Dear Dr Uppal

Katrina MARGERY 24/05/1967
49 Sheppey Beach Villas, Manor Way Leysdown-on-sea, Sheerness, Kent.

Katrina came for her follow-up. Previously she was given 20mg of Regurin to try which has not really helped; she is suffering a lot with her overactive bladder.

After discussion with Mr Masood we are going to try a GA cystoscopy and cystodistension for her as it is a bit too early to try Botox once again. We will arrange this as a day case.

Yours sincerely

Dr Waseem Akhtar SHO to
