

# Sectra IEP      Viewing Images Received in a Package

## Disclaimer

The images included in the downloaded package can be opened and viewed using third-party DICOM viewers. A list of example viewers is provided below for your convenience.

Please note that Sectra assumes no responsibility for the functionality, security, or safety of these third-party viewers. Additionally, Sectra does not guarantee the accuracy, reliability, or completeness of any information displayed by the viewers, nor does it accept liability for any errors or issues within the viewers themselves.

If you intend to use the images for diagnostic purposes, it is your responsibility to ensure that the viewer you use is specifically designed, tested, and approved for diagnostic use in accordance with the relevant laws and regulations in your jurisdiction.

## Examples of free 3<sup>rd</sup> Party Dicom Viewers

1. Weasis: <https://weasis.org/en/getting-started/download-dicom-viewer/index.html> - For Windows and MAC
2. 3D Slicer: <https://download.slicer.org> – For Windows and MAC
3. Bee: This can be found in the APP Store by searching for Bee DICOM Viewer – For MAC only
