CARE AND JUSTICE FOR CHILDREN

NATSET42

INVESTOR IN PEOPLE

UPDATE ON GEORGINA McMILLAN

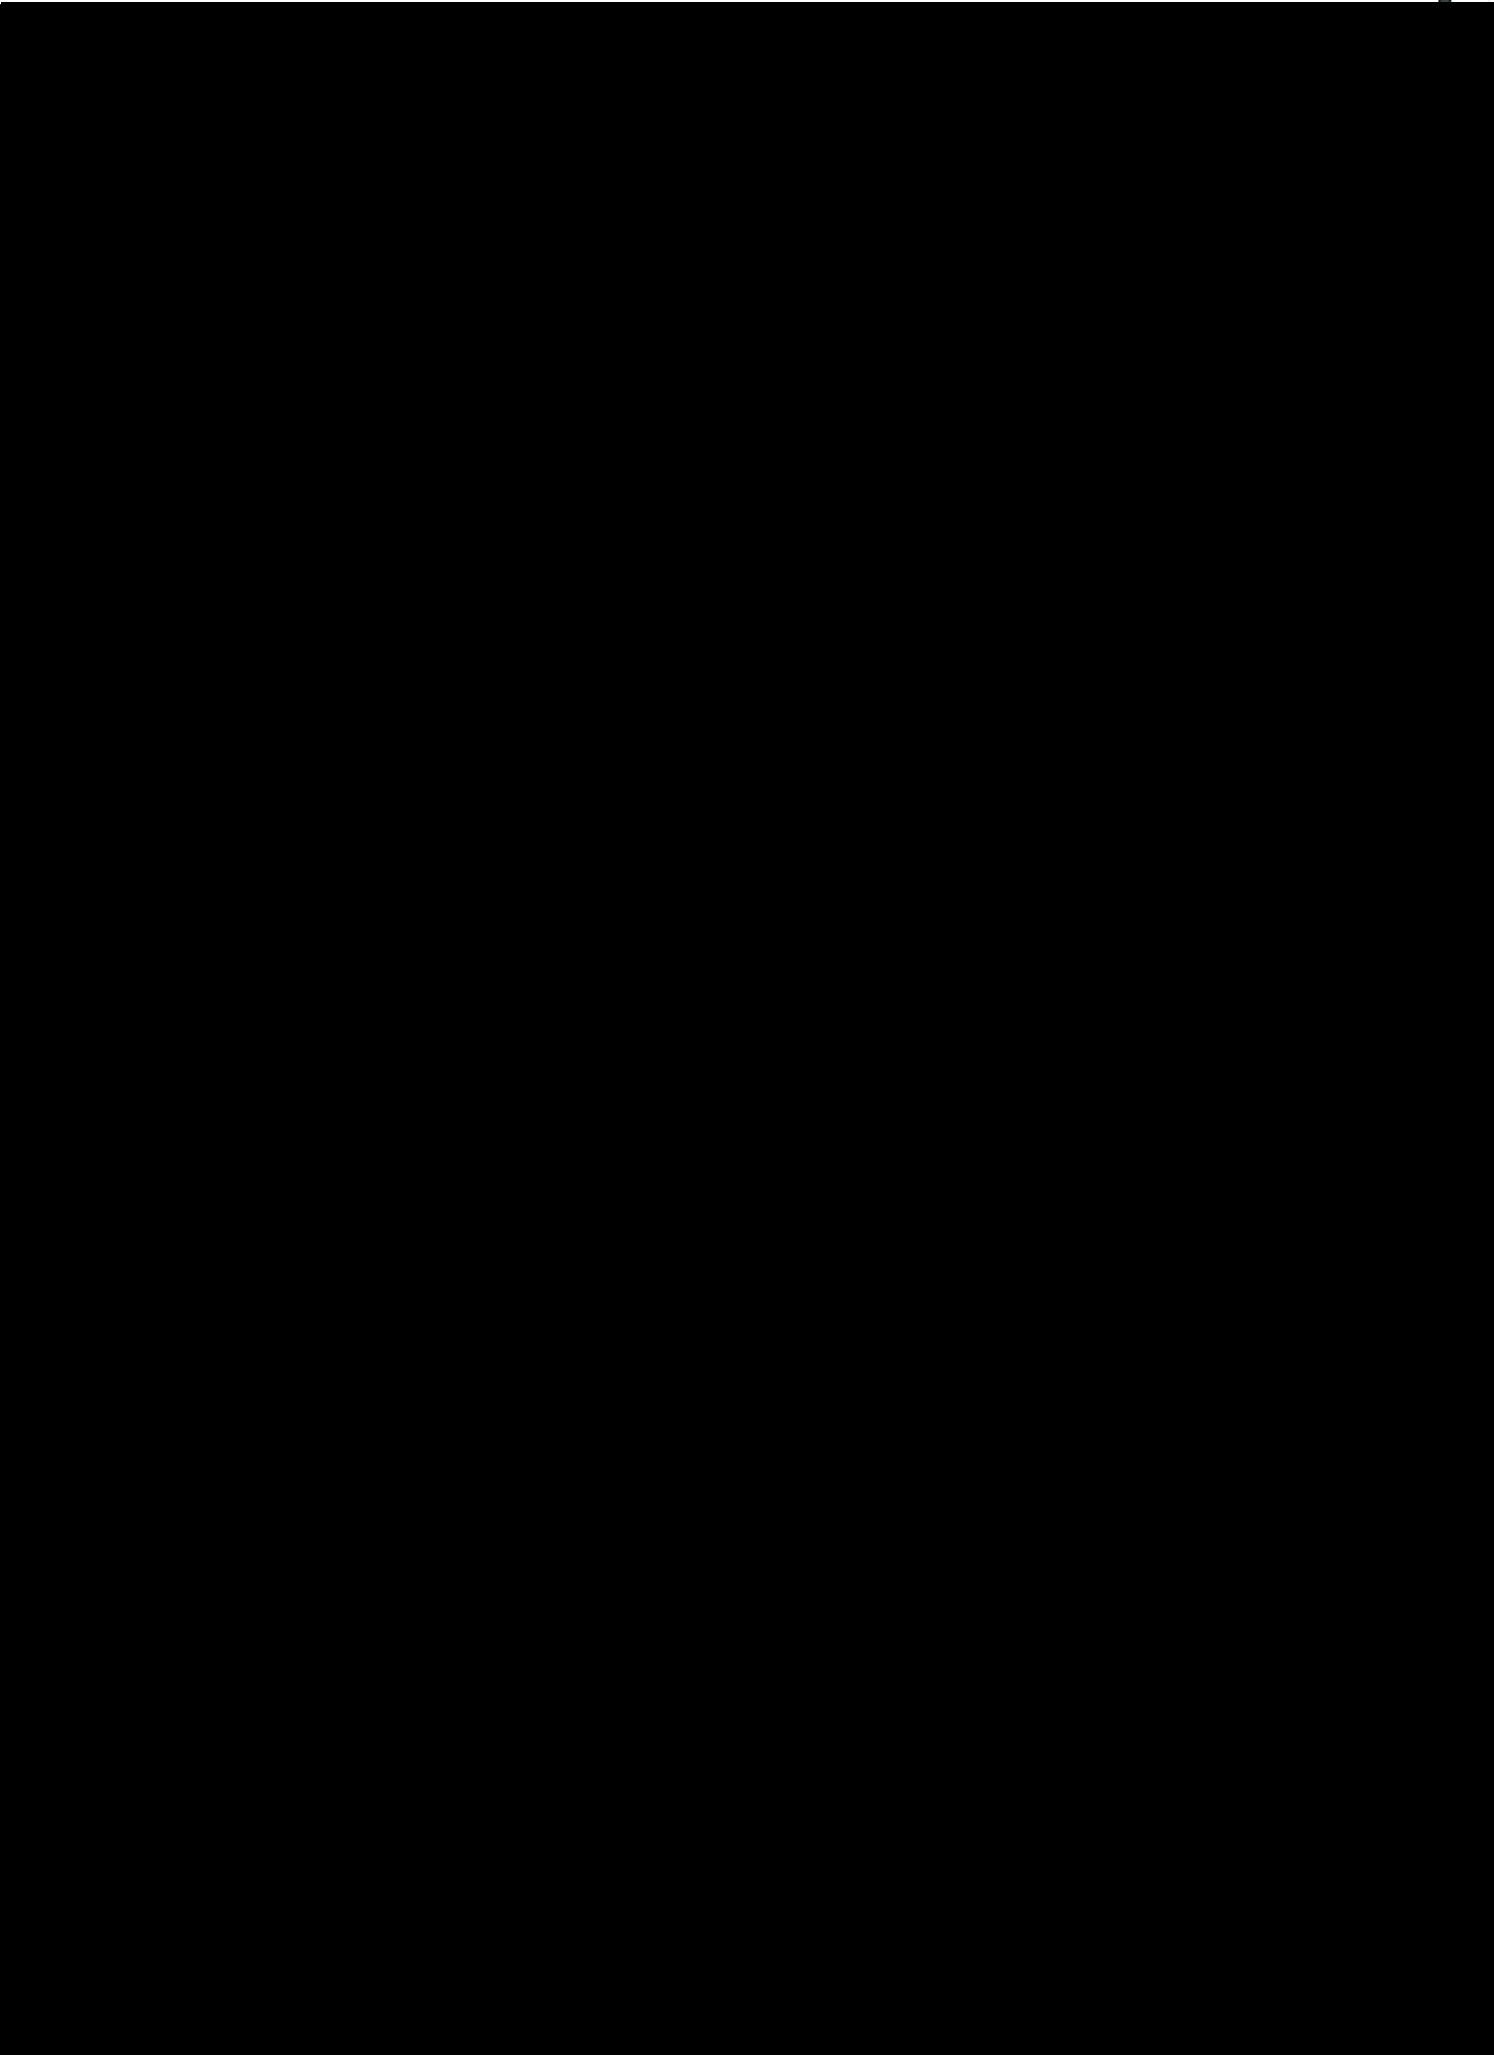

March 15th 2007

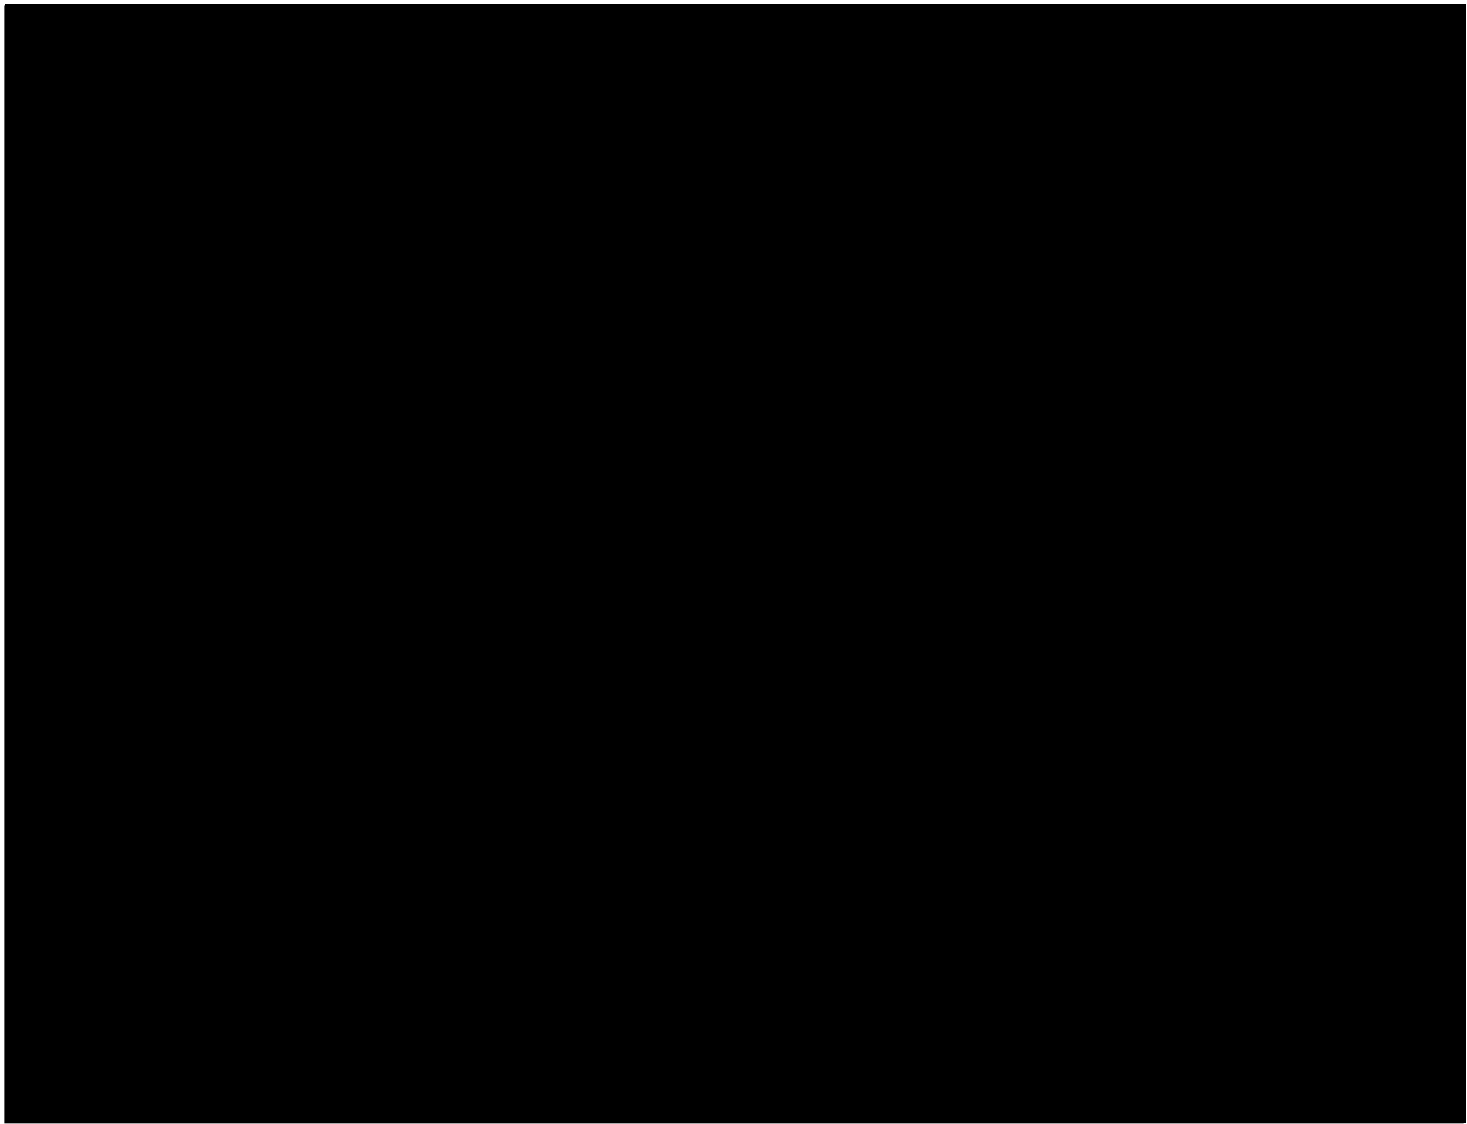

Georgina had an appointment today at the STI clinic as requested. When Georgina was asked questions by the consultant with regards to her sexual encounter, Georgie told the consultant that she was forced to have sexual intercourse, so this led to another consultant being brought in as he had to examine her.

Georgie was given a vaginal swab to check for STI's as the intercourse was unprotected. Pregnancy is negative & test results will be ready Thursday 22nd which I will phone up for and once I have the results I will contact yourself & Georgie's mum

Dear Sir/Madam

Georgina McMillan – 18 Mill Road, Cambuslang, Hamilton – D.o.B. 4 December 1991

