Purpose of This Statement

I am providing this statement in support of Henry Parker's Redress Scotland application. I know Henry personally and wish to offer information about his experiences shared with me and the impact this have had on his life.

How I Know the Applicant I was his partner before and after his going to Detention Centre.

What the Applicant Shared with Me He told me hes started on face both sides of face, Punched in belly and in the toilet soap threw at him when going for a sitdown toilet, he shared to me how he was on edge 24/7 inside And on Warden was inappropriate with his peeks towards him with girl he had at West

Impact I Have Observed Since his release way back then we got together and relationship was off and on due his increase of L.S.D. Cannabis and alcohol he told me when we got back together it was to block things out and way of letting of steam as his head was all over the place, We have been married 4 yrs in April now and Drug and Alcohol free past 16 yrs both of us. What I've noticed he is extremely neat and tidy about the house and in his appearance.

Closing Statement

I offer this statement to support Henry's application. Everything I have written reflects what he has shared with me and what I have personally observed.
