Billy returned from school in good humor. Billy interacted well with staff and other YPS during tea, chatting away well. After tea Billy settled in the lounge to watch TV, however Billy was soon asleep. Once Billy woke up he played on the computer for a while. April

- Another YP arrived home in an argumentative mood, initially Billy ignored this situation however he was drawn into joining in by ignoring staff requests to stop laughing and highlighting the problem. Billy left the unit with RM's DH. He was informed all 3 YPS would be brought back in individually as their behaviour together could become unmanageable. Billy remarked "you're not letting me in" again he was reminded he would be brought back in unless the situation calmed down.
