Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

Nazareth House

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1956-1958

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

I was around 8 years old when being placed here and I was also placed here with my 7 year old sister.

This setting was quite brutal to experience at a young age. I suffered physical and emotional abuse. I was put in to care due to my mother becoming homeless.

I remember suffering beatings from the cane, and this for wetting the bed. When being getting the cane, I was taken to an assembly looking hall surrounded by nuns and priests. My name would be called out in front of all the children and we were openly humiliated for wetting the bed. The kids who'd wet the bed were put to one side and punished for this. My bed wetting problem started whilst I was in care but my sister's problem started before we was placed in care.

As another form of punishment for bed wetting, I'd be neglected that morning after wetting my bed by not being given my breakfast. This really did mess me up mentally.

The nuns here would also come in to our room at night and put their hands in our beds to check if they were wet. If you had wet the bed they would drag you out and make you stand their shivering whilst they changed the bed and this is when we were punished the following morning.
