# We're lowering the interest rates on your savings

Dear Mr McAllister

Thanks for choosing to save with us. We regularly review the rates we offer on our variable rate savings accounts, which means they can go up or down at any time.

Following the recent change to the Bank of England Base Rate, we've made the decision to lower your interest rates and change your interest rate tiers. This letter explains what this means for you and your options.

## The interest you earn will change

On the back of this letter, we've listed your accounts that will be affected by this change. We've also shown what your interest rates and tiers are today, what they will be and when they'll change.

## We have other savings options

We understand that other options may now be a better fit for your savings needs. Take a look at our mobile banking app, go to [bankofscotland.co.uk/save-and-invest](https://bankofscotland.co.uk/save-and-invest) or scan the QR code.

You don't need to do anything to accept these changes. If you don't want to accept them and would prefer to close your account or move to another provider, please get in touch before either of these changes take effect and we can help you with that. If you have any questions just let us know.

Yours sincerely

Simon Caddick  
Savings Director
