure was not commenced.

We are aware that there are plans for Andrew to come into care and feel that any planned visits home need to be reviewed in the light of this incident. There may also be implications if this sort of violence recurs.

DETAIL RECORD

(For specified incidents or agreed cases)

Client Name	Andrew MURRAY	Address	5 KINGS ROAD, COUPAR ANGUS	DOB	19/9/80

Date	Event

Andrew phoned complaining that his parents were drunk and his stepfather had put him out of the house.

I spoke to PC Brailsford at Coupar Angus. He said he would meet up with Andrew, and check out the situation.

18.58. Phone call from PC Brailsford. He has visited the home with Andrew. Andrew's stepfather is drunk and fast asleep, PC Brailsford feels he is unlikely to wake up tonight. Andrew is happy enough to stay at home tonight.

23.40. Phone call from Coupar Angus. Andrew has turned up at his house claiming to have been assaulted by Joseph Waddell.

I contacted the Police who advised me that this situation was already being dealt with.

Please see Appendix B1 for further details.

Andrew is staying the rest of the night at the s house. Please contact Andrew there.

In view of tonight's events I feel that Andrew's spending any time at home if Joseph Waddell is there raises serious questions about the boys safety.

ADDENDUM

Andrew Murray

9.45am - OOHS fax received. See Appendix B(1)

9.50am - Telephone call from [redacted] concerns expressed about Andrew returning home. I spoke to Andrew. He said he had been assaulted by Mr Waddell. Andrew said that he wished to remain where he was for the present. [redacted] was in agreement to keep Andrew with her until I visited.

Home Visit to Mrs Murray with Louise Watt, Social Work Assistant. No answer.

Issues Discussed

1. Place of Safety Order
2. David Craig to be contacted for support for Andrew
3. George Le Blanc/Lesley Lovatt to be contacted re placement
4. [redacted]
5. [redacted]

Agreed Steve Mckay would inform Rhod Napier re Place of Safety. Aileen to contact Sheriff through the Court in Perth.

Telephone call to Courthouse - Spoke to Sheriff Clerk - agreed time of 2pm to present Place of Safety to Sheriff Wheatley.

Telephone call to S Mckay to let him know. Discussion re David Craig's involvement during the day for Andrew.

Telephone call to George Le Blanc - not available - Discussed last night's incident with Lesley Lovatt. There had been a meeting on Monday 5th between myself, George Le Blanc and carers [redacted] and at that time I had let my concerns for Andrew be known.. [redacted] were willing at that time to take Andrew. Lesley agreed to pursue this with George and get back to me.

Telephone call to Colonsay for David Craig. Explained situation. David able to see Andrew from 1pm. Agreed to meet with David later in the afternoon.

Telephone call to Fiona Duffy. Spoke to Andrew and explained that David would be along to see him. Suggested it would be a good idea if he saw a doctor. Andrew reluctant at this point - quite withdrawn - possibly trauma. Andrew saying that Joey had broken his glasses when he hit him in the head.

Telephone call by Louise Watt to Police Station, Coupar Angus - Joey had been released. Charged with Breach of the Peace.

Telephone call by Louise Watt to Coupar Angus School - both Michelle and Kirsty in School no behaviour changes. School sports on today.

Discussion at Rosslyn House re plans. — *with S. McKay* —

Issues

1. Reception into Care Meeting to be organised.
2. Contact with Lesley and George to establish if they have arranged to contact
3. Contact David Craig.
4. Medical for Andrew
5. Child Protection Case Conference to be organised.
6. Return Home Visit to Vanda to discuss the situation.

Contact with David Craig by mobile phone. Agreed to meet with him and Andrew at Colonsay at approx 4pm.

Discussion at Colonsay with George to Lesley Lovatt. contacted and arrangements made to take Andrew there at approx 6.30pm.

Discussion with Andrew at Colonsay. David Craig and George Le Blanc present. Andrew appeared to be in a state of shock and was a bit withdrawn. He was pleased he would be going back to

When the benefit of a medical examination was put to Andrew for his own safety to check out any problems he agreed this might be a good idea now. I agreed to arrange this through Drumhar Health Centre. He felt OK about this. Andrew wanted to go back to his mother's house to pick up his clothes. David Craig agreed to accompany me. Andrew throughout was quiet but still maintains that Joey had punched him in the chest and head. David agreed to take Andrew for new glasses on Wednesday 7th June.

Home Visit to Collect Andrew's Clothes

Vanda present.

Andrew and Mrs Murray did not say much to each other during this time. Mrs Murray signed necessary medical forms etc. I informed Mrs Murray that there would be a hearing possibly Thursday or Friday and a Reception into Care Meeting. I said I would let her know when times had been arranged.

Andrew slept most of the way to Mr and Mrs Anderson's. He was still quite subdued when he reached the house. Andrew to be picked up by Louise Watt and taken to School.

Wednesday 7th June. Andrew to Drumhar Health Centre. Medical by Dr Downie. No signs of physical bruising noted.

Wednesday 7th June. Andrew taken to PRI by Mr Anderson following complaints of pains in his chest. Andrew was found to have some bruising to his ribs but trauma and shock were also considered to be contributory factors.

Friday 9th June. Place of Safety renewed by the panel for 21 days. Date of next panel - 28th June.

Reception into Care Meeting held at Colonsay.

Contact with Community Involvement at Perth Police on 9th June - Discussed Forensic medical with Sgt Dunn. He said that they had not been informed by Coupar Angus Police of the assault. It was his opinion that as Coupar Angus were proceeding with charges then a forensic medical would not be needed to support the charge.

Andrew remains with Mr and Mrs Anderson. He has been less subdued and is now talking more about the incident itself and has done so in more detail to Marion Dingwall (NCH).

Considering these events and previous family circumstances I would feel that a Case Conference should be convened to discuss this incident and consider the risks to Kirsty and Michelle.

Summary of Discussion + Goals/Tasks for the Future (Goals to be listed separately)

Reports were submitted by Marion Dingwall, Aileen Courtney and David Craig, all of which were distributed at the meeting.

TASKS FROM LAST REVIEW:

It was not possible to convene a Level 3 meeting prior to the end of term. This will be discussed during this Review.

PRESENT SITUATION:

Placement:

Andrew and his mother are both happy with his placement with Mr and Mrs Anderson. Mrs Murray confirmed that Andrew's absence from the home has relieved the stress there.

Mr and Mrs Anderson advised that Andrew is easy to live with and does everything he is told. He is fairly tidy and does his chores well although he is sometimes reluctant to bring his washing down.