I am writing regarding the above young person whom we understand absconded from Harley Place Children's Unit on Saturday 20 January 2007 and allegedly went back to the Hamilton area with her mother.

Our office has had involvement with Miss Georgina McMillan due to a Supervision Order, which is in place. S70 (3) C(S)A 1995. The Supervision Order was made due to school attendance issues and concerns regarding the stability/relationships within the home situation and the parent's relationship. During the year 2006 Miss Georgina McMillan and her family left the North Ayrshire location and their whereabouts was unknown. Appropriately nine months later the family were located, Ms Georgina McMillan being accommodated within Harley Place Children's Unit.

At the time of writing, the whereabouts of the family are unknown. It seems that Miss Georgina McMillan is not registered at any school, there have been 'sightings' of her within the Cambuslang or the Elgin area.

It is likely that the family may come to the attention of the local Police and we would ask for any information to be communicated with their area of residence.

If you wish further advice or information please do not hesitate to contact the Area Team, Ardrossan, at the above address or telephone number.

Yours sincerely

Re: Georgina McMillan (DOB 04/12/99)

I am writing regarding the above young person whom we understand has moved with her mother to the Motherwell area.

Our office has had involvement with Miss Georgina McMillan due to a Supervision Order which is in place. This Supervision Order was made due to school attendance issues, but in addition there have been concerns regarding the stability of the home situation and the parents' relationship.

At the time of writing, the whereabouts of the family are unknown. It seems that Miss Georgina McMillan is not registered at any school and the Department for Work and Pensions are not forthcoming with their information.

It is likely that the family may come to the attention of the local Police and we would ask for any information to be communicated with their area of residence.

Dear [REDACTED] o

I am writing to inform that we have still been unable to trace Georgina McMillan (04/12/91), last known address 4 St Lawrence Place, Saltcoats.

I have contacted St Andrew's Academy to inquire whether schools have been in contact for Georgina's education details, unfortunately they have not had enquiries with regards to this.

