REFLECTIVE ACCOUNT OF DISCUSSION AT KEYTIME SESSION

The Session began with writer discussing the C.O.B. Skills Course which Jordan is currently undertaking with the Social education team and a full exploration of what would be happening on this course. We then moved on to his Smoking habits and it was agreed that he would attempt to stop. A long conversation then took place about his behavior in education and the need for him not to just walk out of class. Jordan stated that this was because he did not like the class he was in. Writer explained that I was aware of this and that I had spoken to Pauline about it and that she was looking into it. Jordan again brought up his current leave plan and the issues surrounding it. He is not happy at only getting 4 hours visit's. Writer again explained the reasons behind this. At this point the session came to an end.