Length of Placement:

A Mainstay Review is due to be held next week but the initial length of placement was agreed to be one year. The length of the placement could be extended beyond a year if the necessity for Andrew to be in care remains.

Access:

Access takes places Monday and Friday of each week with minor upsets during the holiday period. During the school holidays, access was from 2 - 5pm and was supervised either by Ms Courtney or Ms Watt. One access per week is for Andrew and his mother only, his two sisters join in the other access.

It was agreed that in future access could be unsupervised so long as there was no contact between Andrew and his mother's partner, Joey, but the details as to when and where access takes places will be discussed outwith this Review between Ms Courtney, Mrs Murray, Andrew and Mr and Mrs Anderson.

Social Work Involvement:

Due to her involvement in access, Ms Courtney has seen a great deal of Andrew since he came into care but she feels he is settled now and in future she will see him once a fortnight at the Anderson's house at a minimum.

Ms Courtney is also involved with Andrew's mother and his two sisters.

Ms Watt, although not now required to help supervise access, will continue to transport Andrew for access.

As Andrew is now settled in his placement, David Craig has ceased his involvement.

NCH Rural Youth Project:

Mrs Rioch advised that as agreed at the last Core Group meeting, Mrs Dingwall and Mrs Courtney will carry out joint work concerning Andrew's future needs with Mrs Dingwall concentrating on helping Andrew. She has already identified that Andrew needs help in getting on with people his own age. Mrs Rioch and Andrew went on a Survival Course for a week. Andrew did really well but Mrs Rioch noted that he does get incredibly anxious and needs help with people of his own age. Mr le Blanc advised that Andrew has now made friends in Glenalmond.

Mrs Rioch reminded Andrew that NCH were involved on a voluntary basis and he could terminate the arrangement if he was unhappy about it.

Health:

Dr Shepherd spoke to Andrew about the necessity of using his inhaler twice a day and since then Andrew has done so. He is due to return for a check up. Andrew's eczema is clearing up. Arrangements will also be made for Andrew to have a dental check up.

School:

Andrew returned to Blairgowrie High School this morning. The plan at the moment is that he should continue there but it is recognised that this entails quite a lot of travelling for him. Mrs Courtney was advised to look into the possibility of Andrew attending Crieff High School but it was agreed that if there are positive reasons for Andrew remaining at Blairgowrie these should be acknowledged.

Mrs Courtney is to arrange for a Level 3 Conference to be convened within the next month and is to maintain contact with Mr Allison, Andrew's Guidance Teacher, at Blairgowrie High School.

TASKS & DECISIONS:

- 1 Andrew is to remain in his present placement.
- 2 Regular Network meetings are to continue.
- 3 Access will continue on a twice weekly level but the details of when and where are to be discussed outwith this Review between Ms Courtney, Mr and Mrs Anderson, Mrs Murray and Andrew. It is not thought that supervision is required provided there is no contact between Andrew and Joey.
- 4 Ms Courtney is to maintain involvement with Andrew at least once a fortnight.
- 5 NCH Rural Youth project will maintain their present level of involvement with Andrew.
- 6 Ms Courtney is to maintain contact with Andrew's Guidance Teacher, Mr Allison, and is to make preliminary enquiries regarding Crieff High School.
- 7 It is suggested that a Level 3 Conference be convened within the next month.
- 8 The next Review will take place on Wednesday 15 November 1995 at 4pm at Colonsay Resource Centre Perth.

Andrew is now in care. Since coming to Blairgowrie from Perth Grammar he settled (somewhat) for a short time but subsequently avoids classes and skips school regularly. School has no idea where he wanders off to. He is attention seeking and a constant caller to the school office. He steadfastly refuses to get on with work.

NOTES:

12 Summary of Discussion

Dr. de Almeida gave the background to Andrew's present state of involvement in Blairgowrie High. The school fears for his safety because he regularly absents himself from class. Andrew refuses to go where he is told to and resists even when escorted. Andrew stated finally that he did not wish to attend Blairgowrie but wished a new start at Griffe High School. Mr McKay stated that Andrew had not settled at any school and that Education did not lie well with him. Mr. Allison supported Dr de Almeida's opinion that Andrew was uncontrollable and almost always late. Mr. McKay pointed out that Andrew was dropped off in plenty time but often went off immediately. Mrs. Dignall said that Andrew was always willing to chat, but not to work. Mrs. Courtney said that she had noticed a clear change since before he holidays and in her opinion Andrew's behaviour would be the same in any school. There was a discussion about the type of curriculum which could be put together to support Andrew.

Append continuation sheet if necessary.

NAME	ADDRESS IN CARE	D.O.B
Andrew Murray	c/o Anderson, Glenalmond College Glenalmond, Perthshire	19.09.80

Pen Picture

Andrew is a tall slim boy with dark brown hair. He engages in conversation well and responds to adult company rather than his peer group. He enjoys outdoor work and takes part in work experience at Glenalmond one day per week (Friday).

Social Work Involvement

Visits by the Social Worker to Andrew in his placement have been on a fortnightly basis unless requested by Andrew or his carers. These visits have focussed on live issues for Andrew - his feelings around his placement, access arrangements, education, future planning. Andrew has been involved with NCH Boys' Group. This has not been successful.

Placement

Andrew's placement with Mr & Mrs Anderson has provided Andrew with a different experience from his home life. However, there have been difficulties and arguments from time to time between Andrew and Mr & Mrs Anderson. Last Wednesday this resulted in Andrew saying he was packing his bags and leaving. Andrew is struggling at present with the implications of being in care, his rejection in favour of Mr Waddell by his mother and confusion around what the future holds for him. Andrew has said he doesn't want to move from Mr & Mrs Anderson. He has said he can be quiet at times and at these times would like just to be on his own. I have spoken to Mrs Anderson about this and it was agreed that if Andrew needs to be on his own then he will be left for 15 minutes or so before there are any discussions as to what this is about. problems appear to arise in the morning. This is not, I think, a house of "morning people". Andrew has requested a respite placement.

School

School has settled for Andrew. He is on a part-time placement and this has been working well. On Monday, 13th November Andrew came to the office during the day for the first time in a long time, saying he couldn't cope with school. In discussion, however, although it is acknowledged that Andrew doesn't like going to school. Andrew was more upset and anxious about other parts of his life, access and his relationship with his mother than school itself.

Health

Andrew continues to suffer from eczema, particularly at times of stress. He is also on medication for his asthma. Andrew was in hospital recently due to an asthma attack.

