	Added by Denise Marks MHCC Introduction Richard C Dean attended "MHCC Introduction" on 13/11/2023 Intro call successful, Richard was previously in receipt of PIP but it was stopped some months ago, he has reapplied and had a phone assessment, awaiting the outcome. The drop in income has affected his ability to visit his daughter and grandson which has caused a decline in his mental wellbeing. We talked about talking therapies and he is open to this but isn't confident completing the referral himself, I will support him with this at his next appointment 22/11/23 @ 2pm
