Purpose of This Statement

I am providing this statement in support of the above survivors Redress Scotland application. I know them personally and wish to offer information about their experiences they shared with me, and the impact this has had on their life.

What the Survivor shared with me

Murran told me that, as a child, she spent time at Lady Field Residential Psychiatric Unit for Children, The Good Shepherd Centre, and Kerelaw Residential School. She described her experiences at each institution as abusive — both physically and ~~physically~~ psychologically — with the nature of the abuse differing at each location. She identified John Muldoon as the most physically violent, saying he punched her severely. Murran reported being stripped of her clothing, denied food and drink, and subjected to multiple incidents of sexual abuse. She continues to suffer from traumatic episodes: Waking at night screaming and shaking, reliving the events and her abusers in nightmares.