I have also contacted all high school in the Motherwell area as this appeared to be the region that the family are residing. However, Georgina has not been enrolled at any of these schools.

Area housing in Motherwell, Social Services in Motherwell and FACU in Ayr have also been contacted although this also has been futile as they do not have information on the family.

I did contact DWP, however that refused to discuss clients via the phone and suggested that I write to them. I have now forwarded letters to both the DWP in Irvine and Motherwell in the hope that they provide us with details of the family's address.

If DWP contact us with information on the family's whereabouts we will arrange to visit them.

The children's hearing will ask the child and relevant persons if they accept the grounds for referral. If the reasons are accepted the children's hearing will discuss with the child and relevant persons what is best for the child. If any of the grounds are not accepted, the hearing may either discharge them or tell the reporter to apply to the sheriff who will decide if any of the grounds are proved.

If the sheriff decides that any of the grounds are proved, the children's hearing will then discuss what is best for the child, as if these grounds had been accepted. If the sheriff decides that no grounds are proved the case will be discharged.

Rehabilitation of Offenders Act 1974

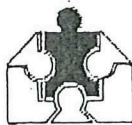

If the grounds accepted or established are offences committed by the child, then they will form a record that may have to be disclosed at a later date to potential employers. The reporter can give you a leaflet explaining the Act in more detail.

I have monitored Georgie's attendance closely this session. Her current attendance rate is 40.54%.

I have updated the attendance committee and enclose a copy of the school Welfare Officer's (Mrs White) contact with the parents.

Georgie is embarking on her 'S' grade curriculum and is being seriously disadvantaged currently.

[REDACTED]

I would be grateful if you could take this matter further.

Yours faithfully

9. Cognitive work has to be looked into with staff within the unit.	Harley Place	Ongoing	Ongoing
10. Fortnightly contact has to be carried out between Ms Anderson and Georgie.	AA/GMcM	Ongoing	Complete, although due to A/L there was no contact for 2 weeks.
11. Georgie has to be referred to the LAAC Health Nurse.	AA	asap	Complete. An on-going CAMHS assessment is in progress.

16. Please describe what has happened in the child/young person's placement since the last Review. (If this is the first Review, describe what has happened since the child/young person started to be looked after away from home). Make sure you describe positive developments as well as any problems. Always record something under each heading.

- a) Has there been a change of placement? If yes, describe the circumstances and the effects on the child/young person.

There has been no change of placement.

- b) Have there been any significant changes within the current placement which have affected the child/young person e.g. someone arriving or leaving?

No

- c) What are the child/young person's relationships like with adults and other children/young people in the placement?

Georgina appears to have good relationships with staff within the unit. Staff have observed however, that Georgina's relationships with other young people within the unit can be strained at times because Georgina has a tendency to exaggerate the truth. Georgina's return to the unit initially had an unsettling impact upon other young people however, this was quickly resolved when Georgina began to talk about her travels.

Georgina was involved in a confrontation with other young people who were discussing her family and this resulted in a staff member being accidentally caught in the crossfire of this.

- d) Does the child/young person understand and accept the rules and guidance provided by staff/carers? Have there been any issues? If so, please detail positive/negative behaviour, actions taken and results.

Georgina is very accepting of the rules and boundaries within the unit and presents no behavioural issues.

Georgina absconded from the unit on the 17 May 2007 after family contact it would appear that Georgina was with her family. Georgina seems settled within the unit, however she seems to take little guidance from staff when in the company of her family this adds to her vulnerability.

- e) How does the child/young person spend his/her leisure time? Are there activities s/he would like to be able to do which s/he is not doing?

Georgina likes to be able to socialise with friends, spending time with her family and going out on outing with unit staff.

- f) Are there any concerns about the child/young person's safety either because of his/her own or other people's actions? If yes, describe what will be done to protect him/herself.

There are concerns that Georgina could abscond again from the unit. To assist in protecting Georgina she had been placed on a place of safety with the condition of no family contact. Georgina is now off her Place of Safety.

- g) Does the child/young person feel safe in the placement? If not, describe why and outline what is being done to help him/her feel safer.

Georgina has stated that she feels safe within the unit.

- h) Is the placement appropriate for the child/young person? Is the placement stable, fragile or approaching breakdown? Is a move needed for other reasons e.g. a time limited placement? If the placement might need to end, what alternative(s) has/have been considered and what needs to be done to achieve it?

The placement at the present time is unable to fully meet Georgina's needs because staff are limited in preventing Georgina absconding with her family. Unit staff have expressed concerns that they cannot keep Georgina safe and she is putting herself at risk due to going missing for long periods of time. Georgina has a strong attachment with her mother and she absconds on the instruction of her mother.

