Date of Incident	Time of Incident
16/1/08	5.15pm approx.

Exact Location of Incident

Corridor by back door, North Unit

Who was involved in the Incident?

Member(s) of Staff	Young Person
Chris McLellan Mich McLaughlin Nikki Ross	Jordan McCourt
	Young Person's Unit
	North

Can you identify factors that may have caused the Young Person to become agitated (Carry In, Carry Over or Tune In)?

Jordan had just returned from a very successful week long trip to America. Unbeknown to him, several issues arose while he had been away, with himself being implicated. He was challenged over these upon return.

Can you identify specific triggers for the escalating behaviour?

Jordan was due to go on supervised leave to his Mums, and was impatient to leave, despite staff assurances he was to be heading out soon.

Which de-escalation strategies or techniques were used?

Primary Intervention Strategies		Secondary Intervention Strategies - Verbal	
Keep to Routines	✓	Volume, Tone, Rate of Speech	
Positive Engagement		Timing on Crisis Curve	
Differential Reinforcement		Active Listening	
Positive Correction	✓	Genuine Expression of Concern	✓
Secondary Intervention Strategies – Non Verbal		Positive Problem Solving	✓
Planned Ignoring		Notes	
Signals			
Proximity Prompt			
Touch Prompt			

Why was the decision to implement a physical assist taken?

Jordan becoming increasingly agitated, looking to leave the unit and abscond if staff would not jump to his command.

PHYSICAL ASSISTS

Please tick all assists & transitions used

Single Person Standing Assists		Multiple Person Standing Assists	
Extended Arm Assist		Extended Arm Assist	
Crossed Arm Assist		Crossed Arm Assist	
Cradle Assist		Upper Torso Assist	
Upper Torso Assist			

FLOOR ASSISTS: ELEVATED RISK

Why was it necessary to move to a floor assist?

Jordan was becoming increasingly agitated and aggressive with it, placing arms as staff attempted to stop him from leaving the unit.

Which technique was used to move to a floor position?

Cradle Assist to Floor		If Other, explain how & why the movement to the floor was achieved:
Upper Torso assist to Floor		Child not present at Take down
Hook Transport Assist to Floor		
Other	✓	

Single Person Seated / Kneeling Assists		Multiple Person Seated / Kneeling Assists
