24/5/12	Transport arranged for Leon's appointment at rheumatology failed to turn up at requested time arrived 45 mins late. Unfortunately consultant at Adamson unable to reschedule to see Leon today a new appointment will be sent out	G.M. Miller
13 ³⁰	Clinical Meeting - deterioration since morphine introduced to Leon increased to bmg. Potential to introduce dopamine. Leon to be seen by Dr Dasgupta pm	G.M. Miller
1530	Leon requested a 1:1 today. He looked low of mood and very subdued. Discussed his frustration at not getting in for his appointment today and about being in constant pain. He is happy to have had his appendix increased and can accept that it is not currently at the correct dosage. Leon feels intralabie braxpain would help. Said that using relaxation techniques would be a good skill to use. Spoke to Leon regarding his budgeting skills and the fact he is buying books and leaving himself short till he gets paid next week. Leon does not feel there is an issue with budgeting.	Aura Smith S/N JACWSON
1715	Leon asked for and received 1g paracetamol as per Kardex at 1645 for general pain.	Aura Smith
19:30	Leon asked for Ibuprofen 200mg at per kardex at 17:50. He has been complaining of feeling unwell. At time of writing he is with fellow patients in communal area playing pool.	A. Connolly
25-5-12	Leon had a settled evening before return to bed. Asked for and was given 1g paracetamol soluble at 2030. Appears to have slept soundly overnight.	JACWSON
0720	Leon has been asleep all morning. POS/ingest concerns. Tried to engage with him a few times but not willing to prefer to sleep.	Aura Smith
1825	Leon requested and received 1g paracetamol for "painful knees" at 1810hrs.	JACWSON
2025	Leon has been unsettled this evening. He has been complaining about a sore throat. He says he hears "pollops" have put his name in the doctor's box.	JACWSON

06/06/12 0840	Settled pre-referral. Complaining of feeling cold and requested and given more blanket. Appears to have slept overnight. <i>4th Nov 15M</i>	
0905	Leon asked for and received 200mg Ibuprofen at 0830 for sore knees as per Kevalex.	<i>289L</i> <i>Lawrie Smith</i>
1215	Leon up and around the ward this morning, quiet in presentation.	<i>289L</i> <i>Lawrie Smith</i>
1605	Go headache, requested and received 1000 Paracetamol given as per Kevalex.	<i>289L</i> <i>Lawrie Smith</i>
1940	Leon requested a 1:1 with staff. He asked for his book "Hated Lunch" to be returned to him. Advised Leon that he had been 'very upset' when reading the book and asked Leon what had made him change enough to feel that he could now read it. She said there were 'just a couple of chapters' that dealt with the horror and triggered Leon's imagination to his highest concerns. She said there was a 'lot more interesting stuff' in the book. She talked about gang warfare and Edinburgh gangs. He complained of a pain under his left side of his chest and was given 200mg Ibuprofen at 1940. Discussed with Leon to look to the future and to try to focus on something other than drugs and gangs. She said he would focus on poetry.	<i>289L</i> <i>Lawrie Smith</i>
07/06/12 0850	Settled pre-referral. Appears to have slept overnight. <i>4th Nov 15M</i>	
0950	Leon said he was "feeling low" and said that he was "lonely". She talked fondly about some of the "druggies" whom he has missed about before now. She also talked about his mother "abusing me" when he was "4 or 5". She was concerned that rumours were being spread about him and Chris Cowie. Advised Leon that there were no reasons for rumours to spread she said he was feeling "really low" and we talked about trying to find something positive for him to focus on.	<i>289L</i> <i>Lawrie Smith</i>
1015	Leon asked for and received 1000 Paracetamol as per Kevalex at 0915 for a sore head.	<i>289L</i> <i>Lawrie Smith</i>
1145	Glasgow antipsychotic side-effect scale (GASS) done for Leon score of 18 18 - absent/mild side-effects.	<i>289L</i> <i>Lawrie Smith</i>

