Dear MMA Legal

Subject: Update on Your Health Record Access Request

Thank you for your Subject Access Request that we have recently received.

Under the UK GDPR, we are required to respond to your request within one month.

However, Article 12(3) allows us to extend this period by up to two further months where a request is complex or where multiple requests have been made.

After reviewing your request, we have determined that an extension is necessary because:

- The request covers a large volume of data across multiple systems

Your new response deadline is: 29/07/2026

We will continue to process your request without undue delay and will provide the information as soon as it is ready.

Thank you for your understanding and patience.

Kind regards,

Mr R H Bryden

Head of Health Records Services
