NAME OF YOUNG PERSON; GEORGINA MC MILLAN

D.O.B. 04/12/91

DISCLOSURE FROM ABOVE NAMED YOUNG PERSON – MONDAY 23RD JULY 07

The writer and Georgina had the opportunity to have one to one time out in the community. This was beneficial for Georgina and the writer to build on a positive relationship as well as giving Georgina a chance to talk about recent events that allegedly took place in Callendar.

During our conversation, Georgina opened up to the writer and disclosed additional information about her alleged rapes by her mother's boyfriend, namely [redacted]

Georgina disclosed that different males have sexually abused her since the age of 6 years. She then went on to tell me that her first sexual abuse by [redacted] took place at her Mother's home in Johnstone when she was 14 years old. Taking into consideration her emotional state of mind. I asked her if she could give me specific details on how these incidents happened.

Georgina stated that she was in the house with [redacted] and her Grandmother. [redacted] allegedly came into her bedroom and told her that he wanted to have sexual intercourse and proceeded to lie in the bed with her. I asked her why she did not challenge his request and perhaps shout for assistance as her Grandmother was also in the house. She stated that her Grandmother is deaf and would not hear anything. Georgina claimed that [redacted] then put his hand over her mouth and asked her to be quiet. He then allegedly raped her.

After this attack, Georgina did say that she told her Mother about it, but apparently her Mother refused to believe her stating that [redacted] would never do such a thing" the issue was never raised again in conversation as Georgina said her Mum did not believe she was telling the truth.

Another alleged rape happened when she and her Mother, [redacted] and Brothers were in Blackpool sleeping "rough" on the streets. I asked why she never said anything to her Mother about this alleged rape. She said that her Mother has a lot of mental health problems and didn't want to worry her as she has threatened suicide on many occasions and didn't want to add to her poor mental state of mind with extra stress.

The third incident allegedly took place in Callendar. Georgina's Mother, [redacted] [redacted] (Georgina's brother) and [redacted] son and daughter were all camping in a wooded area.

[redacted] had asked Georgina to go with him into the forest to collect wood for a fire. Georgina stated that [redacted] then pushed her against a tree and proceed to rape her again.

She also stated that he punched her on the jaw. I asked her again why she did not say anything to her mum or anyone else about this incident. She stated that she was too "scared" I then asked why her Mother did not notice her bruised or cut face. She then said that she did, bu[redacted] interrupted their conversation by claiming that Gorgina fell over whilst in the forest. Her mother apparently accepted this information as the truth.

Through out this alledgedged disclosure, the writer was supportive to Georgina's emotional needs. I did explain to her about our "confidentiality procedure" and the seriousness of what she was claiming against[redacted]. Georgina is adamant that the above incidents are the truth.

Should you require additional information please do not hesitate to contact myself or senior management at Harley Place, Children's Unit. Saltcoats.

[redacted]

RESIDENTIAL CARE WORKER

Report of disclosure made by Georgina McMillan

Friday 20 July '07 23:35hrs

Georgina approached me complaining of a sore head. I gave her a cold drink and escorted her back to her bed. I spoke with her regarding her concerns of being unable to sleep. Georgina stated that she was upset with staff over the last few days and that they did not seem to be caring for her. She also discussed with me her concerns of the alleged rape by [redacted] She also told me that the police were escorting her back to Callander to where the alleged incident occurred. She disclosed to the writer that this had not been the first time [redacted] had raped her. She stated that during the first week of her abscontion [redacted] had raped her in his bedroom while at his home in the Johnstone area. The writer asked Georgina if she had discussed this with any other adults she indicated that she had spoken to her mother who was unwilling to take the matter further. Georgina felt that this was because her mother was afraid of physical violence from [redacted] Georgina also disclosed that before the alleged rape in Callander she and [redacted] had partaken to smoking a joint of cannabis. Georgina also disclosed to me that she had been raped by a [redacted]. Georgina discussed the

abuse and alleged rapes she suffered at the hands of her stepfather [redacted] [redacted] This had started when Georgina was six years old.

At this point I [redacted] interceded and the conversation came to a close.

I advised Georgina that I was required to discuss this conversation with my line manager and that Georgina could discuss it further with my line manager [redacted] the morning.

[redacted]

[redacted]

Senior Residential Child Care Officer

Harley Place C.U.

Saltcoats

NAME OF YOUNG PERSON; GEORGINA MC MILLAN

D.O.B. - 04.12.91

DISCLOSURE MADE TO R.C.W. – [redacted], ON SATURDAY 21ST JULY 2007

On Saturday 21st July 2007 at approximately 5.40 p.m. Georgina approached myself and asked if she could speak to me privately. I then proceeded to take Georgina into her bedroom to allow her to have some privacy. Georgina then burst out crying and disclosed that she has been under a lot of stress recently with an alleged rape by her mother's fiancé namely [redacted]

I interrupted Georgina by going through with her, our procedure of "confidentiality". Georgina was prepared to continue with her disclosure. Georgina stated that [redacted] not only raped her in Callender but in Blackpool and at her Mother's residence. This allegation apparently happened three months ago. Georgina was also complaining of stomach pain and said she had a thick vaginal charge. I asked her when she last had a "period" but Georgina could not tell me. However, she did say her period was regular but had not had one for a while.

Having discussed this disclosure with my Senior Shift Manager, [redacted] It was decided in the interest of the young person's health that she should immediately be taken to Crosshouse Hospital.

Georgina was given a pregnancy test, which confirmed that she was NOT pregnant. The duty doctor also examined her stomach area. Georgina declined on having a vaginal smear test. Georgina did agree to have an HIV and Hep C injection. Results will take approximately 6 to 8 weeks. The doctor on duty stated quite clearly to Georgina of what this procedure was for. Georgina was also given paracetamol for headache. (see medical log).

On our journey back from hospital, Georgina disclosed that different men have sexually abused her since the age of 6 years until approx. 11 years.

The above information has been passed on to [redacted] (Senior Shift Manager).