7/6	<u>Clinical Meeting</u> Discussed with R.M.O. and interviewed Commence Clozapine as per introductory Schedule 2200 S/C/12 Risperidone reduced to 2mg BD Dr Datta to review N/Aripam and Risperidone dose regime next week.	
1510	Requested and received 1 gram paracetamol @ 1505hrs Per Daches in legs.	
1830	Leon approached staff stating that he was hearing voices and struggling, requested haloperidol was informed that this was prescribed for agitation Leon stated that he was agitated. It was suggested that he should try other techniques to cope before receiving medication. Leon agreed but returned 10 minutes later asking for the 5mg haloperidol for agitation as his voices & thoughts were 'too much' for him. Same given as per as required order at 1820	
2030	Leon remained, soaking out staff, reassurance given to listening to his music.	
2045	Becoming increasingly paranoid of other patients and their motives i.e. tobacco etc. Leon encouraged to walk away from conversation that he does not want to be involved in.	
18/06	12 noted to be sitting on floor outside the office. Offered but declined moving to chair when called. Staff were trying to dislodge patient sitting outside office.	
1150	Appears to have kept overnight Leon throughout the morning. Transferring required to attend for 0800 medication.	
1410	Leon complained of a headache and was given 1gm paracetamol at 1400hrs	
1955	Leon had complained of a headache and leg ache and was given paracetamol at 1810hrs. Leon also had double vision in his eyes and eyelids that appear to be showing signs of porphyria at 1905hrs. Leon wanted to talk about "getting rid of my fick" he said he was worried about "losing money" on the heating and that the fick was often "flooded with sewage". Suggested we may be able to visit his fick at some point.

11/6/12	his bed space which he did with some reluctance. Remains awake (Cont.) at time of writing.	S. Gupta
12:00	Leon has spoken to Dr Dausgupta this morning. Unsure what was regarding. Has not returned to bed all morning.	NO A. Connolly ST/M
18:25	Complaining of aches all over and some ribs requested & received 200mg Ibuprofen @ 18:00hrs for same.	A. Costa
20:00	No more complaints of aches & pains. Settled at time of writing.	A. Costa
12/11/12	Appeared fairly bright in mood pre retiral. Appears to have slept well overnight.	S. Gupta
10:13	Leon asked for and received 1g paracetamol as per order for headache at 10:15.	ST/M
11:00	Leon attended laboratory this morning for clozapine bloods. He has returned to good order looking much more settled and feels clozapine is settling him. Not keen for 1-1 at this time.	ST/M S. Gupta
14:40	Leon requested a 1:1 this afternoon. He is very distressed about a fellow patient who keeps threatening him. The other patient is accusing Leon of threatening them, which Leon denies. He is also pretending to punch Leon and Leon now feels he can't deal with this himself. Leon now feels that none of the patients like him and is feeling very low. Reassurance offered to Leon that the other individual would be spoken to.	ST/M S. Gupta
16:30	Leon requested a 1:1 with staff. He says he is still being "bullied" by SC and admits to antagonising him but says he will no longer speak to him about things that could antagonise him. Leon also said that he believes "stories" are circulating the ward through people who have worked with Leon and who are, or have, worked with people on the ward at the moment. Tried to discover who he thinks may be "spreading rumors" and	ST/M S. Gupta

11:45	What she is going through: Hane contacted Margaret Thompson, but Dr Dasgupta on study leave till Monday 18th June. She will speak to Dr Murphy for advice. Leon has been noted to be on ward this morning. Was overheard shouting down his mobile phone @ mother, whilst I was on phone to another Mrs Gratton her mobile was continuously ringing with Leon trying to phone her. She informed me that she has been arrested x2 in past due to false allegations from Leon about her raping his son.	J Corle
1545	Spoke to Leon he is not happy about perceived side effects of Clozapine he states that headaches were getting worse and that he is still experiencing dizziness. I explained to Leon that it is early days and that the risperidone has also been reduced. He stated he is not sleeping well and advised him to speak to staff during the night if that is an issue this evening. I stressed that he should carry on with the Clozapine schedule until he is at a therapeutic dose and he should notice a difference in presentation. Spoke to Leon regarding being found in SC bedspace especially with the accusation he made of the same patient bullying him. He states that they are getting on fine today but says he will not go into the bed space again.	J Corle
1900	Leon came to speak to staff regarding troublesome voices he was experiencing. He kept to dead babies he was talking about colour of blood. Leon asked to try distraction techniques but did so to no avail. Sing	J Corle
	haloperidol administered as per Korder at 1905	J Corle

