SUBJECT ENGLISH

NAME SHARON CAIRNS

PERSONAL COMMENT I feel that I don't need
any more encouragement, than I'm
already getting. And once I start
some work I just about always
finish it, the teacher gives out
different work every day.

TEACHER COMMENT Comprehension work at Standard Grade level is
encouraging. However, Sharon needs more determination in other
aspects of the course to follow a piece of work through to an
end product. However, it must be stated that Sharon has made
remarkable progress in settling into a routine of work without
major complaint. Sharon's efforts in the school play deserve praise.