[redacted] – Residential Care Worker

REPORT OF DISCLOSURE AT THE POLICE STATION THURSDAY 19.07.07

GEORGINA McMILLAN DOB – 04.12.91

[redacted] RCCO HARLEY PLACE CHILDREN'S UNIT

Georgina had an appointment with the police doctor in Saltcoats at 8pm Thurs 19th July 2007 to disclose information of recent allegations made to staff in Harley Place Children's Unit. Georgina was asked questions regarding recent incidents while on the run with mum in Calendar, Georgina told the police doctor that at the age of 7 & 8 she was sexually abused by several different males. At the age of 11 a gang rape had taken place, a rape took place while being accommodated within a north Ayrshire children's unit by a male resident and while on the run with mum & mum's fiancé [redacted] Georgina disclosed that [redacted] had raped her while they were residing in Calendar approximately one month ago.

After all disclosures were made to the police doctor Georgina was given an examination of the vaginal area, the doctor could tell that sexual activity had taken place but could not tell when and how many times. The doctor felt that the vaginal area appeared to be healthy but advised that an appointment with the STD clinic is made in order for Georgina to be tested for any infections.

I have telephoned the clinic in Ardrossan & at this time I am awaiting on them calling back with an appointment time.

The above information has been passed on to [redacted] (senior shift manager)

[redacted] –Residential Child care Officer

out around 5:00

Incident Report 28/8/07

Involving Georgina McMillan

Georgie arrived back at the unit at 9.40pm appearing to be angry with another resident, [redacted] whom she'd been out with during the course of the day. When asked the whereabouts of the other resident she said she'd left her with a man. A phone call was made to establish that the other resident was okay was okay and was on her way back to the unit.

