Good afternoon,

Thank you for your previous email; we note its contents.

We have spoken to our Client in relation to their address when they registered with yourselves. He was unsure as for certain the address; however, he provided us with 24 Torwood Brae.

To prevent any further back and forth between us. Could you kindly confirm as to when you last updated your records in relation to our client, as the information we have provided is the current and up to date address for our client.

As their up-to-date address doesn't match your systems, we suggest that you contact the patient under our client's name and date of birth to confirm their most recent address.

We are a regulated law firm and, as part of our own due diligence obligations, we have verified our client's identity before submitting the Subject Access Request on their behalf. The documents we have provided: Signed Letter of Authority; Passport; and proof of their address. Is correct and sufficient in identifying our client in submitting a DSAR on their behalf. Therefore, we entrust that you are able to act on our request within the statutory deadline.

If you require any further information, don't hesitate to contact us.

We look forward to hearing from you in due course.

Kind regards,

James