Access

Andrew has stated recently that he does not want access with his Mum. She is aware of this. This issue needs to be discussed more fully at this meeting

Parental Contribution

Future Plans

1. Andrew remains with Mr & Mrs Anderson for the present.
2. Appropriate respite (weekend) be sought to support Andrew (and his carers).
3. Access arrangements to be implemented, as discussed today (including contact with his sisters, Kirsty and Michelle).
4. School progress to be monitored.

Summary of Discussion + Goals/Tasks for the Future (Goals to be listed separately)

Reports were submitted by the carer, Andrew and the social worker.

PRESENT SITUATION:

Education:

Since the last Review, a Level 3 meeting has been held to consider Andrew's schooling. Andrew says he doesn't like school and there are various problems within the school. He was in fact excluded at that time. Mr Allison worked out a plan whereby Andrew attended school Monday and Tuesday 10.30 - 4am and Wednesday half day with access with his mother in the afternoon. Thursday was a normal school day and on a Friday Andrew had a work placement at Glenalmond with the ground staff. This has been working well and Andrew stated that he prefers Fridays to the rest of the week. The school situation has settled more although there are still hiccups.

Mr Allison advised that on the whole the school are impressed and happy for Andrew and there have not been so many problems as before and the relationship is more level and less likely to take off. Andrew is now treated more like an ordinary pupil. Since the Level 3 he has dropped out of Maths.

Andrew is due to leave school next May and intends to do so. He is doing very well in his work placement as a groundsman and would like to carry on with this type of work and possibly take a College course. Mr Allison considered that Perth College would be able to offer a suitable course and Mr Anderson advised that there might be a vacancy at Glenalmond next year when Andrew could be taken on as an apprentice with Day Release.

PLACEMENT:

Mr Anderson advised that Andrew would argue with Mrs Anderson on mornings when he had to go to school but he gets up on Fridays without problems. He has become cheekier in the house and he will answer back more readily than before. Andrew tends to fall out with Mrs Anderson more than Mr Anderson. He has had a lot to cope with over the last two weeks and now faces a change of social worker.

However, Andrew has made friends at Glenalmond and he goes out with them at weekends.

RESPITE:

Ms Courtney advised that Andrew feels a respite break would be good and Mr Napier has given agreement to the odd weekend at Teen Ranch. Ms Courtney spoke to Teen Ranch earlier today and it is hoped to arrange a weekend away every 4/6 weeks. Andrew spends the odd night with Mrs Anderson's sister although there can be friction between himself and the boy living there.

Ms Courtney advised that she spoke to Mr Le Blanc this morning who advised that no Mainstay carers are available at the moment for respite but there may be in the future.

Attempts will be made to arrange respite as soon as possible.

ACCESS:

Ms Courtney advised that Andrew's access with his mother was supposed to take place every Wednesday afternoon from about 1.30 until the volunteer driver usually picked him up at normal school leaving time. Andrew cannot go to his mother's house during this time because Mrs Murray cannot ensure that Joey will stay out of the house while Andrew is there. Ms Courtney finds it difficult to see Joey to get his agreement.

Andrew has said that access time is always very short because his mother always has to go somewhere else, sometimes to see to the girls, and this is making Andrew feel he is not important in his mother's life. It is not felt realistic that Joey would give an undertaking to remain out of the house while Andrew visited and Ms Courtney felt the only other option would be to look at somewhere for Andrew and Mrs Murray to go. Blairgowrie office is nearly completed and that would be a possibility. Andrew would like an activity such as swimming but Mrs Murray is not activity minded.

It was agreed that attempts to resolve this issue should be made by the social worker and Mrs Murray.

Ms Courtney advised that Mrs Murray is upset about Andrew calling Mr and Mrs Anderson "mum" and "dad". Andrew has now been in care for 6 months, Joey is in his home and he is not, and Andrew is not having much contact with his family. Access was supervised up until the last Review but even then Mrs Murray only stayed a short time. Mrs Murray agreed that she understands why Andrew feels as he does but declined to comment. In response to a query from the Chair, Mrs Murray agreed she had a commitment to maintaining her relationship with Andrew but she also had other commitments.

Mr Mackay advised that Andrew would be happy to have occasional telephone calls from his mother and, although he realised she did not have a telephone, wondered if she could use a public telephone.

NCH:

Ms Macdonald advised that she took over from Mrs Dingwall in September of this year when Andrew was more settled in his placement. At that time the main concerns were with his behaviour, self-esteem and peer group relationships.

She advised that the group work has been quite hard for Andrew as he had to look at his own behaviour and was challenged to do something about it. He has talked a lot more over the last few weeks about his feelings regarding the situation with his mother and he has reached the point of saying that he does not want to go back to the group. Andrew is, however, committed to the individual work she is doing with him but she feels that the group work should be left until the future. She considered that Andrew does not like looking at his own behaviour and taking responsibility for that.

Ms Macdonald has agreed to tackle Life History work with Andrew.

SOCIAL WORK INVOLVEMENT:

Ms Courtney is leaving the Department at the end of next week and another worker has yet to be identified for Andrew.

HEALTH:

Andrew suffers from Asthma and took ill during the NCH Group on 18 October 1995. He was taken to hospital where he remained for two nights. Andrew was initially unhappy with the way this was handled at the Group but now realises it was partly due to his own reaction.

Andrew also suffers from excema which comes and goes. At times he forgets to use his cream and if he is stressed he just doesn't bother. He stated, however, that he does wear gloves at work when necessary.

Mrs Anderson has advised that his personal hygiene is sometimes not good and Andrew admitted that he sometimes just doesn't bother but it is felt that this may be linked to the way he feels about himself.

FUTURE PLANNING:

Mr Allison advised that the school are arranging a trip to Perth College in the next couple of weeks and will try to arrange for Andrew to go. He told Andrew he would encourage him to take a Groundsman course at Perth College.

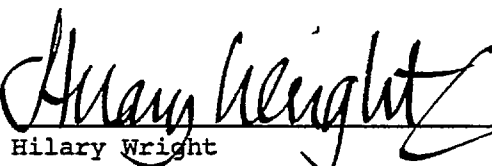

There are no plans to rehabilitate Andrew to his mother and it is becoming increasingly obvious that this is no longer an option. Andrew is aware of this and would like to remain with Mr and Mrs Anderson until he is able to look after himself. Mr and Mrs Anderson have agreed to this.

TASKS & DECISIONS:

Ms Macdonald advised that she took over from Mrs Dingwall in September of this year when Andrew was more settled in his placement. At that time the main concerns were with his behaviour, self-esteem and peer group relationships.