When the other resident arrived at the unit upset and went to her room, Georgina appeared to be on edge whilst this was being dealt with and looking for ways in which to have contact with her - which wasn't permitted.

The CID arrived to interview Georgie at 1.30am in regards to an incident relating to the other resident.

They asked her to describe the events of her day and to identify a male from the sheet of mug shots they had, which she did.

They went on to take a formal statement:

She described the male as being just a bit taller than her, of medium build, short dark spiky hair, wearing a ring with a scar on the left of his face. He also carried a mobile phone. Aged late 20's

Georgie stated that she and the other resident had went out at 3.30pm, returning to the unit at 4.30pm for dinner. Afterwards they went back out into Saltcoats Town Centre and had asked two males for a cigarette in Dockhead Street, close to Farm Foods soon after they had left the unit. One male left the company and they were left in the company of the other, who offered them a drink from a bottle of MD 20-20 (Mad Dog). Georgie said she'd declined though the other resident took him up on the offer. They then went to the rear of the Bank of Scotland and sat with the male on a wall talking.

The male then went and bought a futher carry out, Tennant's Lager for himself and a Bottle of Blue Vodka for the other resident. When asked by the police if she'd taken any alcohol she admitted to having just a sip. She described how she'd had a roll up cigarette and felt funny.

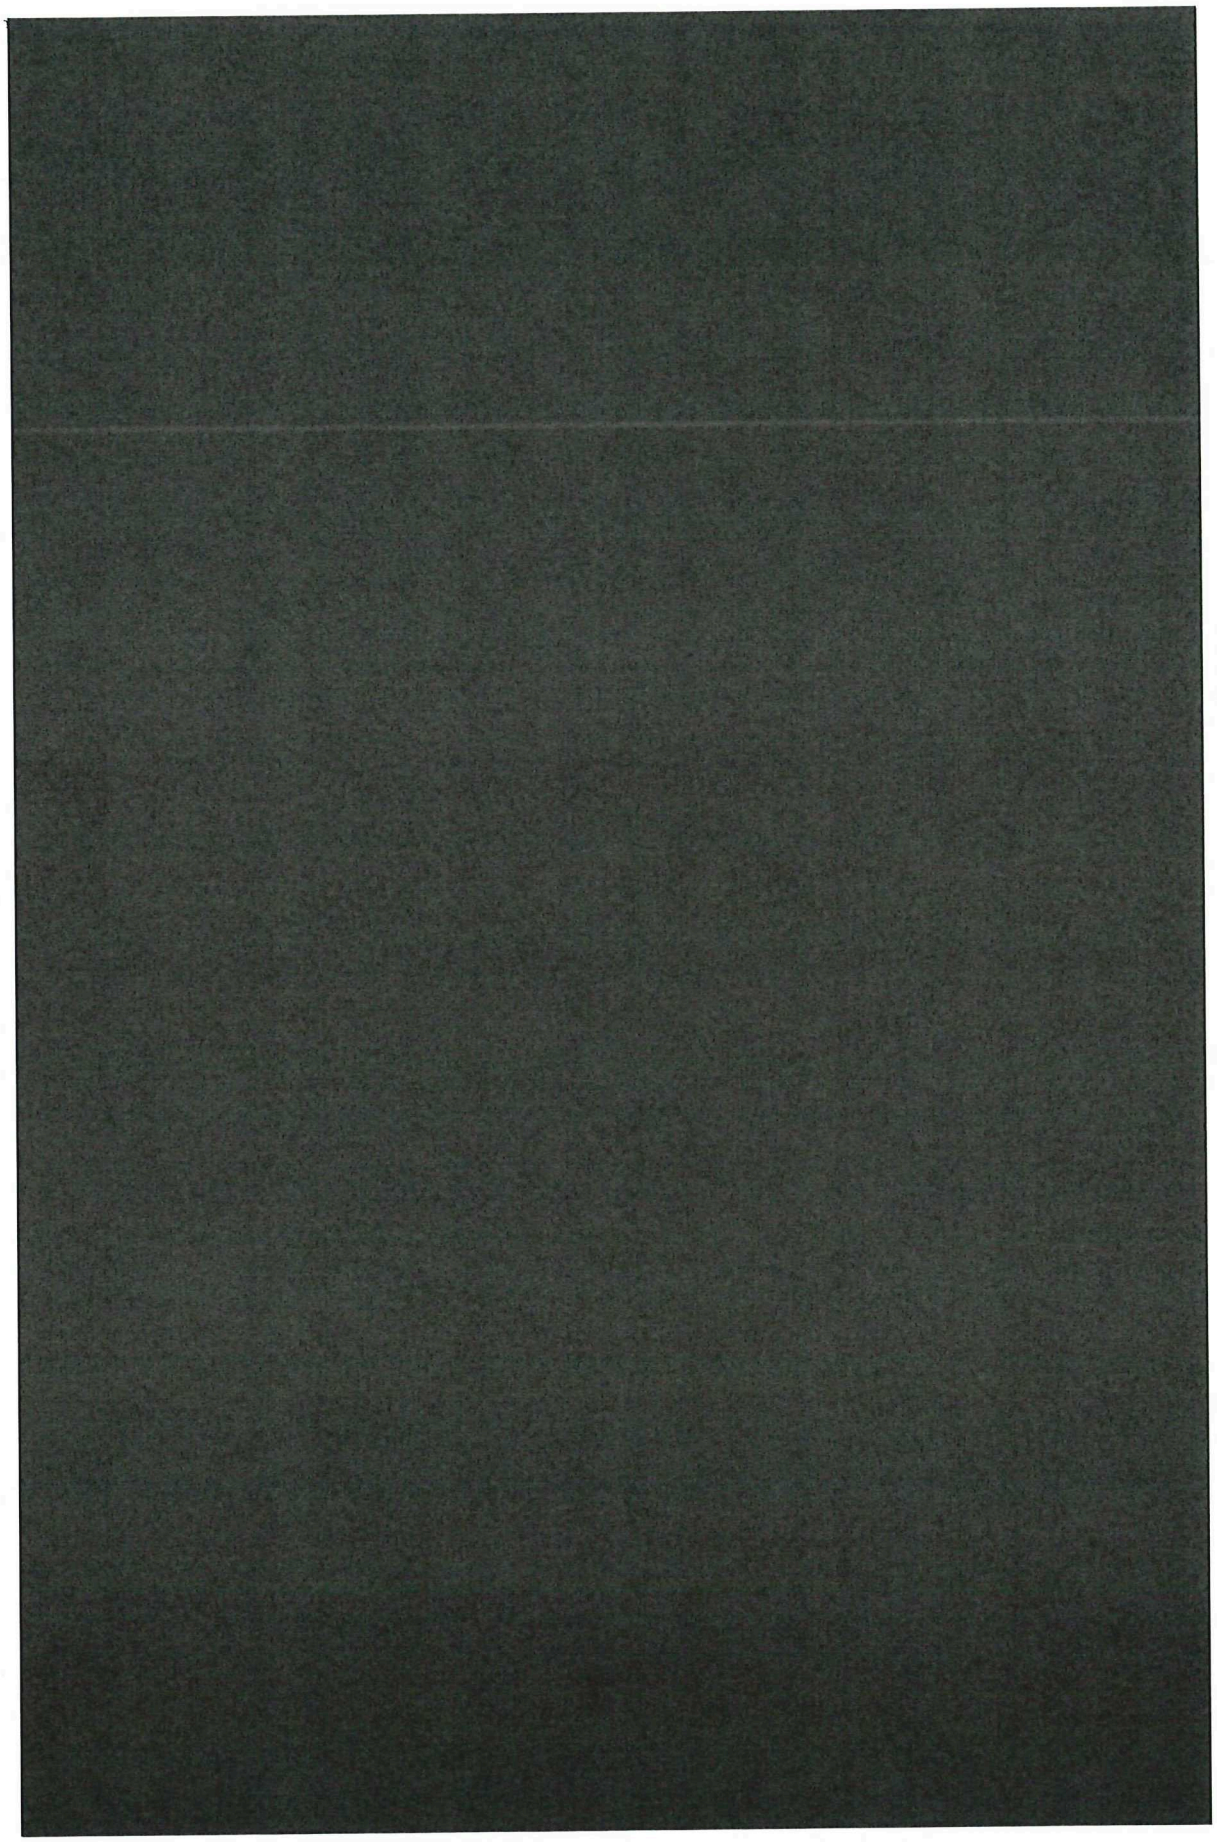
When asked what had happened next, she described how they'd all made their way to The Glebe and sat there. Georgie said she was uncomfortable in the company of the male an had felt on edge – she described how he reminded her of her step dad. She described how the male had cuddled the other resident. Georgie said she'd tried to encourage the

