and my neck. Then I dragged
me. I was so scared. I took me
to this cupboard that had no

told me to stay there. I will also
remember the big bunch of keys
that I had. I had a round key. I was

I was frightened to go to the toilet

by myself because it was very cold
dark and cold with concrete stairs

When the nuns came in later and

^{that} found ~~at~~ I had peed the bed the

nun grabbed me by my shoulder

and hurt my neck then dragged

me along a corridor took me

to this cupboard that had no

windows or lights just a bed and

told me to stay there I will also

remember the big bunch of keys

that she had round her waist

and always when I was in there

when it was bath time you shared

a bath with 4 or 5 people in it

when the nuns washed your hair

they would put your head under

the water felt like they were

drowning you. they also used
the same towel on everyone then
if it was not your turn to have

which I never ate so in the morning
when I came down to get my breakfast
they gave me the same plate with
liver on it. I still didn't eat it so I
didn't get anything to eat. When I
went to class I couldn't read or write
and the teacher would hit ~~me~~ on
the back of my hand with a ruler.
Sometimes it was swollen because the

balance and fell. I remember of
when it was time to night a letter and
some the nurses would bring it and
I would and told us to copy it saying
they were nice and we liked it

at the home the kids that were
having visits that day were taken