She advised that the group work has been quite hard for Andrew as he had to look at his own behaviour and was challenged to do something about it. He has talked a lot more over the last few weeks about his feelings regarding the situation with his mother and he has reached the point of saying that he does not want to go back to the group. Andrew is, however, committed to the individual work she is doing with him but she feels that the group work should be left until the future. She considered that Andrew does not like looking at his own behaviour and taking responsibility for that.

Ms Macdonald has agreed to tackle Life History work with Andrew.

SOCIAL WORK INVOLVEMENT:

Ms Courtney is leaving the Department at the end of next week and another worker has yet to be identified for Andrew.

HEALTH:

Andrew suffers from Asthma and took ill during the NCH Group on 18 October 1995. He was taken to hospital where he remained for two nights. Andrew was initially unhappy with the way this was handled at the Group but now realises it was partly due to his own reaction.

Andrew also suffers from eczema which comes and goes. At times he forgets to use his cream and if he is stressed he just doesn't bother. He stated, however, that he does wear gloves at work when necessary.

Mrs Anderson has advised that his personal hygiene is sometimes not good and Andrew admitted that he sometimes just doesn't bother but it is felt that this may be linked to the way he feels about himself.

FUTURE PLANNING:

Mr Allison advised that the school are arranging a trip to Perth College in the next couple of weeks and will try to arrange for Andrew to go. He told Andrew he would encourage him to take a Groundsman course at Perth College.

There are no plans to rehabilitate Andrew to his mother and it is becoming increasingly obvious that this is no longer an option. Andrew is aware of this and would like to remain with Mr and Mrs Anderson until he is able to look after himself. Mr and Mrs Anderson have agreed to this.

TASKS & DECISIONS:

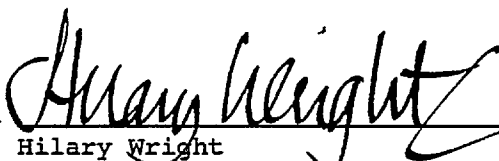

1 Andrew is to remain with Mr and Mrs Anderson and it is becoming increasingly unlikely that he will be able to return home.

2 It is hoped to arrange weekend respite, perhaps every 4/6 weeks.

12 WEEK REVIEW

Name: Andrew Murray **Date of Birth:** 19.9.80

School: Blairgowrie High

Referrer: Aileen Courtney (Social Worker)

As part of supervision package to support continuing difficulties with school and emotional difficulties re separation from mother and siblings.

Worker's View

At the time of taking over from Marion, the main areas of work were around Andrew's behaviour and thinking through the consequences of this. This included peer group relationships and behaviour at school. Also some work around self-esteem.

Initially Andrew was involved in the Boys Groups and although there was some positive aspects to this in relation to self-esteem and peer group skills, overall Andrew found the group very difficult due to ongoing difficulties after Andrew assaulted another group member.

It was agreed I would work with Andrew on the confusion he was having about all the people involved in his life and how he was feeling towards mum.

So far, Andrew and I have looked at his recollection of how things were at home before he was received into Care and why he was received into Care. Andrew was able to give a clear account of this and does not feel it is his fault he has been received into Care. Recent work has focused on Andrew's feelings towards his mum and all the people involved in his life. Andrew seems to have been able to work through his anger towards mum and is more accepting of her situation and how this can affect access etc.

Follow Up Work

To complete the two sessions as agreed.

Andrew can be re-referred to the project if there are any further difficulties which may affect his placement.

Andrew Murray - D.O.B. 19.9.80

Worker's View cont

Andrew currently feels cared for by mum although knows he will not be returning home. Andrew wants to stay with Jakki and Willie and is positive about planning for the future with them. This seems to have helped Andrew settle down and there have been less difficulties with his behaviour.

Andrew and I will finish with two further sessions focused on his feelings of anger and hatred towards Joey unless there are other areas of work to address.

Andrew's View

Although Andrew was able to say that he has found some aspects useful and has enjoyed being involved in the Project, he disagreed with my view of the Boys Group saying I took sides with the other boy. (This made it difficult to discuss in what ways he has found it helpful etc).

Jakki and Willie's View

Essentially Jakki and Willie agreeing with my summary. Still saying there is always "something" with Andrew, however agreeing things have settled down with Andrew's behaviour and there are no issues which are affecting his placement.

Rosie's View

As Rosie has recently taken over the case she felt it was difficult for her to comment, however feels the recent work has been worthwhile and agrees that Andrew should finish with the Project given that the Andersons and Andrew himself, feel there are no further issues to address.

Pen Picture

Andrew is a tall slim young man with short dark brown hair and glasses.

Social Work Involvement

The author has scheduled meetings with Andrew on a fortnightly basis during school lunch hours. In addition to this there has also been some ad hoc contact when Andrew has come to the Social Work Office to discuss issues which he feels cannot wait until the next scheduled meeting. Andrew has recently began contact again with Isla McDonald from NCH. This has been primarily to address issues regarding Andrew's feeling about Jacqui and Willie Anderson and the breakdown of his placement with them. It was hoped that doing this work would prevent Andrew discussing these feelings at length with Nacha. It appears that Andrew is doing both which is creating some friction between himself and Nacha.

Suitability of Placement

Andrew states that he is happy in his placement with Nacha and wishes to remain in Nacha's care. His behaviour, however, does not always portray this wish. He has been missing school quite a bit recently and is clearly testing out the boundaries Nacha is placing on him. I have no doubt, however, that Nacha has adequate experience and skills to address this behaviour.

School

Andrew was very upset recently when he received his report card which gave him seven in two of the three subjects that he will be sitting at Standard Grade. The narrative in all three subjects stated that Andrew could achieve Higher Grades if he applied himself. Andrew was unable to see this in any positive light and his recent school absences have begun since he received this report card.

Andrew's Guidance Teacher informed the author this morning that it may be possible for him to have some block time at his work placement. He will continue to pursue this and let us know when final arrangements are made.

Health

With reference to the issue raised at the last Review regarding the removal from prescription of the medication Andrew needs for his eczema, on further investigation Nacha was able to ascertain that this would not apply in Andrew's case as he is in the care of this department.

Access with Natural Family

Andrew was having regular access with his mother every Wednesday afternoon at the Social Work Office in Blairgowrie. However, since his mother's move into the Homeless Unit in Perth on 5th March 1996, this contact has been more frequent and on an ad hoc basis. The Housing Department are, as yet, not in a position to indicate how long it will be before she is allocated alternative accommodation or where this may be.

