How can I pay?

YOUR PAYMENT IS DUE BY

28 Sep 2025

A late payment charge of £10.00 will be added to your account if we do not receive payment in full, or agree a payment arrangement with you within 14 days. We encourage anyone struggling to afford their energy to get in touch, so we can work together to agree an affordable repayment plan.

See our HOW CAN I PAY? section

Quick and easy payments with BillPay

HOW DOES IT WORK?

At any Paypoint store - scan the barcode below and pay your account balance via cash or debit/credit card.

Online - visit www.utilita.co.uk/payments and choose BillPay. Enter your BillPay number below and pay via Debit/Credit card - simple!

Your BillPay Number - 9826013501001409136

Mon-Fri 8am-6pm
03300 535 669

Invoice ID: 2025-08/1

Remember - It might be worth thinking about switching your tariff or supplier

Could you pay less?

Your estimated annual cost is **£2,039.86**
You are currently on Premium Energy which is our Relevant Cheapest Tariff for you.

Your Alternative Cheapest Tariff is Smart Energy, which requires the installation of a smart meter and materially different terms.

We estimate you could save annually*:
£0.13 on electricity
£0.00 on gas
by switching to Smart Energy.

*Based on current prices and including some discounts and added charges, like VAT at 5%. This may be different to the way such charges display on a bill or statement of account. Warm Home Discount is not included. This is our estimate of your next 12 months energy charges. You can use this to compare your current tariff with others available. It is based on information we hold about you and reasonable assumptions where we don't have actual data including your usage from the previous year and your tariff remaining the same. If your tariff prices, tariff or usage change, your spend will also change. Savings are calculated by comparing the Estimated Annual Cost above, to 12 months on our cheapest tariff for you. Includes VAT at 5%.

More information about your tariff can be found on the next page.