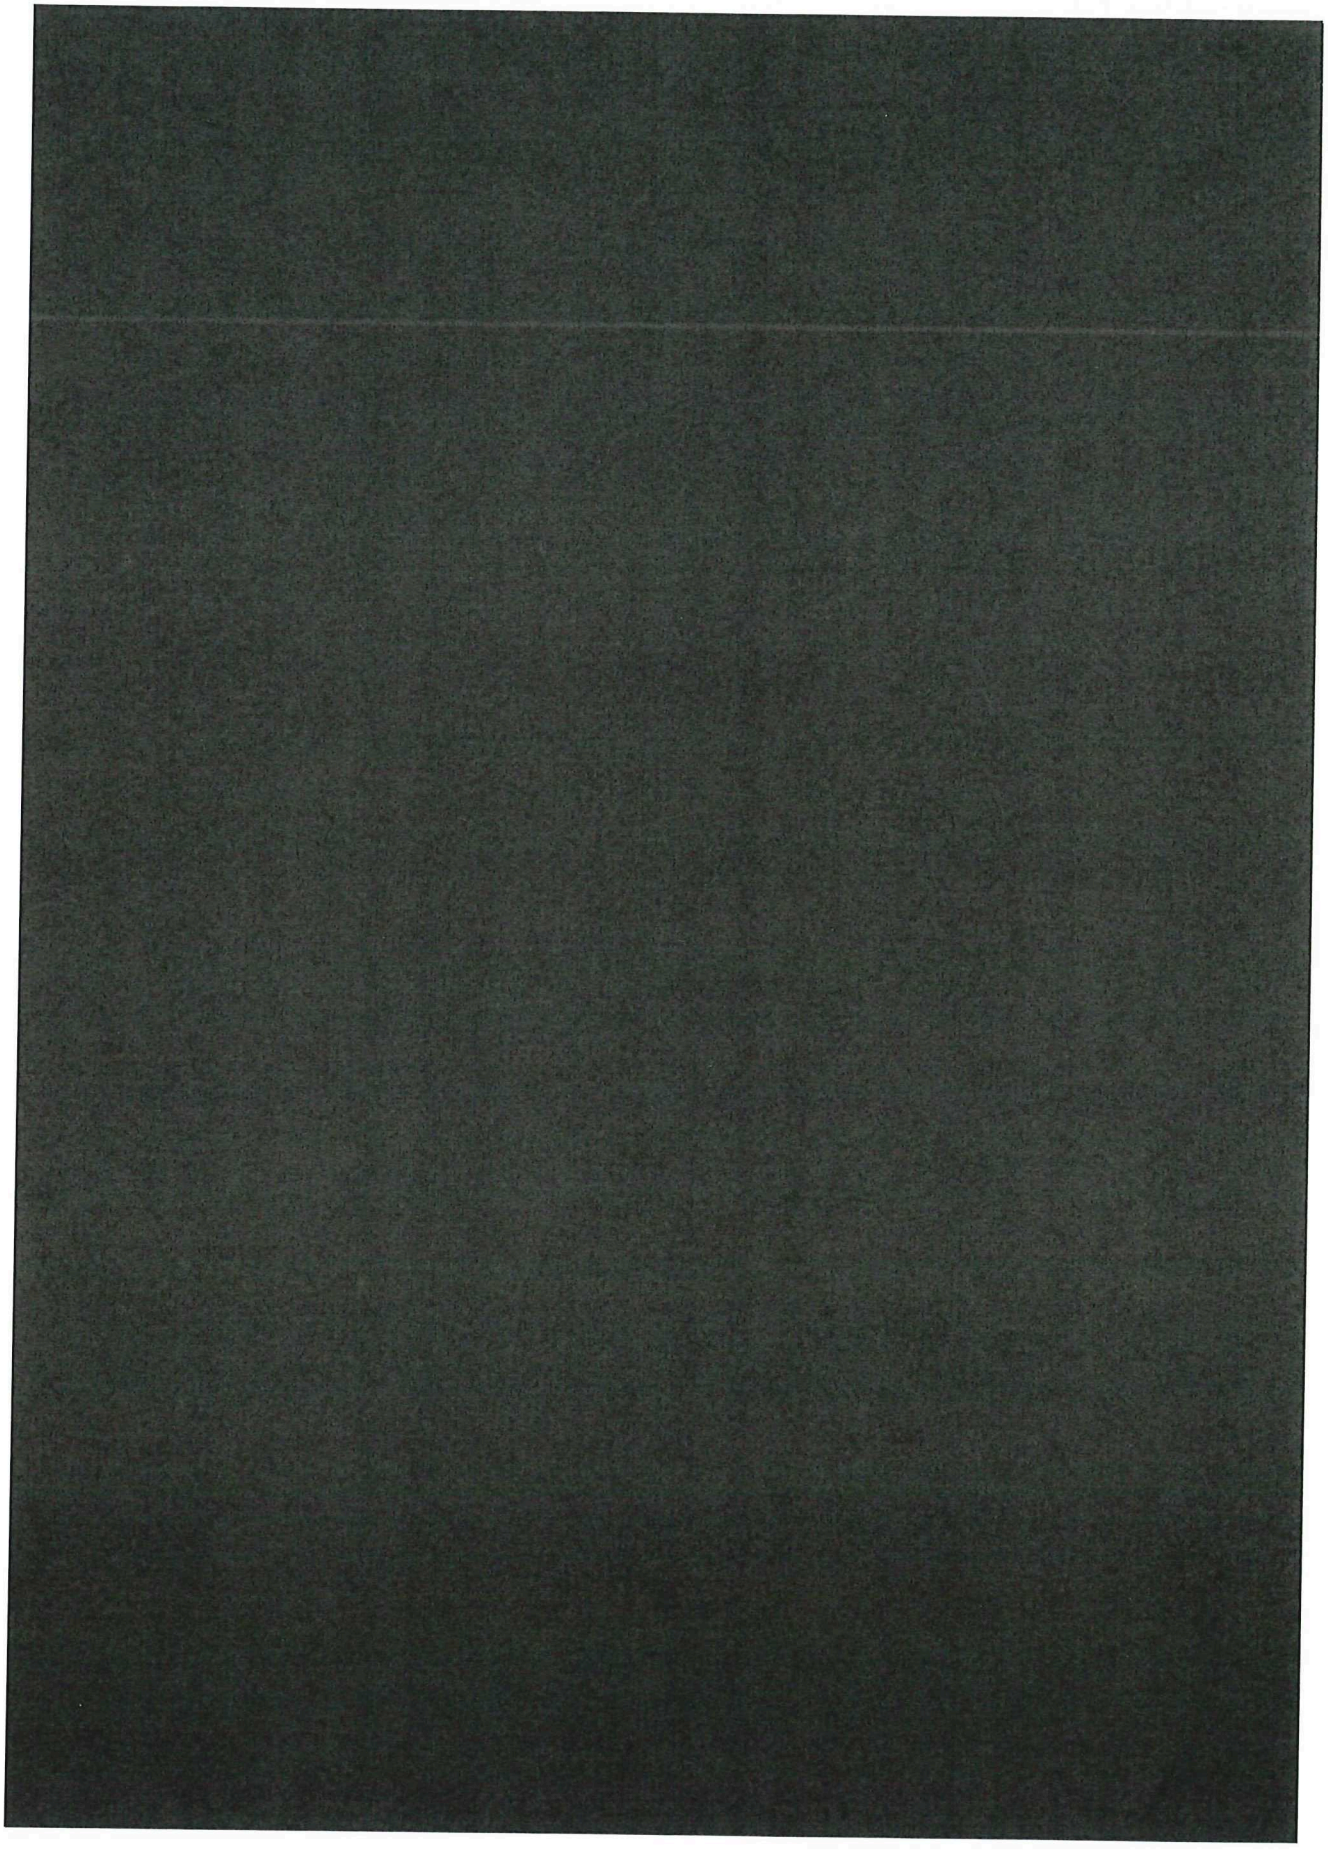
other resident to return to the unit, but she wouldn't come, therefore she returned herself, realizing it was late.