Due to no family contact condition, at present, this is certainly reducing Georgina's risk of absconding however this is only a temporary measure. Georgina has had no contact with her family for the last 6 weeks.

17. Please describe the child/young person's development since the last Review. (If this is the first Review, describe what has happened since the child/young person started to be looked after away from home). Make sure you describe positive developments as well as any problems. Always record something under each heading. Attach copies of any relevant reports at Section 5 of the Review folder.

- a) How is the child/young person's health? Has the child/young person had or refused any assessments or treatment? If the child/young person is disabled, are there any specific needs or issues arising for him/her or her/his carer(s)?

Georgina appears to be in good health and developing in accordance to her age although Georgina complains of many medical conditions, which have not been verified by a Doctor. Admission medical has been done. Georgina has attended the Dentist regarding her dental hygiene and a referral to Crosshouse Hospital has been made re extractions. Crosshouse Hospital arranged an appointment for Georgina but this was cancelled as Georgina had absconded from the unit.

- b) How is the child/young person progressing in pre-school provision/school/training/college/work? Are there barriers to him/her achieving his/her potential? If so, describe them. Does the child/young person have an education plan? If so, what date was it or will it be reviewed?

Georgina's mother enrolled Georgina in Johnstone High School. Georgina's attendance was very poor and various and conflicting stories were provided which were unsubstantiated. Georgina is no longer residing in Johnstone and a new school/college placement needs to be established. Georgina has a history of poor school attendance and she has received very little secondary education. Georgina has not attended school since March 2007 and she has had a very limited education for the last year and a half. This has clearly impacted upon Georgina's opportunities to reach her potential.

At present Georgina is due to commence a placement at Rathbone.

- c) What sense does the child/young person have of his/her identity e.g. concerning gender, disability, sexuality, religion, culture, ethnicity, language, self worth, knowledge and understanding of own and family circumstances? What is being done to support the child/young person to achieve a positive sense of identity?

It appears that Georgie has a positive sense of identity in terms of her family circumstances and why she is being looked after. Georgina has travelling family connections in which she adheres to her family's social norms and cultural differences. Georgina can at times be confused about where she would like to live and it is the writer's view that she feels torn between her family's lifestyle and the unit lifestyle. During the time when Georgina was staying in the unit one night per week and with her mother for the rest of the time Georgina appeared to be very happy and settled. This arrangement was working well although it changed when Georgina's mother resumed her relationship with [REDACTED] e.

In social situations, however Georgie can be very shy and at times she can lack confidence and has low self-esteem. Unit staff are working with Georgina to assist her in gaining confidence, increase self esteem and to make positive choices and changes in her life.

It has been noted by unit staff that Georgina enjoys the attention of older males which can place Georgina at risk. Georgina can at times place herself in vulnerable situations.

- d) With whom is contact taking place? Is it taking place as often as planned? What effect is it having on the child/young person? What contribution do the parent(s) or people with parental responsibilities make to the child/young person's day to day care?

Due to previous risks of absconding with her family no family contact has been allowed.

- e) How does the child/young person relate with members of his/her family? Have there been any changes in these relationships or of family membership? How have these affected the child/young person?

Georgie has a very close relationship with her mother and during the period that her mother ceased her relationship with [REDACTED], Georgie was much happier. Georgie did not want anything to do with [REDACTED] or [REDACTED] her, her mother resumed this relationship and this led to Georgina running away with her family

- f) How does the child/young person present him/herself in social situations? What impression does s/he make on other people?

Georgie presents as a friendly and very pleasant young person although, at times she can separate herself from other young people in the unit. However, Georgie is also a young person who divulges her personal experiences to other young people in the unit very openly and this leaves her very open and vulnerable due to a lack of personal boundaries.

- g) Describe the child/young person's behaviour. How is s/he developing emotionally? Have there been any changes? If so, give details and possible reasons why you think they happened.

Georgie is very well behaved within the unit however, has absconding behaviour puts her at risk. Georgina is receiving support from CAHMS and unit staff to assist her in dealing with the emotional trauma that she has experienced.

The writer also feels that Georgina will find it difficult in having no contact with her family members for the next 3 weeks.

- h) What self-care skills does the child/young person have? Are there any barriers to the child/young person achieving appropriate self-care skills? If so, describe them.

Georgie has age appropriate self care skills in the sense that she likes doing her make up and hair. Staff since Georgina's return have needed to encourage Georgina to brush her teeth and have regular showers. Before Georgina went missing there were improvements in Georgina's self-care skills however, this has since diminished and staff will continue assist in Georgina achieving appropriate self-care skills.

