Dear Mr Haggerty,

Bulk Uplifts

It has been brought to my attention that some residents are continuing to place bulk items inside the close and outside the block without arranging a bulk uplift.

If your household is responsible, you must organise a bulk uplift. To arrange this, please access the Council's website and search "bulk uplifts" and complete the online form. There is also an information page on how to prepare your bulk uplift.

From 1 April 2024, free uplifts are no longer offered by the Council. Instead, there is a charge of £40.60 for standard uplifts of up to 10 items.

Please do not place your bulk items out any earlier than the day before your scheduled collection date as this may be reported as fly tipping. It may also encourage other people to add to your collection, and you may be liable for the cost. Your bulk items must be placed on the kerbside for collection.

Alternatively, you can take your items to the Household Waste and Recycling Centre (HWRC) based in Cambuslang Road, Cambuslang G72 7DB. To book your visit, please access the Council's website and search "book a slot" and complete the online form.

In the future, we may consider charging all residents within the block to have any bulk items removed. We will also be liaising with Environmental Services to trace the person(s) responsible. It should also be noted that Environmental Services can issue penalty notices if the responsible person(s) is traced.

If any resident has queries or concerns regarding this letter, please do not hesitate to contact me.

This letter has been issued to all residents within the block. However, it is only aimed at those responsible.

Yours sincerely

Elaine Harvey
Housing Officer