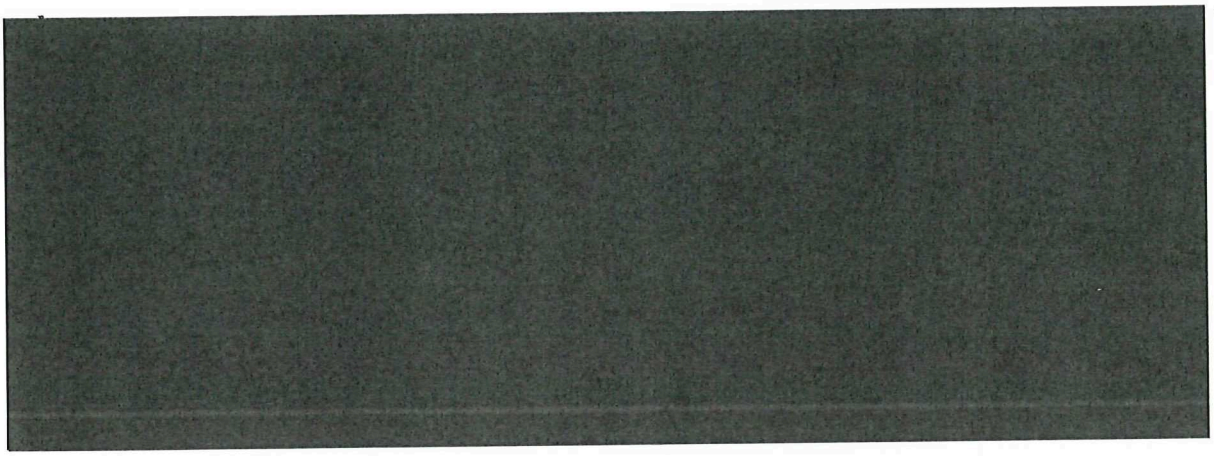
Georgie stated that whilst in the Glebe the other resident had been upset about a dog they'd witnessed being knocked down
Prior to leaving Georgie went on to say to the police she had a good idea what had happened to the other resident, "the same as happened to me from my step dad". When asked what, she said " she was raped".