As was mentioned at the movement in care meeting, Andrew has recently re-established his contact with his Uncle Chris in Glasgow. This had led to a number of disagreements between Andrew and Mr & Mrs Anderson as he was insisting he should be allowed to visit every weekend. This would appear to have occurred on two occasions, remaining overnight on Saturday, 27th February, following his initial visit with his mother on Wednesday, 17th January. This only came to the attention of the author during a meeting with the carers and Andrew on 29th January. When Andrew moved to Nacha's, it was made clear that he would not be allowed to visit his Uncle unless on a planned basis and that this could not be on an overnight basis. With the agreement of his mother, arrangements were made for Andrew to visit his Uncle Chris on Saturday, 2nd March, with the clear understanding that he should return on the evening of the 2nd March. Andrew did not return, as agreed, and was eventually collected by Nacha late on Sunday, 3rd March. Andrew maintains he had good reason for this change in plan, citing his mother's difficulties with her partner on the evening of Saturday, 2nd March. His mother maintains that she attempted to discourage Andrew from becoming involved.

On Tuesday, 5th March, following a telephone call from his Uncle Chris, Andrew eventually confided in Nacha that on Saturday evening a 32 year old female guest of his Uncle Chris had sexual intercourse with him against his will. His Uncle Chris has contacted the Police in Strathclyde who interviewed this woman and requested Perth Police to take a statement from Andrew. Andrew was interviewed by the author and Pauline McDougall from C.A.F.S.E.S. on Thursday, 7th March. Andrew's statement will be sent to Strathclyde Police for them to ascertain whether or not a crime has been committed. From the description of events given by Andrew, it would appear that although he was actively encouraged by this woman, this act did not take place against his will. These events have clearly brought the suitability of him having access to his Uncle Chris's home into question and he has now been informed that any access to his Uncle Chris can only take place if his Uncle Chris visits him in Perth and does not have sole responsibility for Andrew during the visit.

Future Plans

1. Andrew remains in Nacha's care.
2. Access to his Mum continues as at present while she is living in Perth

Current Situation

Andrew was placed on a Section 44 (1) (a), naming Mr & Mrs Anderson as his carers since the Hearing on 28th June 1995. The placement has not been without its difficulties but these have been manageable. It was agreed at an In-care Review on 15th November 1995 that Andrew would remain in the care of Mr & Mrs Anderson on a longer term basis, as it had become increasingly unlikely that he would be able to return home. At this time it was agreed that regular respite should be arranged every 4/6 weeks. Unfortunately there were no mainstay carers available to offer this respite and although arrangements were made for Andrew to attend Teen Ranch in Inchtute, this is not scheduled to take place until 23rd - 25th February 1996.

On Monday, 29th January, Andrew visited the author and stated that he did not wish to return to Mr & Mrs Anderson's as he was not happy there. He stated that he had fallen out with Mrs Anderson on Friday evening and again this morning. He said that there had been a number of problems for sometime with his relationship with Mrs Anderson but he had felt unable to say so before. He quoted a number of incidents when he felt Mrs Anderson was being unreasonable although he was able to acknowledge that he was equally as responsible for some of the difficulties that have occurred in his relationship with Mrs Anderson. It was agreed at this time that we would meet with Mr & Mrs Anderson and their Mainstay worker to attempt to resolve some of these issues. Andrew was informed that it would not be possible to move him that day but if he wished, he could give us 28 days notice of his wish to terminate, as agreed in the placement contract. Following discussion Mr & Mrs Anderson said that they would like Andrew to stay and were willing to attempt to resolve any differences but should Andrew decide that he did not wish to continue the placement, they would continue to care for him until an alternative placement had been identified.

It was agreed at this time that attempts would be made to offer respite for the forthcoming weekend.

Andrew visited the author again twice during that week complaining about what was happening in the placement. He was again informed that he could not be moved until another placement had been found. Andrew gave his assurances at this time that he would work with Mr & Mrs Anderson over the next few weeks.

Andrew went for his respite with Mr P O'Mairthini on Friday, 2nd February and returned to Mr & Mrs Anderson's on Sunday, 4th February. However, due to the weather conditions he was not able to get back to Glenalmond from school and returned to Mr O'Mairthini's care on Thursday, 8th February 1996.

Following this period of respite, Andrew asked if he could have a full time placement with Mr O'Mairthini. It was agreed that this would be discussed but that he needed to return to the care of Mr & Mrs Anderson at present. On Thursday evening following a disagreement with

**Children's Hearing Report - Andrew Murray, dob 19.09.80,
c/o Mr P O'Mairthini, 14 Ashgrove, Perth**

Mr & Mrs Anderson, Andrew went to Perth to see Mr O'Mairthini and stated that he was not going to return home. He was, however, returned to Mr & Mrs Anderson's care by the Police. Arrangements were then made for him to have a further period of respite care with Mr O'Mairthini from the 9th - 11th February, 1996. Prior to Andrew leaving for his respite on Friday, he would appear to have provoked an argument with Mrs Anderson and due to this, it was agreed that Andrew should remain in Mr O'Mairthini's care until Tuesday, 13th February, in order to ascertain whether there would need to be some changes to the original plan. Mr & Mrs Anderson have now said that given Andrew's behaviour and his clear objective to move from the placement, they do not feel they can continue to care for him. Andrew has, therefore, been transferred to Mr O'Mairthini's care with effect from today under Section 44 (6).

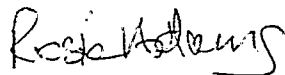

It is anticipated that Andrew will be placed with Mr O'Mairthini on a full time basis but this has yet to be explored more fully and agreed by all concerned. A meeting to discuss this has been arranged between Mr O'Mairthini, his Mainstay worker, the author and the social worker of the other young person currently residing with Mr O'Mairthini for Tuesday, 13th February 1996 at 3.00 pm.

Conclusion

It had been anticipated in November 1995 that Andrew would remain with Mr & Mrs Anderson on a longterm basis, given the unlikelihood that he would be able to return home. At this time it was acknowledged that periods of respite would be beneficial. Unfortunately this has not been possible and the first arranged date for respite is 23rd-25th February 1996.

