19.12.95 Phone David Tarbett to G Rowie	David complaining about a) the placement with the [REDACTED] they are Catholics b) the placement at St. Clements (Catholic School) After discussion David agreed that the level of care the boys received was more important than the denomination of the carer, although in permanent care he would have the right to know her views about their obligations upbringing taken into consideration. Reminded him that Linda had given her consent to [REDACTED] attending St. Clements and that he did not have parental rights to decline consent. I explained to David that the boys would have to leave the [REDACTED] on respite because of family bereavement. David ignored/d not hear me but discussed instead his separation from Linda. I explained it again and apologise for the fact that I did not, as yet, know where they would be going. Agreed this could be discussed further at tomorrow's meeting with the receiving Social Worker. Davy said he might attend or might not depending on whether he was working. Urged him to attend. He said if he did he would discuss the boys Christmas presents with Marie then.