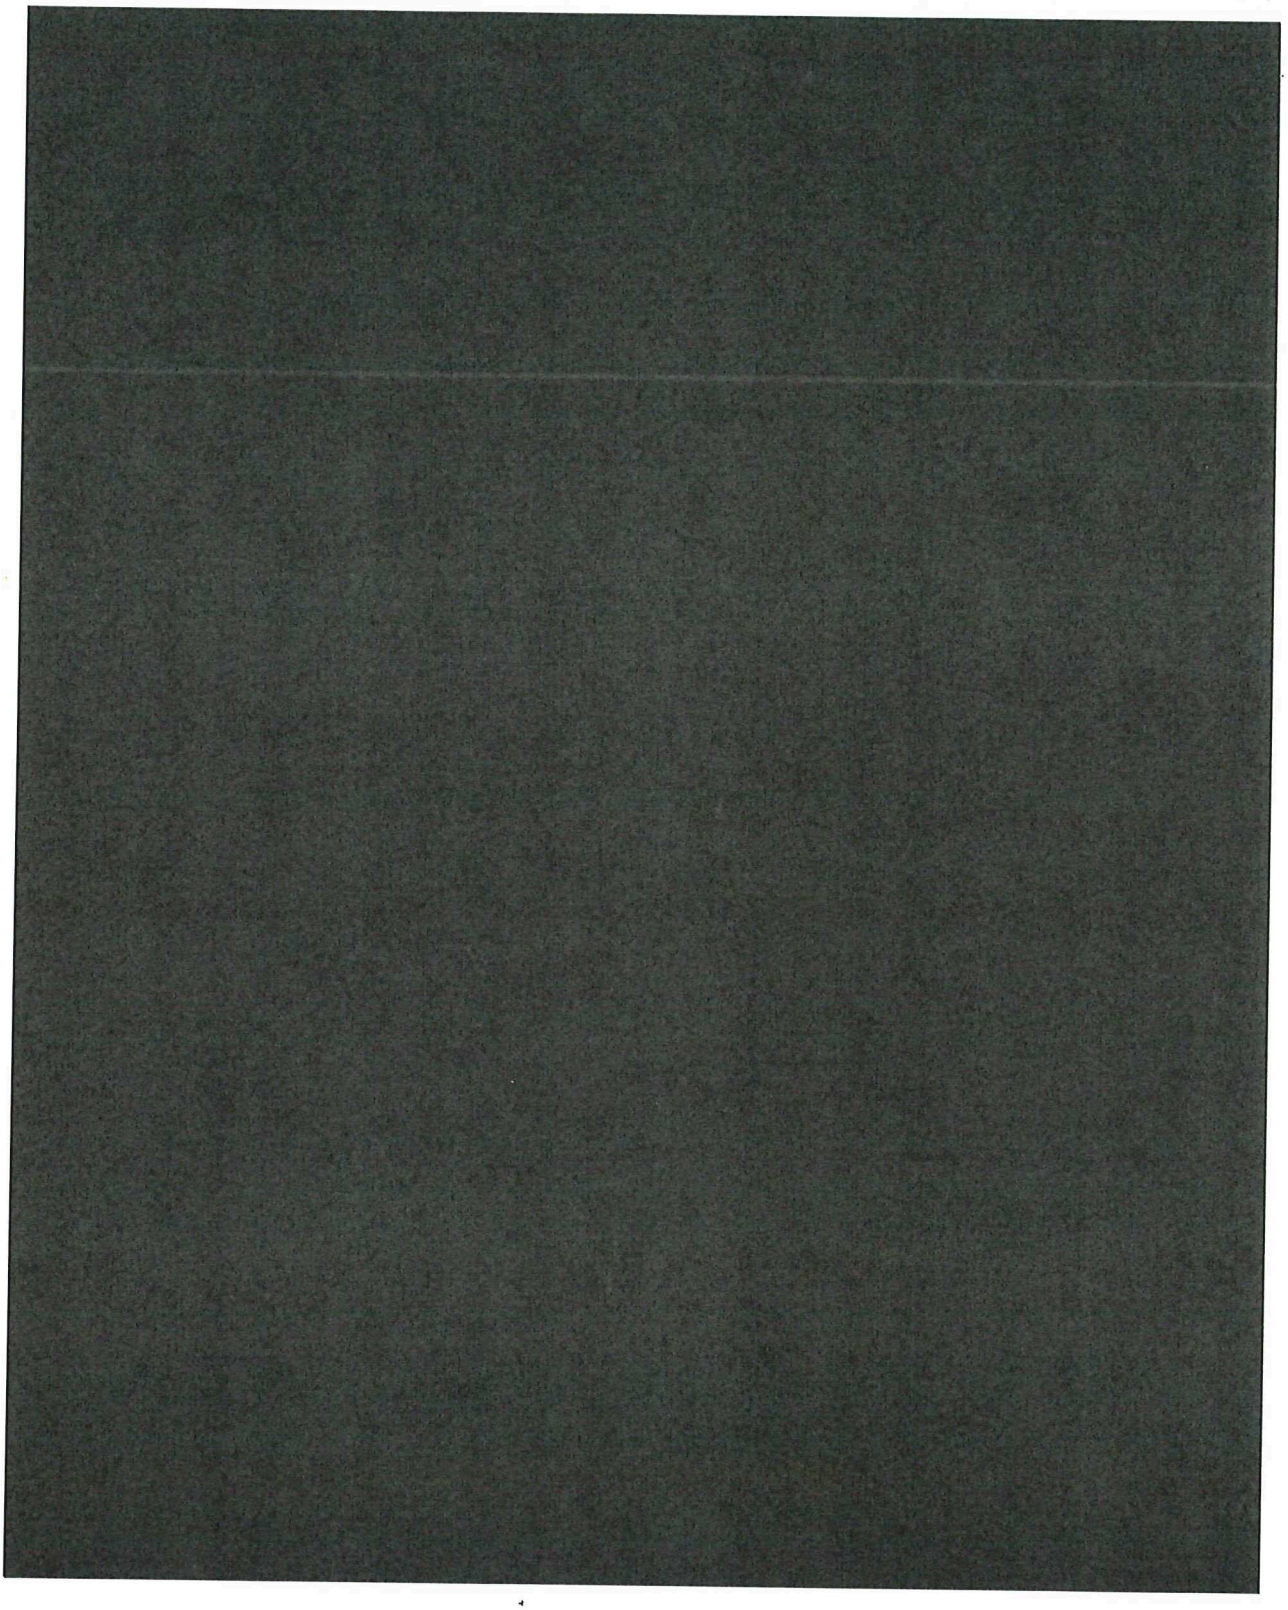
Gordon Phillips

* WHEN GEORGIE ARRIVED BACK AT THE UNIT SHE WAS QUESTIONED ON WHERE SHE GOT THE NEW JACKET SHE WAS WEARING. GEORGIE INFORMED [redacted] THAT SHE HAD BUMPED INTO AND WAS GIVEN THIS BY [redacted]









Planning Meeting – Georgina McMillan (4/12/91)

30/8/7 12:00 Harley Place Children's Unit

In Attendance:

[redacted] ce Manager)
eam Leader)
Social Worker)
Manager)

Given the incident that happened on the night of 28/8/07 involving Georgina and [redacted] t was decided to hold a planning meeting, given the concerns the incident had raised the indiscrepancies in the girls statements and concerns that [redacted] was involved.

[redacted] Georgina was interviewed by two CID officers.
It was felt there were indiscrepancies between the girl's statements, that they were not concealing information and that they had possibly been at [redacted] house.

Information received from another young person resident with Harley Place was that the girls had been at [redacted] house and that they had known the male in question from Green Street Hostel.

[redacted] had stated he knew Georgina, though she didn't know him. Information received from [redacted] was that [redacted] did actually know him.

It was concerning that Georgina left [redacted] in the males company and returned to the unit saying she felt uncomfortable in his presence. Georgina at this point had still not mentioned they had been at [redacted] Georgina had previously made sexual allegation against [redacted] and other males in her family circle. Georgina however has absconded and put herself back into risk situation with her family and associates. There was some concern that Georgina may have been involved in grooming [redacted] for these associates?