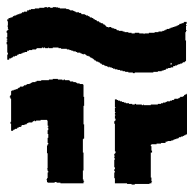

On 29th January Andrew informed the author that he no longer wished to continue his placement with Mr & Mrs Anderson as he was unhappy there. It was agreed at this time that he would give 28 days notice to terminate the placement but would continue to be cared for by Mr & Mrs Anderson until this time had elapsed and in the interim periods of respite for the weekends would be arranged. It had been hoped at this time that the placement could still be salvaged. However, it became obvious by Thursday, 8th February that this was no longer the case. Although the plan remained that Andrew would still be cared for by Mr & Mrs Anderson until the 28 days had expired.

Andrew expressed a wish to reside with Mr O'Mairthini on a longterm basis and this possibility is currently being discussed. Due to Andrew's behaviour, Mr & Mrs Anderson have now said that they cannot continue to care for Andrew and he has now been moved to the care of Mr O'Mairthini under Section 44 (6).

Social Work/NCH Involvement

The author has scheduled meetings with Andrew on a fortnightly basis during school lunch hours. In addition to this, there has also been quite a bit of ad hoc contact when Andrew has come to the Social Work Office to discuss issues which he feels cannot wait until our next scheduled meeting. We have also recently attended Movement in Care and In-care Review meetings, in addition to a contract meeting.

Andrew has recently begun contact again with Isla McDonald from NCH. This has been primarily to address issues regarding Andrew's feelings about Jacqui and Willie Anderson and the breakdown of his placement with them. It was hoped that doing this work would prevent Andrew discussing these feelings at length with Mr O'Mairthini. It appears that Andrew has been doing both, which has created some friction between himself and Nacha.

Andrew recently informed the author that he visited Mr & Mrs Anderson while at Glenalmond on his work placement last week and that this visit was successful.

Andrew's Current Placement

Andrew states he is happy in his placement with Mr O'Mairthini and wishes to remain in his care. His behaviour, however, does not always portray this wish. He is clearly testing out the boundaries Mr O'Mairthini is placing on him. An example of this was Andrew taking Mr O'Mairthini's car and driving it around Perth in the small hours of Monday morning (18th March 1996) before returning it to the same spot in the drive. Andrew was accompanied by the other young person staying with Mr O'Mairthini and a family friend. All three had sneaked out of the house after having all gone to bed. This only came to Mr O'Mairthini's attention when the Police informed him that they had seen his unsecured car a few miles from his home. They have agreed that they will not charge Andrew on this occasion but would leave Mr O'Mairthini to impose sanctions on Andrew. I have no doubt that Mr O'Mairthini has adequate experience and skills to address this behaviour.

School

The voluntary driver Andrew had received to take him back and forward to school was stopped in early January. This was in order to give Andrew more responsibility for himself and his school attendance. He initially travelled to school by bus two mornings a week and was collected two mornings a week (due to his timetable) and got the bus back to Perth four days a week. His placement at Glenalmond College has continued and he is transported back and forward there by a voluntary driver. This plan originally worked very well and Andrew was taking responsibility to get himself to and from school at the times expected.

**Children's Hearing Report - Andrew Murray, dob 10.09.80
c/o O'Mairthini, 14 Ash Grove, Perth**

This situation has recently changed and his attendance at school has been poor. On the days that he is taken to school, he goes in and then leaves. This would appear to coincide with the issuing recently of report cards. Andrew received very poor grades and despite the narrative stating Andrew could achieve higher grades if he applied himself, he was unable to see this in any positive light.

It had been hoped that it may be possible to arrange an extended period of work experience for Andrew. However, Glenalmond are not in a position to offer anything other than one day per week.

Mr O'Mairthini is attempting to encourage Andrew to attend school regularly but despite it seeming that Andrew is attending, it has on occasions later come to our attention that Andrew has not, in fact, been in school.

Access with Family

Andrew was having regular access with his mother every Wednesday afternoon at the Social Work Office in Blairgowrie. This changed when his mother left her partner, Mr Waddell and was moved to the Homeless Unit in Perth on 5th March 1996. Since this time Andrew has been having more frequent contact with his mother and it has recently reached a stage where he is spending time there without Mr O'Mairthini's or his mother's prior knowledge. In order to resolve this situation, it was proposed that the author would meet with them to look at a clear plan for access. This plan was not agreed, however, as Andrew was refusing to co-operate, stating that he no longer wanted any further access with his mother or sisters.

In the author's opinion Andrew was taking this attitude as he was upset at his mother stating at a Departmental In-care Review two days before that she did not think it would be possible for Andrew to return to her care as soon as she obtained alternative accommodation.

The author would support Mrs Murray's view that an immediate return to her care is not an option at present. Andrew was made aware that the department's position on this is that he was outwith his mother's control prior to his reception into care and, given his recent behaviour, there is nothing to suggest that this situation has changed.

In addition to this Mrs Murray clearly needs some time to deal with the issues regarding leaving her partner and being a witness to a murder in Coupar Angus. It is still hoped that Andrew will change his mind about regular access to his mother and that once she has her own tenancy that overnight access could be an option. However, this will not be within the next few weeks. Andrew struggles with this, as he always wants everything to happen now and thinks he can force people to see his point of view or do things at his pace which is what I suspect he hopes to gain by refusing to see his mother at the moment.

**Children's Hearing Report - Andrew Murray, dob 10.09.80
c/o O'Mairthini, 14 Ash Grove, Perth**

Andrew had recently recently re-established his contact with his Uncle Chris in Glasgow. This had led to a number of disagreements between Andrew and Mr & Mrs Anderson as he was insisting he should be allowed to visit every weekend. This would appear to have occurred on two occasions, remaining overnight on Saturday, 27th February, following his initial visit with his mother on Wednesday, 17th January. This only came to the attention of the author during a meeting with the carers and Andrew on 29th January. When Andrew moved to Nacha's, it was made clear that he would not be allowed to visit his Uncle unless on a planned basis and that this could not be on an overnight basis. With the agreement of his mother, arrangements were made for Andrew to visit his Uncle Chris on Saturday, 2nd March, with the clear understanding that he should return on the evening of the 2nd March. Andrew did not return, as agreed, and was eventually collected by Nacha late on Sunday, 3rd March. Andrew maintains he had good reason for this change in plan, citing his mother's difficulties with her partner on the evening of Saturday, 2nd March. His mother maintains that she attempted to discourage Andrew from becoming involved.

