Hesley very well organised this morning until she tumbled milk down her jumper - took a bit of persuading to change it - Hesley complained of not having clothes.

I went to Galloway Small School for my lunch - Hesley took her turn to serve the food and she did a very good job. I have given Hesley a task to do for me to keep her occupied this evening.

28-9-99 Took video recorder from sitting room to bedroom. E. Gray - This was removed.
Hesley in + around unit. Hesley was hyper active and getting herself involved with peer group when police arrived at unit. Kept coming in + out of the office I had to be spoken to about this by staff.
Left unit at 9.30pm with other residents. Reported as missing. Frankie

Night: Staff went to look for Hesley & others but no sightings. At 11.00pm she was reported as missing to the police, dad also notified. Police arrived to collect appropriate forms & were going to Queen's Street & town area to have a look.

Lesly was returned to unit at 10.15 by L. Abrines S/W. Spoken to by Ruth Shearman A.V.M. and S/W. about the risks involved in absconding. Taken to her room by S/W and stayed there.

On arrival back to unit from school.

Lesly had a meeting with G & L. Abrines & R. Shearman. Discussed with Lesly her behaviour over the past 3 days. Lesly informed that she will have to learn to say no to other residents when they ask her to abscond - or find ways of dealing with this Lesly informed

1, she will be on close one to one supervision until Graham says otherwise
2, if Lesly's behaviour merits it she can earn time out with staff over W/E - but not tonight

Remains on one to one supervision.

Calculating Lesley's incentive points. This was difficult as some areas had not been filled in.

We came to the conclusion that on only one day this week (Friday) Lesley earned 26pts - giving her £1.

Spent time chatting with staff, playing dominoes etc.

Phoned ex foster carer "but she was not in

2/10/99 Around the unit early evening. Had her hair done ^{J. Carmichael} and spent time with an ex-resident who was visiting.

Became upset when working out what she was due through her incentive scheme with E. Gray. Telephoned her Dad to see if she could use some of the clothing money left to go down the fair. Dad refused - Lesley called him a "Prick" and hung up the phone.

Lesley went to the fair under staff supervision ^{L. Sturgeon} for 2 hours and was excellent company throughout. Although she was somewhat upset earlier about not having much money for the fair she didn't bother her once out. Returned to the unit in good mood.

I accompanied resident Lesley to speak to resident.

Lesley stayed very close to staff thereafter this incident and appeared frightened in case she was going to be left alone with her. Reassured by staff that we would monitor this situation.

them up. I went in and told Lesly that
she must clean up - she was given a mop
and proceeded to do this however, the
supervisor then told them they were both
warned indignantly. At this point Lesly
adamantly refused to continue to clean the
area.

Lesly said that she would just make her way down to Dumfries - I instructed her not to do this as there would be serious consequences - I then suggested that if things got so bad then only with her Dad's agreement could she return.

Present :- Hesly, Mum, Dad, Lindsay Atries, Graham Atries, David Laird, Eleanor Marshall, Evelyn Gray, and Vivian Jones. Discussion took place between Leslie, myself and Lynn Shurgeon re - yesterday's events.

1/ Not getting appropriate bus home for her overnight

2 - Misleading her father and Graham who the friend she had with her was.

3 - Knowing that she should not have encouraged another resident to go home with her in first place

4. Deliberately misleading staff about other resident accompanying her home. Knowing that it would not be an option should staff been made aware of it.

5. About responsibilities of ~~staff~~ Social Services have towards her safety and the responsibilities she has towards herself and to others.

6. About how to avoid what could be construed as risky situations. No precautions and actions to take to help keep herself safe.

7. About the dangers of being in the company of strangers in a house where alcohol is being used and where known drug users are.

8. About building relationships, and what that entails. Trust, Care, responsibilities, being able to approach

People she trusts, should she have a problem. About feeling safe and cared for in the environment she lives in. About how this is a two way situation and how staff gave her the trust and she has let herself down by the actions she took.

Lesley did appear to be aware of what was discussed. Admitted that this had mainly been due to the feel good factor. Lesley also appeared to be aware of the risks which she had been taken, but also recognised that she would most likely put herself in similar situations, because of the fun aspect of it.

NAME. Hesly Edwards

17.11.99. Hesly had been given lunch and to all accounts intended to have a bath (after her all night escapade). Whilst most of the Staff were involved in a changeover at 3PM - Hesly flew the building via the fire escape door. — The Staff on hand ran after her but she disappeared — She was immediately put on a reported missing using the Protocol (Red) — See the document for further info...

This evening - A. Dickie, Y. Douglas & E. Gray sorted out Hesly's clothes etc which were in her room - due to her having moved back into this room and her not being at the Unit to do this herself. An amount of items were taken and destroyed - i.e., empty cigarette boxes and cigarette papers.

NAME. LESLY EDWARDS

Lesly returned to the unit at 10. pm of her own accord. ~~Staff~~ Staff tried to discuss the situation with her but she was arrogant and aggressive. Police called; they visited the unit & interviewed her, she was unco-operative. Lesly was offered a medical but declined the offer. Lesly very angry that we removed a lighter & matches from her room.

= Night
Lesly was asked to go to her room and staff would bring her something to eat and drink. Lesly was very demanding in the office to staff, I pointed out to Lesly that staff wouldn't refuse her something to eat, but she would have to go to her room. Lesly also trashed her room after (A Duckie, E Gray, & Douglas) had spent a lot of time making nice for her. I spoke to Lesly about the concerns she had given her parents over the last few days, her being missing from the unit, and putting her self at risk, Lesly said this boy she was with was just a friend, and while away from the unit she hadn't

NAME. Lesly Edwards

N/S Lesly watched the late film with other residents before going to bed. She also informed staff that some residents were planning to set off the fire alarms and requested that staff physically remove her to her room after the film so she didn't become involved. However this was unnecessary as staff were able to prevent other young people antics.

20/11/99. Lesly up and tidied her room after brunch out with to the shops & then a jumble sale Y. Douglas.

Lesly was interviewed this morning by WPC. Robinson & P.C. Gleeson about an incident on the 5th Nov involving another resident at the Red building site. Lesly helped the Police as much as she could but had only been a bystander at the scene.

Lesly was asked again by staff ~~and~~ if she would be examined - however - she continues to refuse - Lesly has stated that she was not involved in sexual activity E. Gray.