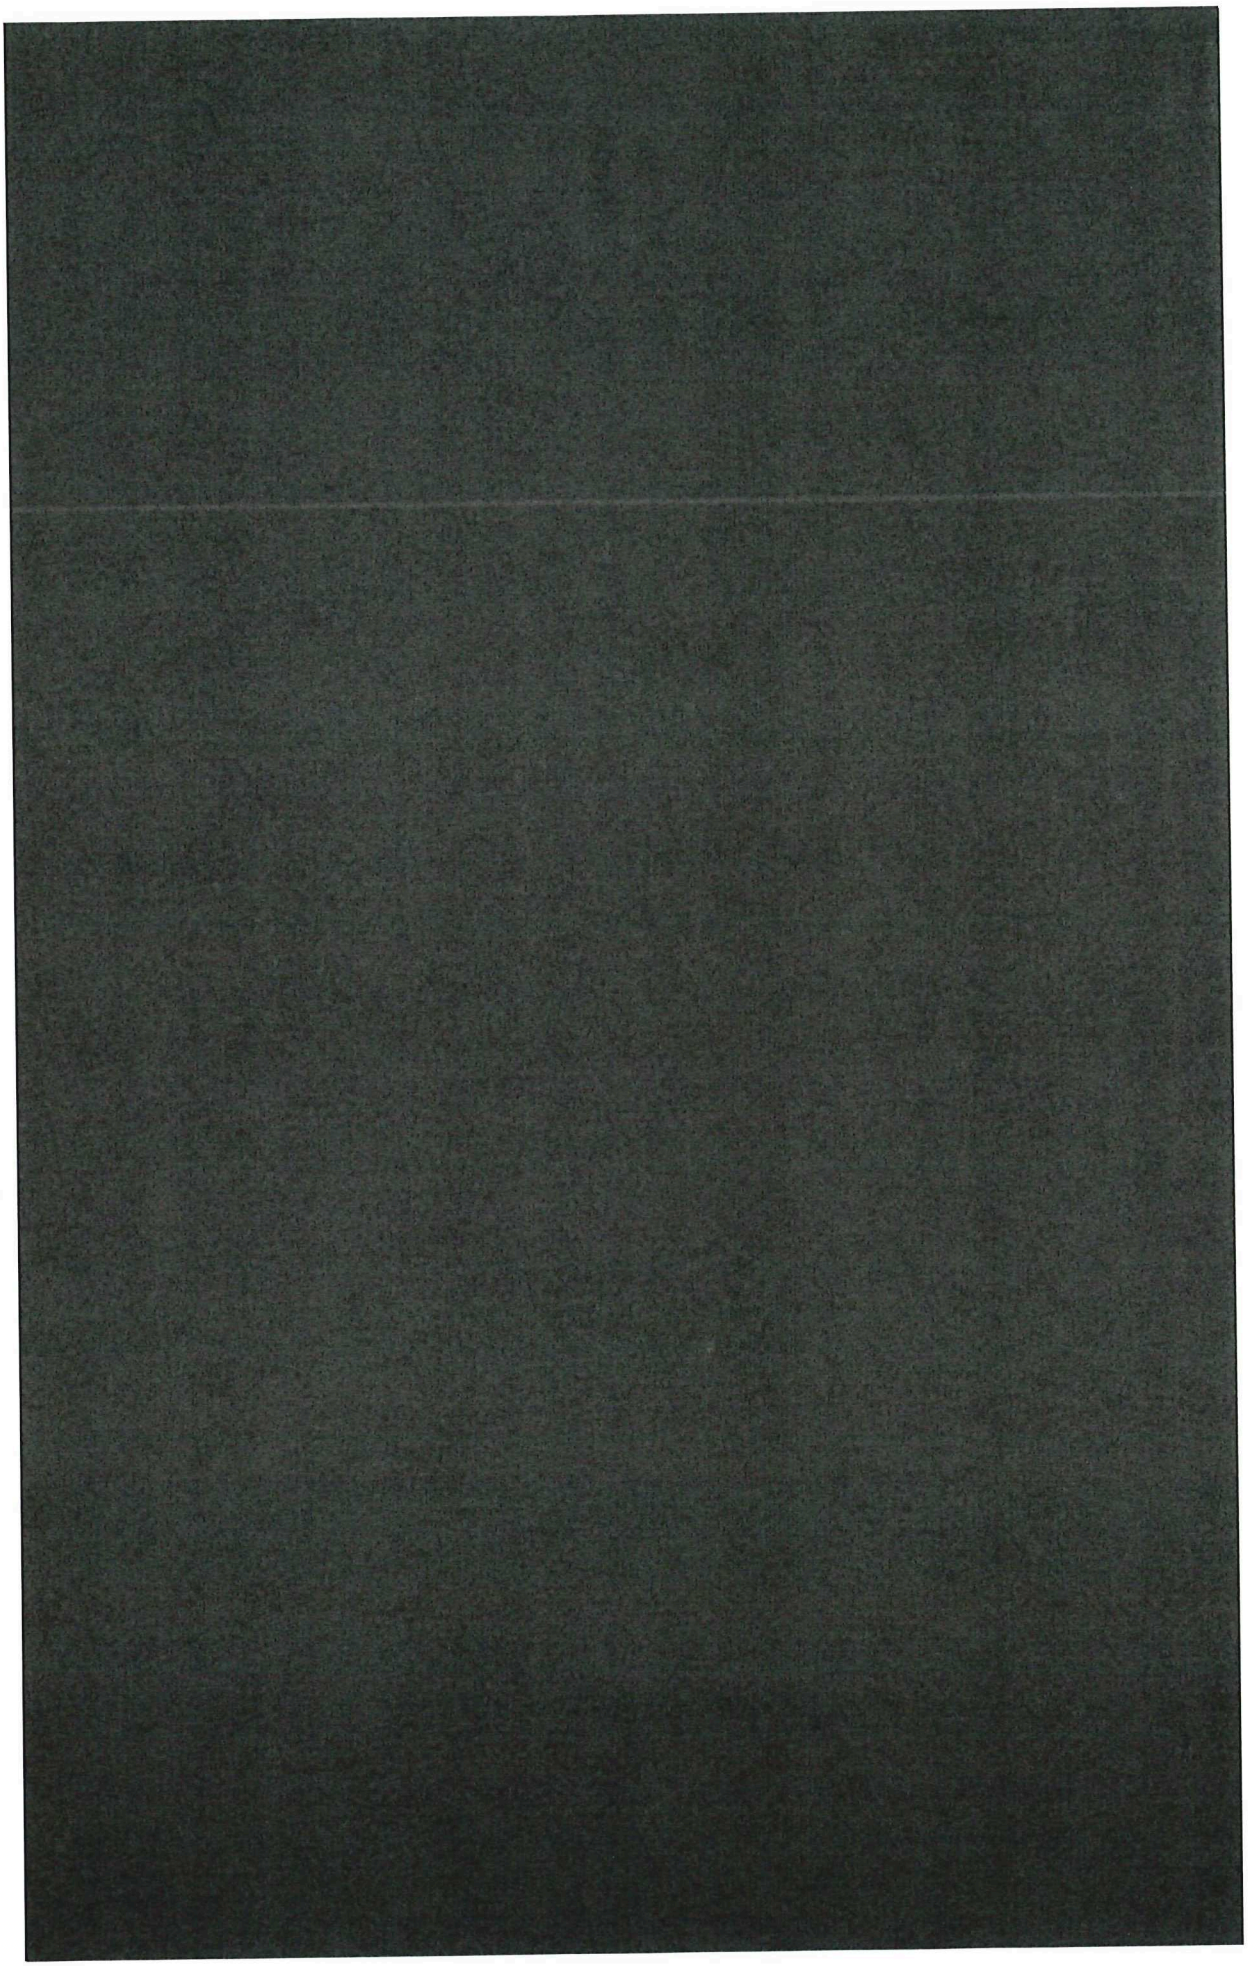
[redacted] is currently receiving specialised input to address her sexual and risk behaviour – given [redacted] istory, it could not be assumed she had been set up by Georgina, as she had put herself in high risk situation before.

Georgina's contact with mother [redacted] s still to go ahead. [redacted] will be asked to bring some proof of where she is residing as she has been stating she is still residing at the hostel in Glasgow when this is not the case. [redacted] may also be using the surname of Smith or Stevenston at the current time.

The meeting focused on how best to ensure the safety of Georgina and others given the number of allegations Georgina has made and the risk posed by her association with [redacted] and however else is within the house.

Decisions:

1) To have an early LAC review called to discuss safety issues further.
2) Georgina meanwhile to be under high observation and limited movements outwith unit equivalent to a Place of Safety.
3) Georgina not to attend the Caley Centre.
4) Attendance at Motor Project to be reviewed, possibly halted due to risk assessment – if supervision levels cannot ensure safety for others.
   To continue to try and secure placement at Rathbone.
5) Risk Assessment within unit to ensure males are not lone working with Georgina.



G. McMullon.
DCB - 4/12/91
21/8/07 - 11/3/13

Why pathways?

Pathways is designed to help you start thinking about what you are doing just now and what you would like to be doing in the future. It will help you think about your hopes for the future and how to make these hopes a reality.

Just because you are starting work on this, it does not mean that you will have to move on from where you are living straight away. Part of the reason for doing this is to make sure that you move on at the best time for you and have the support you need.

As you think about moving on towards more independent living you will almost certainly need some help along the way. Local authorities have a responsibility to find out what needs you have so that you can be put in touch with the right people and get all the help you are entitled to.