16/6/12 11.45	in and around the ward. Morning re not feeling well - dizzy etc - reassured that on commencement on Clozapine, people can feel awful but once in system properly, hopefully will feel better. Observe meantime	A Cook
1530	Leon asked for and received 1gm paracetamol for a headache at 1515hrs.	MDR/SB
1755	Leon had said that the clozapine was "helping to quieten" his voice but now he said he "needs something" for his "anxiety". Asked how his anxiety manifested itself he gave physical problems of "pains all over" and proceeded to talk about being hit in his past and how he was "not surprised" he had "pains everywhere". He was saying that he wanted lorazepam "now and again" to help him to relax. He said at first "a couple of times a day" and then he changed it to "now and again". Advised Leon to try other tactics first and he said "nothing helps". He said he had been on the phone to his Dad and he said his Dad was worried about Leon's medication regime. Leon is still seeking staff at this time.	MDR/SB
1905	Leon continued to complain about anxiety and agitation. Given 5mg clonazepam at 1855hrs.	MDR/SB
11/6/12 0650	Leon enjoyed a quiet settled evening spent mostly in his bed space. Retired to bed by 2300 and appears to have slept soundly.	MDR/SB M. B. [Signature]
1150	Leon has taken advantage of a long lie this morning and remains in bed at this time	MDR/SB
1345	Leon complained of being woken at 1140hrs and requested and received 1gm paracetamol at 1305hrs for a headache.	MDR/SB
19.35	Low profile today. Attended for his tea then asked for and received paracetamol as required at 17.50hrs for headache.	A Cook
20.35	Asked to speak to staff. Stated he felt awful - sedated, dizzy etc - reassured this would be side effects of Clozapine, however to persevere with it if possible until his body gets more used to it. Explained re Assay, hourly check therapeutic level once he gets to a certain place Leon agrees he wants to remain on it as he feels like the stress has lifted but may need other medication (-Nitraxepam) reviewed. He spoke about his Mum and she sent a text to say he has crossed the line and Sorry isn't enough - he can't

18/6/12 16:00	? Cannabis Resin found under sink in Leon and roommate's bedroom. SAs Gavin Melville & myself (Jive core) Spoke with Leon and he states it has nothing to with him and that he would 'not touch the stuff as it sends him crazy', he did say that he wants out that room as people knock on his roommate's (D.S) window all the time offering DS drugs and he. Leon state he wishes no involvement and keeps himself to himself. He did state that he often smells cannabis in smoking area outside ward. Has agreed to provide urine sample when he next needs toilet.	J. Gato
17:45	Dr. Dasgupta phoned to say that she had spoken to Leon's mother who apparently had been overly concerned with Leon's benefit and had asked for a meeting with the Doctor and Leon. Dr D. suggested that Leon is too unwell at this time for a meeting. Suggested that Leon not phone his mother for two weeks as his mother also said she was "stressed out" and appeared to Dr D. apparently to sound unwell herself. Leon is to let us know if he speaks to his mother.	W. G. Gato
18:50	Leon requested and received 1 gram of Paracetamol at 18:00 hours due to a headache.	W. G. Gato Milligan (5/11) A. New
19:05	Urine tested for drugs found negative.	
19/6/12	Leon went and appropriate in manner pro retiral. Appears to have slept well overnight.	W. G. Gato U. Gato
10:55	Had 12/1000s taken to-day for Chazaline due 1/2.	A. New
12:00	Quiet morning spent about the ward.	A. New
18:30	Spent the afternoon in his bed and watched A. New. Asked for and received as requested Paracetamol 1g at 18:10 hrs for a headache.	A. Gato
19:40	Leon has been keeping a lower profile this afternoon and has been asking to speak to the Dr about his benefits. We have not had time to phone him today unfortunately.	W. G. Gato
20/6/12 06:40	Interaction with staff and appearing bright in mood. Retired to bed having had supper and appears to have remained there all night.	W. G. Gato N. Gato
11:00	Leon came to staff to say he was sick on

