The above three children were referred to in a report submitted by Miss J. Mallon, Social Worker, from this office in July 1979 following a request from your Department for such a report, the request dated 14th June 1979, Your Ref: LG/SOC/359-JWG/HC. The report was submitted in terms of the context of the children being in care at that time, under Section 15 of the Social Work (Scotland) Act, two of the children being in a Children's Home and [redacted]. The recommendation of the Social Work Department at that time was that custody should be granted to the mother of the children, Mrs. Moira Mooney, c/o Tait, 14 Glebe Crescent, Douglas, [redacted].

Changes have now taken place in [redacted] John Morton Sneddon Mooney were discharged from the care of the Social Work Department into the care of their natural mother, Mrs. Moira Mooney, c/o Tait, 14 Glebe Crescent, Douglas, in January 1980. The two children have resided with their mother at that address since that time under the close, but informal, Supervision of Miss Mallon. The arrangements being made for the children are satisfactory and it would now be our recommendation that Mrs. Moira Mooney be granted custody of the said two children.

I hope that the information provided will answer some of the questions which have arisen concerning this family. Please contact me if you require any further information.
