Dear Miss Margery

You are invited to have a smear test, you are being asked to attend because you have never had a test before or it is a routine three year recall.

This painless test will only take a few moments of your time .The test is for all women aged 25 – 64 years plus or have previously had a hysterectomy you may not need to be re-tested, please ask the nurse.

Would you kindly make an appointment in either our nurses clinics held at Sheerness and Warden Bay Surgery.

You should not be menstruating whilst having the test.

Yours Sincerely

Dr J Uppal.