20/6/12 11.00	his pillow cleaned up by staff. Asked for and received Maxlex 20mg as required at 10.30hrs.	A Cook
11.55	Leon stated it was only a small amount of vomit on his pillow but was sick outside after his first cigarette of the day.	A Cook
13.05	15 headache, requested and received PRN Paracetamol 1g.	Curry
13.40	telephoned DWP to sort out benefits. Advised to write ⁱⁿ to them to change to weekly payments - Address in front of nursing file.	Spence
19.45	Leon requested and received 1 gram of Paracetamol as per Kardex at 18.00 hours due to a headache. Leon continues to state his Clozapine medication is not making him feel well. However around 19.30 hours when talking to staff Leon said he felt better with no headache. A letter has been produced this evening to request Leon receives his benefit money once per week rather than once every two weeks to the department of work and pensions. Leon also stated he spoke to his mother this evening by telephone.	Lawrence J Milligan (St/12)
2300 (7.1)	Informed staff that he is feeling fine and had been paying bills - debts. No complaints regarding physical well-being. Settled and appeared to sleep overnight, up at 04.45. Requested and given a PRN Paracetamol 1g for a headache.	Milligan
21/6/12 12.10	Stating that he was suffering from vertigo due to clozapine therapy, advised that his symptoms of this nature pre date clozapine. However, Leon still would like to see a doctor when possible to discuss clozapine. Leon is aware that he will have an 'assay' level done on Tuesday next week to check therapeutic dose of clozapine as 'schedule' is due to finish and a fixed dose regimen will be prescribed.	Gratton
19.15	Asked for and given as required Paracetamol 1g for headache at 18.15 hrs.	Adair
19.30	Spending evening lying on his bed. May have supper at 20.00 hrs.	Adair

22/6/12

Spoke to social work department to
find out who Leon's social worker is. He
does not currently have one allocated.
I have requested that one be allocated and
that to get in touch over phone or by
email. I also spoke to the housing
office regarding moving home from Inverkeithing
to Cupar. They advised me that he
has 2 options to get on the housing
register but due to having a house
he may not get a lot of points
but could keep a hold of property in
Inverkeithing. He could also put in for
a swap which he would need to do
in the local office. They have also
said he could make himself homeless.
I called homeless line and this is
not possible. Housing office are sending
out a housing register form and
once he has completed this we
call the housing on 08451 550033
to make an appointment and
at that time Leon to complete the
form for a swap - down happy with
same.

27/11/12	to bed where he appears to have 16:30 Slept well overnight	SINAPPAU M. Connelly
17:00	Leon spent most of the morning in bed. Encouraged to clean his bed area but with little effect	W. Connelly
18:30	Leon requested and received 1g paracetamol for a headache as per Kardex at 1825.	M. Connelly A. Connelly sr/n
19:30	Had a 1:1 with Leon he stated that he has been in contact with his mother and she said she would come and visit him 28.06.12, however Leon said no as he was going into Cupar and to come next week. He said he does not remember the conversation between himself and mother at ^{re} that has made her worried about when Leon is released. Asked Leon to ask his mother if she wants to contact ward to speak to staff. Asked Leon about medication he informed us that his voices were disappearing and the screaming had stopped. He said she is getting on with Jimmy and glad as he does not "do drugs". He said he has been getting remarks from other patients that he has his sparkle back in his eye. Leon then went onto say he wants to go to gym to start weights when his back is better at Advised Leon to go to OT for stretching exercises to help his back and talk about any other activities they could do with him. We talked about reading and his poetry and how he enjoys reading. Leon talked about suicidal ideation he thought about over dosing on drugs or jumping off ^{off} a bridge. Asked if he is going to do this and he said no he doesn't know where the bridge is and drugs and alcohol are "bad!"	M. Connelly A. Connelly sr/n M. Connelly A. Connelly sr/n
19:45	Leon attended for his tea and has been in and out of ward for cigarette talking to staff for parts of evening.	M. Connelly A. Connelly sr/n