Having an idea about what you want to do and a plan of how to get there is important in achieving the most from your life. **Pathways** will help you to do this.

Introductory sections

Before getting into the main part of **Pathways** there are a few introductory sections.

The **initial agreement** is to be completed by you and your Pathways Co-ordinator. This sets out the timescale for completing Pathways and who else you might want to involve in the process.

The **background information** section contains all sorts of useful information about your life so far and has space for keeping useful contact details.

In **other information and achievements** you can keep copies of any reports, certificates, papers, etc.

The **hopes for the future** section is an opportunity for you to think generally about what you want your life to be like. You may want to fill this in at the start or you may want to return to it after completing some of the other modules.

Continued >

The Pathways sections

Pathways is divided into seven modules. Each module looks at a particular area of your life and helps you think about what things are going well, what things you are concerned about and any action that needs to be taken. The seven modules are:

- Lifestyle
- Family & Friends
- Health & Well-being
- Learning & Work
- Where I live
- Money
- Rights & Legal Issues

Why pathways?

These are in no particular order and it is up to you which module you want to start with.

For each module there are 3 sections:

- My Pathway Views
- Pathway Assessment
- Pathway Plan

My Pathway Views

This is your chance to say what you want about your life. In each module there is a front page where you can note down any thoughts you may have. If you would like to explore any of the issues further you can continue with the rest of the section.

You can complete these forms on your own or you may want to get help from a relevant person eg. worker, family member, friend, carer. For some modules you may find it useful to get help from somebody else who knows about that area eg. your careers adviser or teacher could help with 'Learning and Work', a housing officer could help with 'Where I live'.

You don't have to answer every question and if you would rather do a different exercise you can add that to the folder. In some sections you may have lots to say - in others you may want to skip through it.

Feel free to add in any other information you think is relevant. If you think that you have already answered similar questions for another agency you could include any papers in the folder as well.

The reason for answering these questions is to give you a chance to say what sort of needs you have. Your answers will be used to write your 'assessment'. The co-ordinator may also speak to other people who know you to get a fuller picture of your needs.

No-one else (apart from those responsible for your Pathway Assessment) needs to see what you have written in the My Pathways Views section unless you want them to. The local authority is not allowed to pass on a copy of My Pathway Views to any other person unless you specifically give them permission to do so.

If there are concerns about your safety or the safety of others, the local authority may decide to share certain pieces of information as is necessary.

Pathway Assessment and Plan

The local authority is responsible for writing down what kind of needs you have and this document is called the Pathway Assessment. The Pathway Assessment should be a clear statement of how you are doing just now, where you want to get to and the kind of support you will need. You can also write down what you think your needs may be and if you disagree with the local authority you should make sure that this is written down as well.

Once your Pathway Assessment has been completed, this information will be used to complete your Pathway Plan. The plan will set out what is going to happen, by when, and who is responsible for taking any action.

Why pathways?

Consent for Pathway Assessment and Plan

There may be times when it is helpful to share information in the assessment and planning sections with other people or agencies. The reasons for passing on the information are:

- to help make sure that you receive the support from particular services
- so that you don't have to answer the same questions again in a different setting

At the end of each assessment and planning summary page you will be asked whether you give your permission (your consent) for the information to be passed on to other agencies or people. If there is a need to pass on information to anybody *not* listed on the summary pages, the local authority should make every effort to contact you to make sure you agree. At any time you can ask to change your consent, if you feel this is necessary. If there is a serious concern about the safety of you or others, then the local authority may have to pass on certain information for protection reasons.

Initial agreement

Name: George McMillan

It was agreed on: Dec '07 *(date)* that I will start working through **Pathways**

A Pathway Assessment and Plan will be completed by end Jan '08 *(date)*

To be completed by Pathways Co-ordinator:

[redacted] *(name)*

[redacted] *(job title)*

[redacted] *(organisation)*

My Pathways Co-ordinator will make sure that pathways is completed and that we regularly see how things are going.

Their contact details are: [redacted]

Address: 41/43 Kemmer Rd Saltcoats KA21 5QG

Hopes for the Future

Name: .....Georgie.....

In this section you can take a broad look at your hopes for the future and take some time to reflect on your experiences so far. You can think about what your goals are and what can help you to achieve them. At various points you may want to refer to other sections in **pathways** and then come back to this section.

Which phrase(s) best describe how you see your future? *(tick all that apply)*

- [x] *I'm really looking forward to it*
- [ ] *I've got a few worries*
- [x] *Things are going to work out well*
- [ ] *If I work on things I'm going to get there*
- [ ] *I haven't thought about it too much*
- [ ] *I'll just have to see what happens*
- [ ] *Things are going to be awful*
- [ ] *If I get some help, things will be fine*
- [ ] *I'm not looking forward to the future*
- [ ] *I don't know*

Are there other words that better describe how you feel about your future? NO.

[redacted]

What are you most looking forward to about the future?

getting my own house.

Have you any concerns about the future? NO.

Hopes for the Future

Think about some things for the future... such as: what job or studies you would like to be doing, where you would like to live, who you would be living with, your health, your lifestyle, leisure etc.

You could consider these to be your ***goals***.

What would you like your life to be like...

...in the near future (in a few months time)? getting my own house on a furnished Department

...in the longer term (e.g. in a couple of years time)?

getting my house.

It can be really helpful to break down your goals into smaller steps.

What steps could you take to get closer to your goals?

moving out off Harley Place childrens unit

my pathway views - health & well-being

Name: Georgina mcmillan

Think about your health and well-being.

- What do you feel good about?
- What are you concerned about?
- Is there any kind of support you may need?

General health

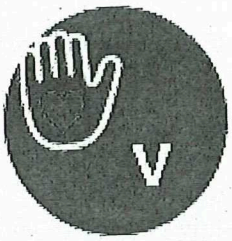
Health services

Emotional well-being & mental health

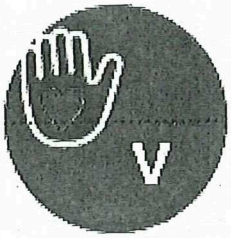
Healthy lifestyle

Medical conditions or disabilities

IF YOU WOULD LIKE TO EXPLORE SOME THINGS FURTHER, YOU CAN CONTINUE WITH THE REST OF THIS SECTION.



Any other comments



Name: .....
