Dear Dr D'Arcy

**Re: Miss Katrina Margery (dob 24-05-1967) Mr David Rook (dob 07-09-1957)

I saw this lady at the clinic today. I believe she has a very strong family history of DVT and unfortunately her mother died of the condition. Katrina also had bilateral DVTs fifteen years ago and hence I believe she should be covered with Clexane 20mg a day and I am writing to Mark Winters for further advice.

Yours sincerely