1920 16/7/12 cont.	He appeared quite flat in mood and was stating that he felt quite hopeless. Leon says he has many regrets about the past, especially when he was using illicit substances. He feels he does not know how to make up for past mistakes and wonders what the point is. Leon states that he is having very distressing visions which he describes as "flashbacks". They consist of episodes in which Leon is raped by a male and are vivid to the point where Leon is aware of the pain of penetration. Leon states that he believes that this is a real event but does not remember any further details. Leon also spoke about his mother in quite aggressive terms, stating that she has done some terrible things to him, neglecting him when he needed her. He was very vitriolic in his criticism of her. Leon did accept some reassurance that his health is improving however he appeared to be at such a low ebb that he only partially responded to this.	
17/7/12 1630	Woke to watch film to care to protect Leon for 22 nd medication. Nephew took to bed. Leon to have kept overnight admission. Very tired in morning - seemed maximum prompting to attend for his Clozapine bloods at the Cerebra Centre but did eventually go.	SNTECOLES SNTECOLES
11:40	Leon difficult to rouse this morning. He had had a good sleep last night and has been very quiet this morning.	SPK LANK
19.05	Asked for and received, purchased by G3 required at 18.00 hrs for sore throat. Attended for his tea.	Alcock

20/7/12 11:40	Leon was up for medication but returned to bed. Remains there at time of writing.	
1355	Requested and received 1gram paracetamol PRN for sore head at 1345hrs. Leon stated that for the last few days his voices have been bothering him. He states he is also having olfactory hallucinations. He claims he is 'smelling and tasting 'magic' a drug he used to take before he was admitted to hospital. He admits that clozapine does work for him and helps him have normal thoughts. Reassured Leon to that give it a few days as his clozapine has just been increased and symptoms may subside when this increase takes effect. He did agree with this. States his mum and son are visiting him tomorrow and he is looking forward to this.	J. Corrie
1405	Asked for and given as requested paracetamol 1g for a headache from 18-35. Still having trouble with his throat, comes to the office a few times.	Andrew
21.7.12	Bright in presentation pre-referral - appears to have kept well.	Depp
09.50	Housing forms have been sent away to Fife Council as Leon's current tenancy is due to terminate, therefore he is keen to be allocated a house for discharge in a different area.	Depp
1125	Left ward to go to Cuper with his mum at 11am. Due to return 1330.	Depp
1400	Returned in good order from time out with mum, stepdad & son - went to Tesco with them - contacted	Depp

1830	Sold to another patient and the stereo passed from one to another. Leon states the other patient has the stereo again and there is no issue.	Lawia S/N.
24.7.12	Leon and I contacted about his debts. Phoned Wesco about 11yds TSB debts of £3600 they advised to get a letter from Doctor to update camp on his mental state. They can hold it for another 30 days and then pass it back to company. They suggested calling national debt helpline. Phoned about the debt for charging lock on door and happy to pay £5 a fortnight he takes bill to post office and they scan barcode to be able to pay. Leon also got in touch with BIR to apply for a loan for clothes from day to him. After speaking with other staff members he has agreed to take this to Citizens Advice.	Lawia S/N.
19.05	In ward all day. No problems noted.	Lawia S/N.
25.7.12	Leon has spent time sleeping this morning and is complaining of pain and stiffness in his neck. He states that he is tired however has no other complaints.	S/N JECLES
1315	Leon asked for and received 1g paracetamol for a sore neck as per Medica at 1255	Lawia S/N.
1815	Leon complained of a back ache she requested and received 1g paracetamol at 1800h.	Lawia S/N.
2030	Leon had complained of "voices" at 1940h and he tried to rest and have supper but he requested and was given Symbalopendol at 2025h. He said he could hear "screaming" which he said had been "screaming boys" but still sounded like "kids being killed" he said he had "voices" yesterday but he had coped with them.	Lawia S/N.

