Surely nobody that was abused kept in contact with staff from that long ago ?
How dose this affect my case ?
Because it took a lot for me to think and relive the experience after all this time it's still affecting my life now it's all being brought bk up ?

I understand Gary, they might not work in this context, is there anybody else you've confided in? A partner, A friend, neighbour, health professional, sibling?

Yes i told my uncle Stuart things that had happened at the time because my dad wasn't around at the time and he was just like a dad to me but he is 70+ now but i can forward you his details if that will help ?

Do you need his address aswel?

Hi Gary. No that's fine, the number should be enough. I'm make contact with him shortly. kind regards. Michelle Aiker Legal

The reason why we ask, is that having a supporting statement, adds weight to your claim. The evidence shows that claims with the supporting statements attached, tend to do much better at the awards panel. warm regards. Michelle Aiker Legal

Today

Hi has there been a hard copy of paperwork my uncle needs to fill in been sent to him he mentioned he couldn't do it online ?

13:11

Hi Gary. I picked up the message from your Uncle on Tuesday as Michelle was on holiday. I asked if would like me to post a form out to him or if easier, he could type out the information we needed here on WhatsApp and we could then save it from his message. He's not read the message by the looks of it so I'll give him a call now to see what he'd prefer to do. Kind regards, Deanna - Aiker Legal Support

A paper copy would be better for him but if it would be quicker I could help him fill it in on WhatsApp?

15:24

Hi Gary. There was no answer to my call just now so I've left Stuart a message explaining I'll post a form but he may not get that until early next week now. It would be quicker if he could either add the information needed for the form in the WhatsApp chat or via an email to support@aikerlegal.org.uk He just needs to tell us what information you'd shared with him about your experience in care and also how this had affected you. If he needs any help at all, or would be happier to call us and give the details over the phone, we can be contacted on 0203 004 6549. Kind regards, Deanna - Aiker Legal Support

Good Afternoon Stuart, my name is Michelle from Aiker Legal. We're representing your Nephew Gary with his historical abuse claim, with Scottish Redress. He has named you to provide a supporting statement for him, to strengthen his claim. A huge thank for agreeing to do this. We need a statement about what Gary confided in you about his experiences whilst in care as a child and also how you have observed how that same lived experience has affected his life. The evidence shows that claims do better with a supporting statement. I attached a form for you to fill in. If you have any questions, or require talking through it. Please do get in touch with me. I'm here to support you. Kind Regards. Michelle Aiker Legal 15:50 ✓

Hi Stuart. I've just tried to call you but it went to your answerphone. I've not heard back from you regarding the message I left on Tuesday so I'll post a copy of the supporting statement form out to you to fill in. If you want to post back once completed that's fine, or you can take a clear photo of it and add it here in the WhatsApp chat and we can save it that way. You can also type out the information in the WhatsApp chat if you prefer as we can also save it that way. We just need to know what information Gary had shared with you about his experiences in care and also how this had affected him after he left. If you need any help at all, or would find it better to give us the information over the phone, please don't hesitate to contact us on 0203 004 6549.