18. Please describe the child/young person's, and his/her families relationships with you since the last Review. (If this is the first Review, describe what has happened since the child/young person started to be looked after away from home). If there has been a change of Social Worker, what effect has this had on the child/young person and his/her family? Make sure you record positive developments as well as any problems.

During the time of Georgie's disappearance there was no contact with the family during this time. It has also been previously noted that there is a long history of deception and dishonesty with the department.

19. Are there any other significant developments for the child/young person not outlined in Questions 16-18 above?

- 1 Please describe what has happened in the child/young person's placement since the last Review. (If this is the first Review, describe what has happened since the child or young person started to be looked after away from home). Make sure you describe positive developments as well as any problems. Always record something under each heading.

- i Has there been a change of placement? If yes, describe the circumstances and the effects on the child/young person.

Since Georgina returned from absconding, her order has changed and she is currently residing at Harley on a place of safety.

- ii Have there been any significant changes within the current placement which have affected the child/young person eg someone arriving or leaving?

Although there have been a number of changes within the unit, both with staff and young people, Georgina doesn't appear to have been affected by these changes.

ADD ADDITIONAL PAGES IF REQUIRED

This form contains confidential information which should only be shared in accordance with the Data Protection Act 1998

September 2000

- iii What are the child/young person's relationships like with adults and other children/young people in the placement?

Georgina appears to get on fairly well with staff and young people, however, she does spend a lot of time on her own and some of her relationships with the young people appear to be very superficial.

- iv Does the child/young person understand and accept the rules and guidance provided by staff/carers? Have there been any issues? If so, please detail positive/negative behaviour, actions taken and results.

Georgina does understand and accept the rules and guidance within Harley Place. She can at times, misinterpret staff guidance and on one occasion asked for a complaint form when a member of staff asked her to pull her trousers up. It was explained to Georgina that staff would fully support her should she feel the need to make a complaint however, this situation did not warrant a complaint, which she accepted.

- v How does the child/young person spend his/her leisure time? Are there activities s/he would like to be able to do which s/he is not doing?

Due to Georgina's current situation, there have been restrictions in the activities she can participate in. She has attended unit outings to Loudon Castle Theme Park and ice skating at Harvies. Within the unit Georgina spends time playing pool, watching tv and listening to music.

- vi Are there any concerns about the child/young person's safety, either because of his/her own or other people's actions. If yes, describe what will be done to protect him or her.

Staff have concerns that Georgina is extremely vulnerable and given the opportunity may abscond again though her current place of safety order appears to be deterring her from this. She has made a number of allegations recently and has met with the FACU team in relation to an alleged incident in Callander. As a result of the situations she has placed herself in, Georgina has attended appointments at the STD Clinic and with the police doctor where tests were carried out including a pregnancy test, which proved to be negative.

ADD ADDITIONAL PAGES IF REQUIRED

- vii Does the child/young person feel safe in the placement? If not, describe why and outline what is being done to help him or her feel safer.

Georgina expressed that she does feel safe within Harley Place at this time.

- viii Is the placement appropriate for the child/young person? Is the placement stable, fragile or approaching breakdown? Is a move needed for other reasons eg a time limited placement? If the placement might need to end, what alternative(s) has/have been considered and what needs to be done to achieve it?

At the current time Harley Place is not meeting Georgina's needs and can not keep Georgina from absconding with her family. Harley Place cannot at this time keep Georgina safe as Georgina is putting herself at Risk when she is absconding from the unit for long periods of time. Georgina has a close attachment with her Mother and tends to abscond with her family when instructed to. Staff feel at present that no contact with her family would benefit Georgina and lower the risk of her absconding

- 2 Please describe the child/young person's development since the last Review. (If this is the first Review, describe what has happened since the child/young person started to be looked after away from home). Make sure you describe positive developments as well as any problems. Always record something under each heading.

- i How is the child/young person's health? Has the child/young person had or refused any health assessments or treatment? If the child/young person is disabled, are there any specific needs or issues arising for him/her or you as carer(s)?

Georgina appears to be in good health and developing in accordance to her age although Georgina complains of many medical conditions, which have not been verified by a Doctor. Admission medical has been done. Georgina has attended the Dentist regarding her dental hygiene follow up appoints have been made. Georgina has attended 3 medical since her last review this is due to Georgina repeating her allegations to new members of staff who are not aware that Georgina has discussed these disclosures previous.

Looking After Children

REVIEW OF THE CARE PLAN - PART 2

- iii What are the child/young person's relationships like with adults and other children/young people in the placement?

