Dear Valerie Mcalpine

You may remember that we wrote to you recently inviting you to come for a breast screening appointment.

Your family doctor supports this programme and hopes that women in the practice will take advantage of the breast screening programme and we would encourage you to make another appointment.

If you would now like to attend, please contact the Breast Screening Centre at the above details and we will be happy to assist you.

We look forward to hearing from you.

Yours sincerely

Dr Louise Hill
