Subject: Fw: Final Application Submission - JOHN HOUTON

Dear Redress Scotland Team, I submitted the below Final Application for our client John Houton, DOB - 24/08/1976, APP399642. We have subsequently received additional evidence. I have therefore attached an updated proforma document which now includes 5.2 "Combined NHS evidence". This evidence was too large to send via email; I have therefore uploaded this to the Redress portal under John's name. Please confirm that you have received this email and that the evidence uploaded to the portal has been received and added to Mr Houton's final application. Kind regards, Sam Morris Aiker Legal Support Team Aiker Legal Ltd 4 Edison Court, Ellice Way, Wrexham Technology Park, Wrexham, LL13 7YT 0203 004 6549 www.aikerlegal.org SRA number: 8004747 Disclaimer: This e-mail is intended solely for the person to whom it is addressed and may contain confidential or privileged information. Subject: Final Application Submission - JOHN HOUTON

Dear Redress Scotland Team,

Further to our initial submission on **07/11/25** please find attached the pro forma and final components of the Redress Scotland application case number **APP399642**, on behalf of a survivor of historical abuse in care.

Applicant Details:

NAME: **John Houton**

DOB: **24/08/1976**

We can confirm our client does not have a terminal illness and has no relevant previous criminal convictions. You will note that the certified documents are signed by Matthew Reynard.

I am still waiting for DSAR responses from NHS Dumfries and Galloway and Dumfries and Galloway council. Once received I will send over an updated proforma and any relevant evidence.

Evidence files

Document 5 "DSAR evidence combined Barnardo's care records" which contains evidence for this application is too large to be sent over email. I have therefore uploaded these files to the online Redress Portal.

Please confirm whether the documents provided can now be presented to the panel for consideration. Should you require any clarification, or additional documentation at this stage, please don't hesitate to let us know.

Kind regards,

Sam Morris
