N/S Lesly settled in the lounge at 10pm to watch the late video. By the time the video had ended and Lesly had organised herself for bed it was nearly midnight. However Lesly again continued to come in and out of her room involving another resident and was refusing to settle. At one point I informed Lesly that if she continued there would be consequences and that her pocket money would be held back until Sunday. Lesly became abusive and assured me that she would get her pocket money tomorrow and if not she would damage my car. At 1.45am after a lot of attempting to reason with Lesly I informed her that she would now have to wait until Sunday for her pocket money.

Lesly eventually settled to her bed at approx 2.15AM

It was later realised that Lesly had been given her pocket money which was not due until Sunday which was a sanction imposed for behaviour the previous evening. Lesly took great delight informing staff that she had told us so. Once again Lesly attempted to disrupt the unit and continued to badger other residents into absconding. Once she realised that other residents were not wanting to get involved Lesly turned her attention on staff. She began by running around the unit then awakening a female resident. Again she became verbally abusive when asked to settle in bed. She later

Lesly did not give staff the time of day, she did not want to talk about it. She grabbed a pen and scribbled on the notes above while staff was trying to write today's case notes. lee was slow to rise this morning, was visited by her S.W. at 9am and informed that she was going to Kerelaw. Lesley was not pleased about this decision and would rather go back to Oakbank, however this is not an option. S.W. collected lee at 11am to transport her to Kerelaw. *Lesly Edwards was interviewed on Friday 12 October 2001.*

*The following is in Lesly's own words:*

On Sunday 7th October 2001, I drank alcohol and used drugs, and met up with other young people.

whose company I had been in, smashed 3 windows. The police arrived, we were both handcuffed. [redacted] was put in the cage in the back of the van and I was put in back of the vehicle. I tried to release [redacted] from the cage and police pulled my arm up my back. I then kicked the policewoman and the policewoman punched me in the stomach and winded me. I was then put in the police cells for 21 hours while the other girl was released after 1½ to 2 hours.

**DATE:** 19.10.01

**EVENT** Oakbank visit

Met with keyworker, Beverly Forrest discussed care plan and arrangements.

Took spa and pyjamas which belong to Kerelaw from her. After further discussion with Kerelaw, and Lesly it appears that the CD player and the hairdryer belong to Lesly.

Lesly was very rude and obstinate towards Beverly who certainly did not ignore her behaviour. Lesly eventually had to resolve the issues.

Spent time with Lesly in her room and out of the building, she discussed the last weekend at Kerelaw, her using valium with alcohol and whilst trying to stop her 'friend' from breaking a window she was kicked in the shin. She also spoke of the policewoman thumping her in the stomach. Lesly was also assaulted by her peer within the unit at kerelaw and we discussed this and consequences to her behaviour.

Lesly enjoys using cannabis and has all intentions of continuing using it when she can. She is also not at all frightened about using tablets which are not prescribed to her. Again, discussed the risks she places herself in. Spoke about weekend leave and having some freedom and what she is planning to do with this, would she be using drugs, etc. Again mentioned possible consequences.

Confirmed to Lesly that she would be having a change of social worker in the near future but the person had not been confirmed as yet. She didn't really want to discuss this and was avoiding the issue. Aslo, informed Beverly regarding this.

Future plans - Lesly does see herself continuing to live in Aberdeen and hopes that this will be possible.

Case Closure Summary:

Lesley moved to Northern Ireland in February and has not been in touch since she moved into her rented accommodation.

She was helped with this move by Northern Ireland Leaving Care Team who were willing to continue to offer support and advice as and when Lesley needed this. She received an initial £500 towards her move - it was agreed that Northern Ireland would administer this amount and then advise us of any further costs incurred. Lesley also applied and received a Community Care Grant. She also has the support of her mother.

T/C to Breigh Bradley (Manager through & Aftercare Team/Antrim) she advised that the last contact with Lesley had been on 4 April 2005 when Lesley had made it clear that she no longer wanted any help or support. Lesley has the team number and knows she can be in touch any time. Breigh also advised that Lesley had received £1400 Community Care Grant (a record for NI). Lesley's new address: 90 Kilgreel Road, Antrim, Northern Ireland

Letter written to Lesley to inform her of closure.