Georgina appears to get on well with staff in Harley Place. Her relationships with young people within the unit at times can be strained this is due to Georgina exaggeration of the truth. Georgina is eager to please staff and also enjoys spending her time in the company of the staff.

- iv Does the child/young person understand and accept the rules and guidance provided by staff/carers? Have there been any issues? If so, please detail positive/negative behaviour, actions taken and results.

Georgina understands the rules within Harley Place and does adhere to the rules and boundaries within Harley Place the majority of the time. On the 18/07/07 Georgina absconded from the unit staff faxed police and informed Standby. Georgina was returned to the unit by her Stepdad [REDACTED] [REDACTED] she had been in her step brothers house.

- v How does the child/young person spend his/her leisure time? Are there activities s/he would like to be able to do which s/he is not doing?

Georgina takes part in most of the unit activities, which she enjoys. Some activities have had to be withdrawn from Georgina due to there not being any female staff members being present.

- vi Are there any concerns about the child/young person's safety, either because of his/her own or other people's actions. If yes, describe what will be done to protect him or her.

Georgina appears at this time to feel safe within Harley Place. Staff has concerns re Georgina absconding for long periods of time and the risk of Georgina associating with Adults who may prey on Georgina's vulnerable side. Georgina is known to place herself in inappropriate situations as a result of this Georgina is on a Place Of Safety.

ADD ADDITIONAL PAGES IF REQUIRED

REVIEW OF THE CARE PLAN - PART 2

Looking After Children

- v How does the child/young person relate with members of his/her family? Have there been any changes in these relationships or of family membership? How have these affected the child/young person?

Georgina appears to be confused as to where she would like to live as she will say to staff that she does not want contact then will change her mind at any given time and will state that she would like to be with her family. Georgina enjoys the attention and large family setting within the unit and the company of staff and young people, however the bond with her own family is also very strong and this can cause conflict for Georgina as she then can not decide where she would like to stay. Georgina appears to be very attached to her mum and has told staff she wishes to have contact with her mum and Family.

- vi How does the child/young person present him/herself in social situations? What impression does s/he make on other people?

Georgina presents herself in social situations as very shy and quiet. She has a low self-esteem and lacks confidence. Georgina can put herself at risk when out in the local community by her behaviour towards others. Georgina seeks attention by showing a vulnerability that can be taken advantage of by others.

- vii Describe the child/young person's behaviour. How is s/he developing emotionally? Have there been changes? If so, give details and possible reasons why you think this happened.

Georgina's behaviour within the unit is generally pleasant and well behaved although Georgina can be emotional at times re family circumstances. Georgina has difficulty emotionally as she does not see the dangers she places herself in when she absconds. Georgina has been very emotional and has had a couple of outbursts after Georgina has calmed down she has stated that the outbursts are due to the fact that she is missing her Family.

ADD ADDITIONAL PAGES IF REQUIRED

Looking After Children

- viii What self-care skills does the child/young person have? Are there any barriers to the child/young person achieving appropriate self-care skills? If so, describe them.

Georgina's Self-care skills have improved since her return to the unit. Keyworker has worked with Georgina in developing a daily routine showering, brushing teeth and cleaning her bedroom on daily basis. Georgina also has a dish night and does her own washing within the unit

- 3 Please describe the child/young person's and his/her family's relationship with the social worker since the last Review? (If this is the first Review, describe what happened since the child/young person started to be looked after away from home). If there has been a change of social worker, what effect has this had on the child/young person, his/her family and you as carer(s)? Make sure you record positive developments as well as any problems.

Georgina has a good relationship with her social worker and is happy with the level of contact she has with her.

- vii Does the child/young person feel safe in the placement? If not, describe why and outline what is being done to help him or her feel safer.

Georgina expressed that she does feel safe within Harley Place at this time.

- viii Is the placement appropriate for the child/young person? Is the placement stable, fragile or approaching breakdown? Is a move needed for other reasons eg a time limited placement? If the placement might need to end, what alternative(s) has/have been considered and what needs to be done to achieve it?

At the current time Harley Place is meeting Georgina's needs, although staff feel this has been down to Georgina being on a place of safety. Staffs have serious concerns now that the place of safety has been lifted we cannot keep her from absconding with her family. Harley Place cannot at this time keep Georgina safe as Georgina is putting herself at Risk when she is absconding from the unit for long periods of time. Georgina has a close attachment with her Mother and tends to abscond with her family when instructed to. Staff feel at present that no contact with her family would benefit Georgina and lower the risk of her absconding

- 2 Please describe the child/young person's development since the last Review.
