Dear Mr Reynolds,

**Subject Access Request**

Thank you for your request to access your records between the dates of 1994 and 2001.

I have had the opportunity to look at any files that we hold for yourself during those dates and unfortunately, I am unable to share any information due to these records being related to your time with Justice Services. These records belong to the Sheriff Court and therefore we are unable to share these.

We apologise for any inconvenience this may cause and would suggest that you make contact with the Sheriff Court if you require access to your information.

Yours sincerely
