Summary of Contact

12/7/00

Kevin is still pushing the limits & coming home at night. He stayed out overnight on Saturday and his mum found him in Grouse at 005 hrs on Monday Tuesday. His parents are concerned he may do a runner on Saturday rather than go on holiday with the family. They have a plan for him to stay at an aunts if this happens. They will have a message for KSW. Other than this things are not too bad.

13/7/00

Kevin is good from on the fishing trip, but he is stating clearly that he is unwilling to go on the camp.