On Tuesday, 5th March, following a telephone call from his Uncle Chris, Andrew eventually confided in Nacha that on Saturday evening a 32 year old female guest of his Uncle Chris had sexual intercourse with him against his will. His Uncle Chris has contacted the Police in Strathclyde who interviewed this woman and requested Perth Police to take a statement from Andrew. Andrew was interviewed by the author and Pauline McDougall from C.A.F.S.E.S. on Thursday, 7th March. Andrew's statement will be sent to Strathclyde Police for them to ascertain whether or not a crime has been committed. From the description of events given by Andrew, it would appear that although he was actively encouraged by this woman, this act did not take place against his will. These events have clearly brought the suitability of him having access to his Uncle Chris's home into question and he has now been informed that any access to his Uncle Chris can only take place if his Uncle Chris visits him in Perth and does not have sole responsibility for Andrew during the visit.

Future Plans

It is proposed that Andrew will be referred to the Muirton Youth Car Project to help him deal with his fascination with cars. It is anticipated that the meeting to begin the first stage of this course will take place after the Easter holidays.

Andrew plans on leaving school as soon as possible which is after his exam leave in May this year.

Andrew has very unrealistic thoughts regarding this and thinks he will find work no problem, and has by his own description been pestering the staff at Glenalmond in an attempt to force them to take him on. Due to this, he is not engaging in discussion with the School Careers Officer.

**Children's Hearing Report - Andrew Murray, dob 10.09.80,
c/o O'Mairthini, 14 Ash Grove, Perth**

Conclusion and Recommendation

The author has met with Andrew on a number of occasions since his move to Mr O'Mairthini's. Andrew has also recently resumed his contact with Isla McDonald from NCH, primarily to address some of Andrew's feelings about the breakdown of his placement with Mr & Mrs Anderson.

Andrew states he is happy in his placement with Mr O'Mairthini and wishes to remain in his care. He is clearly testing out the boundaries being placed on him. However, I have no doubt that Mr O'Mairthini has adequate experience and skills to address this behaviour.

In January Andrew began making his own way to school two days a week. Initially he responded well to this responsibility, however, since his report card was issued his school attendance has been poor. Attempts were made to increase his time at this work placement at Glenalmond. However, this has not been possible.

Andrew's mother has recently moved into the homeless hostel in Perth. Since this time Andrew has had regular contact with his mother but this has recently got out of hand. In an attempt to resolve this situation it was proposed that an access plan be made. However, at this time Andrew was refusing to become involved because he said he no longer wanted further access with his mother and sisters.

Mrs Murray has recently stated that she did not think it would be possible for Andrew to return to her care. This department would support this view in the light of Andrew's behaviour. It is still hoped that Andrew will change his mind about access and that once she has her own tenancy, overnight access could be an option. However, this will not be within the next few weeks.

Andrew has recently re-established his relationship with his Uncle Chris in Glasgow. Events during this contact have brought the suitability of Andrew visiting his Uncle Chris into question. This has led to the decision that any future access with his Uncle Chris can only take place in Perth and with another responsible adult person.

Due to the recent incident with Mr O'Mairthini's care, it is proposed that Andrew be referred to the Muirton Youth Car Project to help him deal with his fascination about cars.

Andrew plans to leave school as soon as possible. He has unrealistic thoughts regarding finding work and has been pestering staff at Glenalmond in an attempt to force them to take him on.

**Children's Hearing Report - Andrew Murray, dob 10.09.80,
c/o O'Mairthini, 14 Ash Grove, Perth**

Andrew continues to require compulsory measures of care. I, therefore, recommend that he remains on a Section 44 (1) a with the following conditions:-

He resides with Mr P O'Mairthini, 14 Ash Grove, Perth
(with effect from 30th April - 31 Allison Court, Newton Glade,
Tulloch)

The requirement to reside is subject to the discretion of the
Director of Social Work to grant leave from time to time to
enable him to engage in approved activities.

Subject to the discretion of the Director of Social Work and
the agreement of the child/parent/guardian, the child may have
respite care with other carers approved by the Social Work
Department in terms of the Boarding Out and Fostering of
Children Regulations (Scotland) Regulations 1985.

APOLOGIES:

Mrs Murray Andrew's mother.

BACKGROUND:

Andrew's placement with Mr and Mrs Anderson had broken down and so this current placement was arranged for him. The difficulties at the Andersons were complex but essentially Andrew felt he wasn't valued and that he took second place to the Anderson's own son. He felt that Mrs Anderson was picking on him and he also felt that they pried too much into his affairs. He felt that they talked about other youngsters who were placed there previously inappropriately. It was acknowledged that no respite had been available for the placement despite this being identified as a need. Respite had, therefore, not been available until after notice of the placement's termination had been given.

Andrew has also contacted his family in Glasgow and has demanded to spend weekends with them, largely because he was unhappy in his placement. Quite rightly these situations hadn't been checked out as so it was not appropriate to allow Andrew to go to Glasgow in these circumstances.

Some of these difficulties arose because Andrew's negotiating skills are very poor as are his methods of dealing with conflict and stress. Andrew clearly has to deal with his anger over this breakdown and the other incidents from his past, and in consequence he has been referred to the NCH Rural Youth Project for this work to be undertaken.

Andrew did do some work on his history and the reasons for his reception into care, and some work about his feelings about his mother, however this work finished in January and would better have been done earlier in the opinion of the social worker.

EDUCATION:

Andrew continues to attend Blairgowrie High School on a part time timetable and is also having work experience at Glenalmond College. Andrew has apparently been trying to get out of school by feigning illness but Nacha has been firm with him.

Andrew gets a voluntary driver to work experience and there are no difficulties about this. He gets a lift to school with Steve Mackay or gets on the 'bus. Andrew seems to be handling the 'bus very well.

HEALTH:

Andrew eats well but is not keen on vegetables. He refused a Movement in Care medical but is due for a check up in four weeks' time. He saw his doctor yesterday and is fine but continues to be on his asthma medication. Nacha intends to take him to the Asthma Club in Perth.

Of note for this part of the record is that Andrew has a skin condition for which he has a certain type of medication. Apparently this medication will not be available on the National Health Service after 5 March 1996 and will need to be purchased. This matter is to be taken up and flagged for Mr Frew.

ACCESS:

Access takes place every Wednesday afternoon in Blairgowrie or in Coupar Angus, Andrew's home, when his mother's cohabitee is not there.

PLACEMENT:

A placement meeting took place yesterday and it was acknowledged there was a need to consult with Kale's social worker (Kale is the other youngster in the placement). However, Kale has no objections and neither does his social worker so the placement could well be permanent.

CHILDREN'S HEARING:

Andrew was moved on Section 44(6) and a Children's Hearing is due to take place later today.