30/7/12	Spoke to Leon as requested by him. He said that his mouth was "very wet" and would like tissues x 3 per day. He said he is happy with his co-habitees, CR and JR. He said he has sold his cd player to SC and is expecting £5 from him. Advised Leon to manage his money better and advised him not to "tap" his cigarettes as he puts it. He said his mother is coming to visit with his son this week. Leon is complaining of a "metal taste" in his mouth after taking chlorzepine and going to bed. Suggested he try cleaning his teeth to take the taste away. Leon also complained of "lots of headaches" especially "in the morning". Advised Leon not to sleep in his clothes as he may smell be overheating overnight. He said he would wear pyjama bottoms. Leon realised that chlorzepine is "halving" his voices and says only occasionally he hears "the screaming". He could not say what triggers the voices and we discussed stressors. Leon could not place a stressor at this time.	
23.00	Leon requested Miltex for dyspepsia given 20mls as per Kardex at 21.55	May Greave
31/7/12	Leon came around midnight and asked for more miltex advised I could not administer this, had glass of milk, read for a while settled around 1.00am	May Greave
09.15 11.05	Leon has had his bloods taken this morning. Leon's mother phoned, intends taking Leon at 12. Leon will be by Leon's mother's house.	May Greave
11350	Leon returned in good order. His mother has bought him slippers, sandals, socks and cigarettes. Leon is concerned that his mother becomes breathless and spoke about her possibly being poisoned by bleach. He said it was nice to be on good terms with his mother again. They had a sandwich from the "Baguette place" but he said his was "rotten". Apparently the cake was tainted like "someone had spit in it".	
1815	Leon requested & received 1 gram paracetamol @ 1745hrs	May Greave
14.15	LEON HAS BEEN SETTLED ON THE WARD THIS EVENING, ATTENDED HIS MEALS, NO CONCERNS	
1/8/12	Leon brought in mood last night when checked around midnight he was reaching out if he could tidy bed space but said it was all his dirty clothes, advised to take to laundry room. Appears to have slept.	May Greave

11-06-2005	LEON HAS BEEN IN BED ALL MORNING, NO CONCERNS NOTED Leon requested a l/i and complained of "painful testicles" due received a gram of paracetamol at 2020hrs. Leon was visited by psychology who talked about going to FFAT in Glenrothes. It was made apparent that Leon would need packed lunches and early medication before the afternoon services. He talked about his books and poetry due is concerned that he would not be able to get up in time with the CR30hrs bus on Tuesday.	<i>[Signature]</i>
11/8/12 6.15	Attended for supper and medication and retired to bed. Didn't sleep however and was sitting up during checks. Asked for and received Paracetamol as required at 5.45 for some head.	<i>A. Crook</i>
11.00	Complaining of auditory hallucinations. Tried distraction but to no avail. Given Seroquel for relief.	<i>[Signature]</i>
12-10	No further complaints. Leon has been out to court this A.M. Has had confirmation of hardship loan from DWP - £368.00 but has to repay at 12.00 per week. Leon stated he wants to buy a gold chain but has been advised this is not the purpose of the loan and as receipts were required, he would be better buying clothes as initially applied for. Leon not happy at negative attention and very vocalistic at both what he will purchase and how he will manage with benefits being reduced.	<i>[Signature]</i>
15.15	Leon requested a l/i and spoke about imagining his son being "picked off by a sniper bullet". He said he thinks like this all the time. Advised Leon that a parent often worries about their child and can fear the worst, but advised it is natural and to not worry to the extent that the fear consumes him. His son is visiting tomorrow and he said he "feels bad", because he has no money to give the boy for his birthday. Leon was written to this morning to say that he had been granted the clothing loan and it would cost him £12 per week to pay back. Discussed with Leon how this would impact on his finances but he reduced the stipend and will receive £345. He said he would go with staff to buy clothes in Glenrothes.	<i>[Signature]</i>

