Dear Redress Scotland Team,

Further to our initial submission on **26/11/2025**, please find attached the pro forma and final components of the Redress Scotland application case number **APP587842** on behalf of a survivor of historical abuse in care.

Applicant Details:

NAME: **Valerie McAlpine**DOB: **07/11/1973**

We can confirm our client does not have a terminal illness and has no relevant previous criminal convictions. You will note that the certified documents are signed by Matthew Reynard.

**Glasgow response**

- In relation to document 5.5 "Glasgow response confirming records held but in queue", in our most recent correspondence with Glasgow Council they have confirmed that Valerie is 417<sup>th</sup> in the queue. Given that we have already waited for over 7 months and have sufficient care record evidence from other councils I am sending the final application now. If we receive care records from Glasgow before Valerie receives a panel date, then I will send this over as additional evidence.

**Evidence Files**

- Document 6.2 "Combined Inverclyde care evidence" is too large to send over email. I have therefore uploaded this document to the online Redress portal.

Please confirm whether the documents provided can now be presented to the panel for consideration. Should you require any clarification, or additional documentation at this stage, please don't hesitate to let us know.

Kind regards ,  
Sam Morris
