23/06/06	I spoke to Billy tonight when I picked him up about his mood over the past couple of days. He said that he hated Strathcarron and wanted to leave. I asked why he was feeling like that and he explained that it was because Gail had shouted at him. He spoke about why he had got into trouble and his behaviour. Billy replied with "that's not the point. She didn't have to shout at me. I want to her to speak about it and she just started shouting. She knows that I don't like getting shouted at." Billy then went on to say that Gail would be coming to Florida so he would give her a reason to come. It was getting excluded from school on Monday. He didn't care what happened. I tried to explain to Billy that he would be the only one that missed out if he done that.	

11/7/20 Date	Had suspicions that Billy had taken drugs with the clubbed on Friday night. During a discussion on Saturday Billy said he had taken an Extrastrong tablet. Staff are aware if this is the truth we spoke about last session. This is not to be heard. We discussed keeping himself safe and spoke about breeding down a positive note ^{note} is life	Signature

was out with Billy tonight for tea discussed what his plans were for moving on next year. Once we were speaking about he did say it was scary how quickly it had come round he is still wanting to get a place on his own but not with [redacted] as he would cause too many problems for him. Billy think he would manage as long as it was somewhere near his mum and dad so that they could come round and help him if he needed it. He was OK about working with through care once after we also spoke about his brother and how being back in Perth Prison. Billy said he could know why he keeps drinking and says he likes to be the head man but he is stupid and do something that Billy would want to do. Billy is still keen to get a job once he finishes school with Harry boat, he wants to do private restorative.

I packed in Billys door, morning I ask him to tidy his room and have a shower before going out for the day. Billy became angry saying he didn't have to do his room if he didn't have to. I advised him of the reasons behind my request, saying it was for his personal self care and the fact other YP are expected to maintain a certain level of cleanliness.	
Billy asked me to leave his room. I did saying I would check this later when he

	Billy has been ignoring me for about a week after he went missing as there was an incident in the unit. I approached him to talk about this. He had a poor attitude towards me but I reminded him I will listen to how he feels and he must be fair and do the same, although I may not agree with his behaviour on the night in question. I told Billy that I had to remove him and the problems that could arise if I didn't. I reminded him that if he behaved it over, I would have kept it for the night, he would have been given it to lead to and I expressed my concern about his behaviour and attitude and felt there was no need for it to get to this point. Billy felt I was being unfair, so we discussed this. He feels better

14/1/07	Billy raised the subject of where he would prefer to stay. He said he is concerned about being accommodated in that he acknowledged his brother would cause problems for him as he would visit and refuse to leave. Billy said he would be unable to make him. I told Billy he should express his concerns to his TAC worker and to that the bar spoke to Dad who said he couldn't stop [redacted] from going to Billy's. That Billy also stressed he was worried if he chose to move back to Dads as if they left and he would have nowhere to go. I warned him that one here to school