21/8/12 10.30 11.30	project at Glenrothes today, due to appointment at V.H.K today. Spent time within the ward this morning – causing no concerns. — Leon has been in good spirits this morning we played a game of pool which he enjoyed. Querying who is taking him for his x-ray.	Mitch (SANDS) [Signature]
1940	Leon has been wearing his new tee shirts and also admitted to buying an ear-rug for £11.99. He said his Manchester United top was "only 4.99" but a fellow patient who was with him at the purchase thought the cost was £14.99. This will be investigated as Leon had been "lenient" with the truth about the amount of tops he had bought and his ear-rug.	[Signature]
22-8-12 06.30 11.30	Quiet in presentation, pre-retired – appears to have slept well overnight. Leon has spent large parts of the morning sleeping and his bed. Up at 11:15 to get ready for employ your mind.	[Signature]
17:05	Leon was observed receiving 300 plus cigarettes from a fellow patient he refused to store them in staff office saying he would rather keep them in his room.	[Signature]
19:55	Leon enjoyed employ your mind again today however bumped into someone from Inverkeithing at Glenrothes bus station today that he would rather avoid, didn't give much more information but was reassured that it could just be a coincidence as Glenrothes bus station is busy. Leon has also requested his name be taken off the C.A.B for Friday as he wants to spend the money he received from his grant himself.	[Signature]
20:00	Leon had a takeaway from Central Cafe this evening with fellow patients.	[Signature]
23-8-12 0635	Leon enjoyed a quiet evening retiring to bed shortly after having had his medication. He appears to have slept well overnight.	[Signature]
09:15	Retrospective entry from 22-8-12. Whilst chatting with Leon he mentioned that whilst at the employ your mind session in Glenrothes today he had been urinary incontinent, wetting his jeans.	[Signature]

	Commence Simulation 40mg	AS/K/2011
13:30	Referral made to dietician for Leon as per clinical meeting. The dietician will attend the Ward at 15:30 on 5/4/2012 to discuss healthy eating and a possible diet plan.	STN Danskir
16:50	Due to episode of incontinence urine tested & positive for Nit & heavy. Sample sent to lab for Culture & Microscopy.	AS/K/2011
19:55	Leon has been out with his stepfather and his apparently given him money towards a bundle for his son. He then went to the police station in a taxi this evening.	AS/K/2011
23:12	Whilst in dining room overheard to be speaking about him not known what substance it was costing about £30.00 for a programme. Speaking to fellow patients.	AS/K/2011
23:40	Start spoke with Leon re his discussion with his fellow patients. Stated they were not taking any substances again especially cocaine. Stated he was going into hospital with fellow patients. Stated he could feel free to ask him when he came back. AS/K/2011	AS/K/2011
06:15	Leon appears to have slept well overnight.	AS/K/2011
10:30	Discussed with Leon if he wanted to go to walking group at gym. R. Sten. Leon stated he did not want to go to gym. Discussed recent benefits of Clozapine but experienced increased appetite which has resulted in weight gain. Leon stated he felt too tired to attend walking group and that he does walking group with "empty mind". Leon did not appear to be motivated recent past weight gain.	AS/K/2011
13:45	Leon arrived for and received 1 gram paracetamol PRN for a headache at 13:45hrs.	AS/K/2011
15:00	Leon complained of feeling "really ill" and took his observations. He was of no concern as his observations were "normal" to him. He said he has been "having headaches" but does	AS/K/2011

