

Dear MIMA Legal,

SUBJECT ACCESS REQUEST – General Data Protection Regulation (2016)

Regarding - Lee Gilroy, 700009150B

Please find your Subject Access Request attached which is **Partially Complete**.

We have uploaded all information currently available. Some additional records are still being processed, **Mental Health Case Note** we will provide these as soon as they are ready. I apologise in advance, there may be quite a delay on this as we require approval to release from a particularly busy consultant.

If you have any questions please contact us via the portal

There may be information you requested that we could not provide at all or in its entirety. This is because it could:

- Cause serious harm to your physical or mental health, or anyone else's. OR
- Identify another person (except members of NHS clinical staff who have treated the patient), unless that person gives their permission.

This information has been provided based upon the details you supplied in your request. If this is not the information you were looking for or you feel there is something missing, please contact me using the details at the top of the page. If you can provide a list of your specific issues we will be best able to assist you

Please be aware that the records/files are only available to view and download for 30 days after completion date

If you have requested radiology images, please find below a link to a free downloadable Dicom viewer and the Dicom Viewer User Guide to help enable you to view your images after downloading the files:
