Staff were informed that Lesly was planning to set off the fire alarm this evening. When staff confronted Lesly about this information however Lesly was very convincing when she denied this assuring staff that she had no such plans. As the evening progressed with Lesly coming in and out of her room it was obvious that she was attempting to disrupt the unit. At one point Lesly came out of her room and staff could smell smoke. On entering the room staff found Lesly had started a small fire with a greetings card she had previously made herself. Once staff had aired the room Lesly was requested to hand over any lighter or matches she had. At first Lesly refused hiding a lighter in her bra. Eventually Lesly did hand-over the lighter. Staff also removed matches from Lesly's jacket pocket. Lesly was unhappy about this becoming threatening towards staff.

This meeting was to address the fact that Lesley puts herself at risk on a regular basis - and agree methods/strategies to eliminate these risks. The agreement was also made that Lesly could be allowed to go out for one hour at a time in the evening (not later than 8 PM at the moment) and that Staff (just like Parental Care) would require to know where she is going - further to this - she must be picked up by Staff - This in itself will help Lesly with Peer Group Pressure. Lesly will be able to build on this so that trust between Staff and herself is able to improve. Lesly will be grounded as a sanction if she fails to comply with the said Plan. This was all explained to Lesly in detail and although she was not overly happy - she accepted it.

Aside from the above, however, Lesly is grounded this evening due to absconding previous evening. Lesly is able to have her shoes back. Lesly's Social Worker visited. Lesly then went to her dance class and her shoes (special dancing shoes) were purchased for her £21.99. Lesly is pleased.

Staff had to give her a lift to school. Mr Jones (Head teacher of Lalloway Small School) wasn't too happy with Lesley's attitude and asked her to convince him to let her stay in school to-day. She apologised and said she would help around the school. Mr Jones said if her attitude changed he would phone Ladyacre to have her removed.

22/12/99. Lesly spoken to by police regarding complaint against WPC on 20th Dec. Spent time with another yp helping her wrap Christmas presents. Wanted to go to Hettland Hall swimming pool but this was not allowed. Lesly went into a mood, threatening and being abusive towards staff. Many a time staff tried to think of something else instead but there was no pleasing Lesly. Left the unit and quickly returned a few times. Phoned dad. Asked if she could phone mum but was told by staff to go away and calm down before she phoned anyone. This did anything but please her and again she was aggressive towards staff, slamming doors. Left the unit at 8:30pm, returned at 9:30pm with staff. She had been at the Waverley Hotel. S. M. C.

Lesly spoke to staff regarding feeling very unsafe here and did not want to spend the night here. She had been accused by another yp that she had messed up her cheesecake. Lesly was adamant that she hadn't. Lesly said that she would run away if she wasn't taken anywhere. Staff agreed to take Lesly out a run in the car for some time out.

22.12.99 NLS - Took Lesly out a run in the car and for a soft drink to

Brewers Fyne. Whilst out spoke to Lesly about the way she was feeling about being in the unit. Relationships with staff and young people, behaviour, home-life. Lesly feels isolated and is not happy about living in care but admitted she is isolating herself from everyone by her own behaviour. She feels insecure and that she might be 'Mentally Disturbed', her own words. This led to discussion of what it was like at home, past events and how she feels about things that have happened. I explained to Lesly that she would have to help herself by trying to tell the truth always, not try so hard to be friends with the others but to rely on herself and to try and settle into care and school and make friends with it and join in other activities. Lesly agreed to this but feels she would be better off not alive. She spoke about what was in her mind re-this. Lesly agreed to go straight to bed when she got in and did so. Well done.

23.12.99 Lesly wakened this morning by her Social Worker who paid her a start visit. A bit slow thereafter in actually getting up but was around Unit by approx 10.20AM and in quite good fettle. Was involved with silly nonsense throughout early afternoon setting fire alarms off. At one point Lesly broke the glass for the fire alarm outside the office. This she will have to pay for.

27/12/99 B/S Lesly was getting herself involved with the rest of the group, being disruptive and influenced by the "Carry on" setting fire alarms off and defying staff requests. Lesly's inappropriate behaviour was addressed by staff and an alternative strategy was identified by Lesly to help her keep herself out of trouble. SM'cleary.

Lesly had to be escorted into the unit and she threatened myself stating "I would break my arm". This incident was discussed & Lesly apologized thereafter. Later on in the evening Lesly phoned her gran re. Christmas presents v.....

29.11.00. Lesly ends up being the only resident in the Unit this evening - Lesly feeling that she is the only one not with Family. - She contacted her Mum to arrange a visit.

- However, it had to be explained to Lesly that this could not happen as soon as Monday (which she wanted) - I explained to Lesly and Sharon Edwards that Lesly would arrange this through her Social Worker and time would be needed to make the plans.

I also updated Sharon on Lesly having the opportunity to participate in Ant & Drama therapy. - Sharon granted her permission for this to happen.

She had informed myself that she had calmed down and would want at the phone box in town for staff to pick her up. I told her this was really good and sensible - however I also pointed out to Lesly that due to her being missing - I had had no alternative but to report her to the Police, inform her Mum, and inform her Chan.</p>

\* 18/3/00. Staff (S. McCreary) spoke to Lesly and arranged outreach for Saturday lunchtime. Met Lesly at Laurieston. She was a bit bored and anxious to know when she would be returning to Ladyacre. Staff told Lesly that no plans had been definitely made. Spent time with Lesly around the farm then went into the village for a refreshment and a chat. Lesly feels okay with her placement at Laurieston but is beginning to get bored. She feels that she should now return to Ladyacre due to another resident having recently moved! Staff advised Lesly to really try to have a good, stress-free time at Laurieston and hold things together as best she could. Staff organised for a photo of her late gran from her room to be taken to her when possible. Spoke to Lesly re how she was coping with her recent loss of her gran. She said she was missing her and she'd appreciate her photo.

S. McCreary

20-03-00 B/S. Mrs Fleming & S. McCreary (STAFF) were asked if they could visit Lesly this evening and explain to her that she wouldn't be coming back to Ladyacre. This was requested by David Baird S.W. after Staff left to go to Lesly's Mrs Abrines turned up to go with them but she had just missed them. Sharon McCreary (Staff) telephoned to say that they were still at Laurieston, and trying to persuade Lesly not to run away as she has threatened to do.

I sat & chatted with Lesly for quite some time, she talked & cried & sobbed. Denying the news - convincing herself Gran is just sleeping. Got some pictures out & stuck them on her wall. Left her to plutter about doing wee things that seem to occupy her. Settled well considering how lousy she must be feeling. Morag F.
