She is presently staying with her sister but is getting her own tenancy on Frid at 0/1 38 Shuna St, 3 apartment flat. She recently discovered she was pregnant and enquired about a termination but she is now 4 months pregnant and it is too late for a termination. Her daughter is enrolled at Ruchill P/S abd is having problems settling. Mena applied for a Community Care grant but was refused this and was given #500 crisis loan instead. Advised her to appeal and go to the MRU. She also stated that her new tenancy is in a state and the repairs are being carried out on Frid, explained to her that once the repairs have been completed and she is not satisfied with the job i.e. rubble and old gas heated left in the flat, she should contact them again. If she needs further support she should make another duty appointment.
