REFLECTIVE ACCOUNT of discussion held. Summarise issues discussed, including those raised by young person. Record any key information, e.g. plans made, goals set, advice given, support offered.

Writer opened the discussion by helping Jordan
identify his room and speaking about the ready for
Jordan to keep his room tidy. During the
course of session writer found a lighter which
led us on to speaking about the dangers of

Smoking and the effects this would have on
Jordan's football. We then went on to talk about
Jordan's leave with Jordan asking if it would be
possible for him to go to his Aunt's in Truro
for a holiday. I informed Jordan that I would have
to speak to his Aunt, his Mum, and the Social worker
to gauge how they would feel about this. But, at
this stage I could see no problem with this
however I would do my best. But could make no
promises. However if this was to go ahead it would
be behaviour dependent and his motivations which
can be on occasions negative with some other
ygs should and would have to improve. Jordan
agreed that he would try his best. The session
ended at this point.
