Dear Redress Scotland Team

Further to our initial submission on **05/11/2025**, please find attached the pro forma and final components of the Redress Scotland application case number **APP771782**, on behalf of a survivor of historical abuse in care.

Applicant Details:

NAME: Lesly Ann Edwards  
DOB: 31/05/1986

We can confirm our client does not have a terminal illness and has no relevant previous criminal convictions. You will note that the certified documents are signed by Ray Baker.

We have also sent DSAR requests to National Records Scotland, however this institution is experiencing a significant backlog and have been unable to provide me with a time estimate for a response. I am therefore submitting this application along with the evidence we have gathered to this point with the intention that if NRS subsequently provide us with evidence I will send these at a later date.

As the evidence attachments for this email are too large, I will be sending those on the online Redress Portal for additional documents.

Please confirm whether the documents provided can now be presented to the panel for consideration. Should you require any clarification, or additional documentation at this stage, please don't hesitate to let us know.

Kind regards,  
Sam Morris
