Good Morning Sandra,

Hope you are well,

I am emailing you today in regard to the care records that you have received from your GP.

Following on from our conversation on the phone It is to my understanding that you do not wish to release your medical records to ourselves as you believe them to be too personal and irrelevant to your case.

I just wanted to re-assure that if you still do not want to disclose your medical records, we will fully respect that decision, however, should these records show any effects on your adult life that is something redress will look at as an awarding factor.

Please do not hesitate to ask should you have any further questions regarding this.

We look forward to hearing from you in due course.

Kind regards

Daniel Asprey