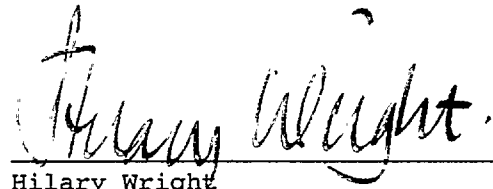

OTHER ISSUES:

Andrew's clothes have not been maintained in care. He needs clothing and Rosie Adams is to check this out. His bicycle is also to be collected, plus computer games, from his previous placement. Mrs Lovatt is to check out the issue of the computer games which have apparently been borrowed by a nephew of Mr and Mrs Anderson.

TASKS & DECISIONS:

- 1 It is likely that this placement will now become permanent for Andrew, terms and conditions of this contract to be negotiated.
- 2 Andrew is to be referred to the Rural Youth Project to deal with his anger and his methods of dealing with conflict and negotiation.
- 3 A Hearing is to take place later today at which it will be recommended that Andrew's Supervision Order be altered naming Nacha O'Mairthini as his carer.
- 4 Access will continue to take place every Wednesday afternoon in Blairgowrie or at Andrew's home in Coupar Angus, provided his mother's cohabitee is not there.
- 5 The issue of Andrew's medication for a skin complaint not being available on the NHS after 5 March 1996 to be flagged for Mr Frew.
- 6 The next Review will take place on 18 March 1996 at 4pm at Colonsay Resource Centre.

**Planning Meeting re Andrew Murray
at Colonsay Resource Centre on 22nd April 1996**

Present:

Steve Mackay, Senior Resource Worker
Nacha O'Mairthini, Mainstay Carer
Rosie Adams, Social Worker
Andrew Pennycook, Senior Social Worker
Alan Keep, Senior Residential Worker

Meeting to discuss present situation regarding Andrew Murray, currently placed with Nacha in a Mainstay placement. A secure accommodation place had been found for Andrew on Friday, 19th April, at Rossie School. However, Service Manager, John Gilruth and W Frew, Head of Child Care, had decided that Andrew had not met the criteria for admission to secure accommodation on that date.

Andrew had been looked after over the weekend by residential staff and his Mainstay Carer. He had absconded on a number of occasions and had threatened Nacha with a glass bottle (unbroken). In the absence of John Gilruth, Line Manager for the case, Rhod Napier decided that this did not sufficiently change the circumstances of the case and he felt that this did not change the decision that Andrew did not meet the criteria for a secure accommodation place. Nacha was asked to decide whether he felt he could continue to care for Andrew and it was agreed that the package of support from residential staff should be continued and increased to provide support to the mainstay placement.

A further meeting continued with A Pennycook, R Adams, Nacha and Alan Keep and a programme of support was agreed including two overnights for the coming week.

A further Network/Planning meeting was called for Friday, 26th April.

Network Meeting - 26th April at Colonsay Resource Centre re Andrew Murray

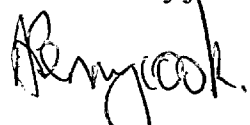

Present: Nacha O'Mairthini
Rosie Adams
Alan Keep
Andrew Pennycook
Jake Munro, Residential Worker
Catriona Rioch, NCH

General discussion took place re Andrew's behaviour over past few days. He had stolen a works van on Tuesday and now has an estimated 65 charges pending. Andrew was then taken away for two days to a Unit in Creiff by residential staff. This had been pre-arranged to give Nacha a break from Andrew's difficult behaviour.

Discussion then centred around a number of current issues.

- 1) Andrew's membership of Car Project. Some concerns expressed re group make up as Andrew is friendly with a number of group members and had stolen the work van with one group member. Agreed that Andrew should attend Group and that he should be informed that this is not his choice as it is a requirement of his Supervision Order. Also concern expressed as one of Andrew's friend's grandparents has been in touch with Nacha to ask Nacha to care for Andrew's friend. This will be taken up by Rosie and Nacha with Andrew's friend's Social Worker.
- 2) Agreed that Jake Munro and Dave Craig are identified as the two residential workers who will deal with Andrew. A programme of times were agreed for the next month (copies of rota to be circulated by Alan Keep).
- 3) Roles and tasks were identified for each set of workers and mainstay carer. The roles and task for Nacha, Rosie and Isla (NCH) are as agreed on 1st April. (see attached).
- 4) Role for residential staff is to:-
 - i) Make referral to the 'Give & Take' Project for Andrew and discuss with him.
 - ii) Discuss careers options with Andrew
 - iii) Jake and Dave to discuss offending behaviour. NCH pack to be used and Jake will discuss pack with Catriona.
 - iv) Residential Staff will help Andrew with exam revision.

Andrew Murray joined meeting and was informed of above.

OPTIONS FOR A SPECIFIC SUPPORT
PROGRAMME FOR ANDREW MURRAY

MAY 1996
CONFIDENTIAL

BACKGROUND

Carolina House Trust, at short notice, was asked to consider options to support Andy and offer services which might help to avoid a secure accommodation order being made at a Hearing on 28 May 1996.

Andy has a complex home background, including a dysfunctional family home and a failure in one mainstay placement. Over the past six months, he has become regularly involved in the theft of motor vehicles. The Hearing on 28 May will consider some 150+ offences in relation to his activities, which include attempts to escape the police and a high speed chase on the Perthshire motorway network. Andy is placed on a 44(1)A named place supervision requirement with a single mainstay carer, who has a good relationship with him, but is needing help urgently to sustain the placement.

The Social Work Department and Perth Rural Youth project have been offering support which could still be available as part of a comprehensive and co-ordinated plan.

ASSESSMENT AND BASIS OF RECOMMENDATIONS

The Trust has attended one meeting with the manager, senior and social worker who are case accountable. From this initial meeting, a full day of assessment visits were then conducted by Pauline Omond, who spent time with the senior, social worker and Andy. During the early evening she also visited "Nacha" the mainstay carer. On Sunday 12 May, Garry Finney spent a full ten hour day with Andy at Moulzie (the Trust's cottage) and walking in the Glen Clova area. Information from these sessions is used to frame this proposal.

The options

On the attached chart, a number of key areas for work are identified for action. Set against these are our proposals to begin direct intervention.

Work with Andy, regarding the motor vehicle offences, has been started in a groupwork programme run by SWD staff. During our discussions with Andy, he explained that he was "sick of people talking about the offences" and indicated that he was not keen to become involved in further work in this area. In view of the short period of time prior to the Hearing, and his reluctance, it seems unwise to propose further specific work in this area from outset. We may discover his willingness to consider this later. Perhaps during the discussion of other topics in the programme, which has been devised to begin work on some of the deeper issues underlying the offence behaviour.