24/8/12 10:00	"not need paracetamol yet". No problems noted. Leon in a good all evening. initially requested paracetamol at medication time but forgot about it after chatting with staff. Not given at this time.	MASSMAN SP4. H. H. H. H. H.
25/8/12 6:35	Attended for his medication. Asked for and received as required paracetamol 1g at 23:40 for sore head. Relieved to bed and appears to have slept well overnight.	A. Cooke M. G. G. G. G.
11:50	Leon has had a long lie today, got up at 11:30am and is present on the ward.	M. G. G. G. G.
25/8/12 19:40	Attended for evening meal. No change in presentation at time of writing.	M. G. G. G. G.
26/8/12 7:15	Attended for his medication. Asked for and received paracetamol 1g at 21:50 for headache. Couldn't sleep as voices were bothering him - telling him to "drop dead". Given as required Haloperidol 5mg at 3:20hrs. Appears to have slept since.	A. Cooke M. G. G. G. G.
17:20	Long conversation of a long lie. Remains in bed at time of write report.	M. G. G. G. G.
16:00	Leon asked for paracetamol given 1gram at 15:50 for a headache.	M. G. G. G. G.
20:30	Leon has been pleasant in mood and has been chatting with staff and patients, no concerns.	M. G. G. G. G.
27/8/12 1:35	Attended for supper and medication. Asked for and received as required paracetamol at 21:55 for headache. Stated to staff he was hearing voices, however went to bed and appears to have slept overnight.	A. Cooke M. G. G. G. G.
13:00	Leon did not rise early needed a lot of prompting. Attended for lunch. Says he is not feeling well. Urine sample results on SCL not noted.	M. G. G. G. G.
14:30	Had a 1:1 with Leon specifically about missing Employ your mind today. Leon states he really enjoys the course when he is there and there is no issue with the people who attend, however, he is repeatedly been met at the bus station by a person from Inverkeithing who he doesn't want contact with due to the person allegedly have a violent past and also due to Leon not wanting to get "mixed up" up with people and	M. G. G. G. G.

Patients/Client Name	Unit/CHI Number:

27.8.12	Cont:- "Activities" from his past. Reassured Leon that he was making the right choice not getting involved if he felt it would effect him. Leon agreed with this and accepted my suggestion that he use a different bus stop on the way home to avoid contact with these people at the bus station. Spoke to Leon about pending visit from dietician, he doesn't feel he needs her but is willing to engage with her initially.	ST/N Davidson
14:40	Leon obs checked. All fine with fews score of 2.	ST/N Davidson
15:40	Leon requested Paracetamol due to a sore "left side of my head". Paracetamol 1mg dispersible give per os required on Kardex.	ST/N Davidson
19:45	Leon reactive and euthymic today. Conversation appropriate. Leon was given his foot cream to administer himself however told me he could not put it on as he had sores on his feet. I asked to see them however his feet are not cracked, except for one small crack in his left foot. Leon put the cream on his feet and was advised to keep doing this to help his hard skin.	ST/N J. Davidson
28/8/12	Leon quite bright and chatty pre-natural. Was noted to be aware on checks. Complained of hallucinating and hearing voices. Requested and received 5mg Haloperidol @ 0120hrs and 20mls Maalox as per symptomatic relief policy @ 0120hrs for heartburn. Appears to have slept from 0230hrs and remains so at time of writing.	J. Code.
29/8/12	Leon has left to go to "Employ your mind". He seemed quite positive and is looking forward to going.	ST/N J. Davidson
9:45	Leon attended phlebotomy department for his weekly bloods.	ST/N J. Davidson
9:50	Leon returned to the ward and didn't go on the bus due to having a "sore head".	ST/N J. Davidson
11:30	Leon said he feels "stuffy" with a sore head although not requesting medication. Although he said he is not feeling good, he is reactive and talkative with staff and patients. Also helped to tidy his room.	ST/N J. Davidson
