Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

The good Sheppard, Glasgow

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1992-1993

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

This placement was an all girl's school which I was hopeful in having a better experience. I had a better time here compared to my previous care settings but unfortunately I still endured some experiences that weren't nice.

There were some staff members that give me some verbal abuse.

I was also restrained and beaten up by staff members who were restraining me. I was left with a lot of bruising because of this but fortunately i hadn't drawn any blood.

There was other girls here who hated the staff members and how they treated us and they had built up so much anger towards the staff that they wanted to realise their own anger on them. The staff here were very unlawful to myself and many other girls here.

I also ran away from here too, I ended up not liking this place after seeing how severe the staff members would handle us and I just wanted out of here.
